ONCE AGAIN.

everyday activities

Last year was a puzzle, with all the pieces finally falling into place. There were so many new things, new faces, and new people. We didn't know what to expect. This year as the doors opened at B.H.S., all the changes of last year seemed somewhat routine. Although we all had a feeling of excitement, intrigue, and mystery about the new year, it all seemed to be somewhat of an Encore. **The Encore of 82.**

As each new school day opens, there are many things that we do that aren't so new. There are our everyday activities. Whether it be sitting in the quad at noon, hanging out with the gang, or sharing that special moment with that special someone, Pigging out, catching up on the latest gossip these are all everyday activities.

Many of these colorful and fun-filled activities were based in the world famous quad. The quad served as a perfect gathering place for people from all walks of life. The quad served as the disneyland of B.H.S.

Somedays the quad was transformed into The Magic Island, where all the cheerleaders, mascots, and song-girls would provide that special magic touch to our activities and sprinkle joy and laughter everywhere.

The quad was also known as a Lover's Lane where those "activities" turned into earth shaking and heart moving events that molded our lives and made going to lunch in the quad so much more romantic.

And on those rare occassions the quad was transformed into Mystery Island, where none of us knew what to expect next. All in all the activities we did so many times were just another performance to the greatest performance on earth. A performance so great it will be called for an Encore, **The Ecore of 82.**

ONE MORE TIME . . .

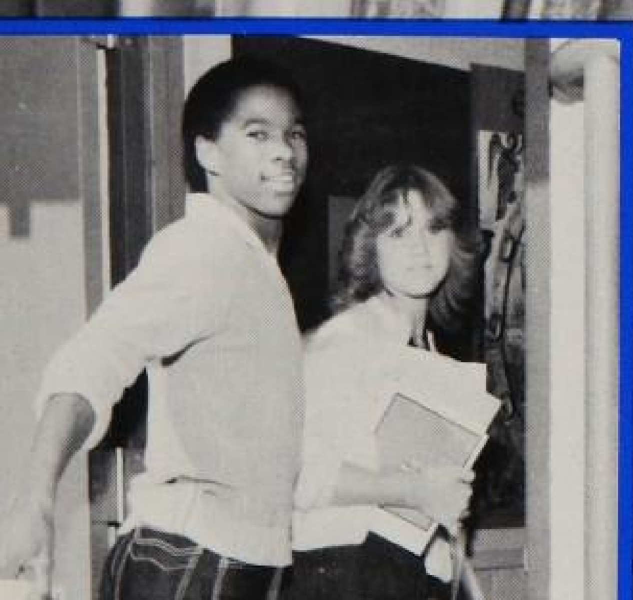

things we like to do

Year by year, the people change but the things we do don't. Whether we're eating in the cafeteria, talking in the quad, or reading in the library, our **habits seldom change.** Those of us with cars, or at least friends with cars, can be found at Short Stop during lunch, and those without transportation have to stick it out on campus, which is not so bad if you can find some fun.

The quad and cafeteria, the biggest places to gather, are places to find scattered conversation and games. The freshman are bewildered at first, but they catch on quickly, talking in their groups, playing games in the halls, getting the most out of school possible.

Clubs! Sports! Band! Almost everybody has something to do. Extra curricular activities are a large part of the school system. Everybody is encouraged to participate one way or another, and almost everyone does. Besides school activities, we all like to party. **There's nothing better** than a Friday night spent with your friends.

OCTOBER 9, 1981

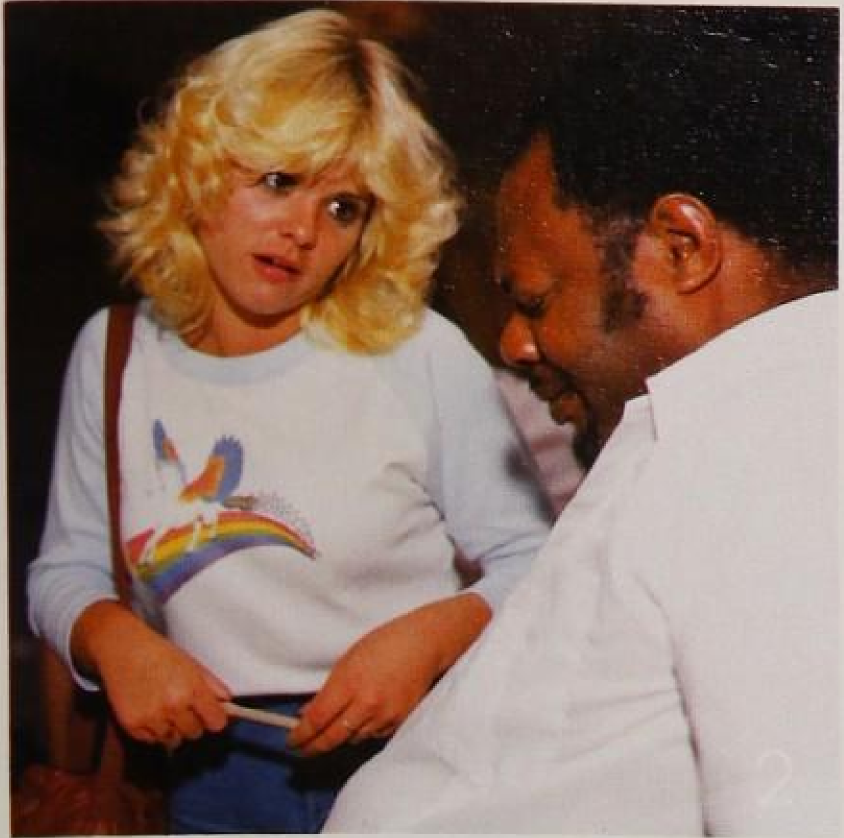

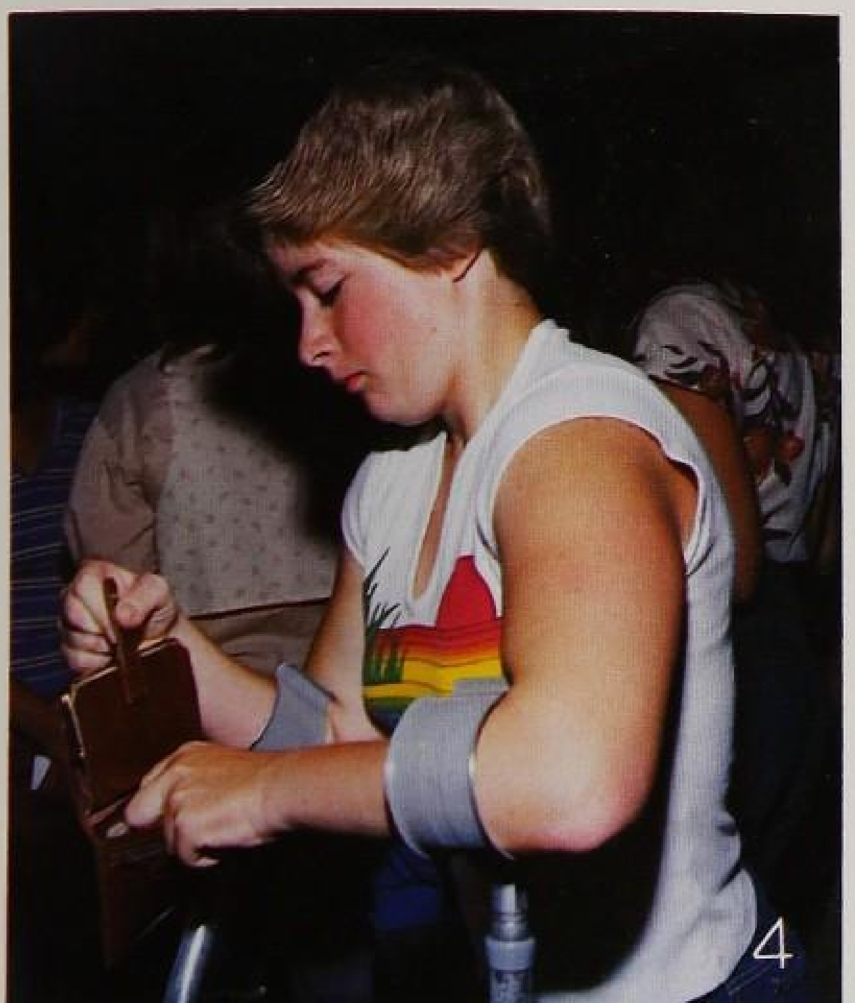

THE CROWD RETURNS FOR ANOTHER PERFORMANCE

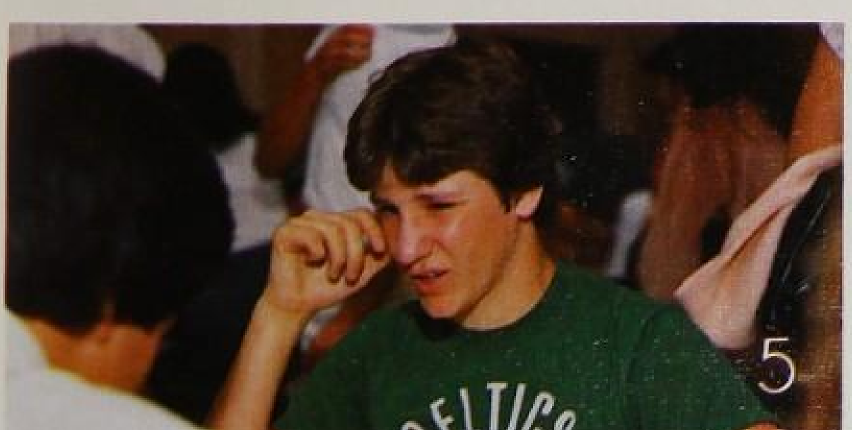

. . .the year begins

After an exciting, but short summer, the cafeteria was filled once again with new and old faces. Here we were again, the B.H.S. student body. For the seniors this was the beginning of the end of their high school days. For the rest of us, it was one step closer to our senior year.

First came the seniors at 8:30 in the morning. For them things seemed to go pretty well. As the day progressed the juniors, sophomores and freshman came. Then things weren't so smooth. Classes began to fill, things became hectic, and frowning faces could be seen. Some had to rearrange their entire schedule. The students, all decked out in their summer fashions, couldn't believe that this sun-filled day was the beginning of another school year. The atmosphere was bright and cheerful. Everyone gathered in the quad, the heart of B.H.S., visiting with friends, and reclaiming old hangouts. The freshman shyly gathered in little groups by the lockers, perhaps not as bold as the upperclassmen. Though it was required that the students show up for arena scheduling and it was considered the first day of school, it didn't seem like it. All a student had to do was reserve a space in each of their classes, and then they could go home. Most students found themselves staying at school even after this was done. They wanted to catch up on all the latest with their friends whom they hadn't seen all summer. All in all it was an exciting and fun filled day—A beginning for the 1981-82 year. It was a day that will be repeated year after year.

WELCOME

audience additions

Returning for **a second encore,** the big brothers and big sisters welcomed all new students to Benicia High. The organization was headed by Mr. Kelly, Mr. Perullo, and Mrs. Murphy and consisted of volunteer upperclassmen. These classmen chose four to seven new students, who they were to contact, answer their questions, show them around the school, and generally make them feel at home in their new school.

The big brothers and big sisters contacted their new students during the summer and informed them of school functions and arena scheduling times. The first day of school arrived and the new transfer students and freshman gathered in the cafeteria after scheduling for classes. Here they were personally introduced to their big brother or big sister who gave them a short tour of the school and introduced them to teachers. They returned shortly, more content and less confused, to the cafeteria where they ate hot dogs and mingled with other B.H.S. students. Door prizes were given out to add to the fun. "It was a lot of work, but as long as I could help even one new student adjust to their new school, it was worth it," said Mrs. Murphy. According to the new students, this years big brothers and big sisters made them feel a part of B.H.S. from the first day of school through the entire year.

In this group of faces not just one person arose as a star, but they were all stars, stars for the whole world to see. As the curtain rose and the faces were shown, they were people we had seen everyday. There was Joe Jock, Cathy Cheerleader, Mr. Popular, and Average Joe. They were all there adding their faces to the performance. For at this performance there were no superior beings they were all one, all of the

As the show progressed the faces all blended together, yet they were still individuals, all having their own habits, their own characteristics and their own feelings. As all great performances go, an encore was called and it was called in the year Nineteen Hundred and Eighty-two. And it was the Encore to end all Encores. It was the **Encore of 82.**

CAMPUS

PRIDE

update . . .

Campus pride, a project constructed to bring our school together, not only in spirit but in appearance, was very successful this year.

Students, in years past, became lenient about getting to class on time and also cleaning up after themselves. Now there is a reward if students do get to class on time and if they do clean up after themselves.

The Campus Pride Committee was set up to evaluate the campus in order to judge the progress or decline in our school atmosphere. The Campus Pride Committee for 1981 was: **Mr. Felt, advisor, Rowland Flores, James Gleaves, Colin Larkin, Cheri Bailey, Donna Burns, Philip Olson, Maria Solis, Colleen Brooks, Stacy Sadler** and **Lillian Jacobsen.**

If the committee elected to give us a Campus pride day it was designated for the Friday following the evaluation and consisted of five minutes cut off of each class and an hour long lunch period, which usually was spent out to lunch.

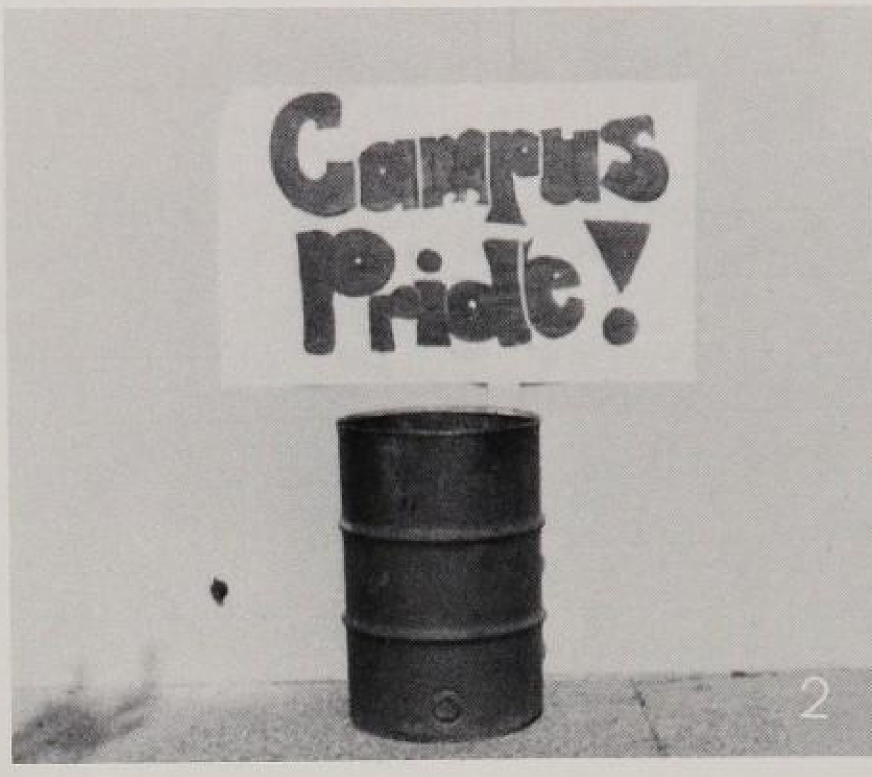

Even though we didn't receive a "Day" every Friday the atmosphere did continually progress.

The following quotes are from a few of the Campus Pride Committee members:

Mr. Felt: **"Campus pride was developed to instill a more positive feeling with people at B.H.S. People need more positive reinforcement for positive behavior. We've got great people here and they deserve recognition even if its only an extra half of an hour for lunch. Benicia High School is a great place to go to school and teach and this program has helped make it a tiny bit better. It has been very much worth it".**

Roland Flores: **"It has been good for the campus and helped the students a lot".**

Colleen Brooks: **"I think that the students have been working harder for a longer lunch. I think that campus pride has worked".**

Benicia was founded in May, 1847. The city of Benicia was named in honor of the wife of General, Mariano Guadaloupe Vallejo, a founder. Two other founders were Robert Semple and Thomas O'Larkin. Benicia progressed tremendously in it's first year.

During 1847, the first twenty houses were built. Then Robert Semple constructed a ferry service which crossed between the Carquin[illegible] Contra Costa. OUR TOWN

our school

Within the last year, **our school has gone through many changes.** Not only has it grown in size, but a lot of the students are showing more pride in their school.

This year our school has finished three major additions. One completion is the performing arts building. This building is an important asset to the school. It provides us with rooms for plays, classes, and musical entertainment. Another addition is the portables located in the northwest part of school. This provides adequate space for the science department. Our final addition to the school is the kitchen preparation department. This is used for supplying the entire school district with lunches.

THE

Not only has the school grown in size, but also in population. We have many new students enrolled from the United States and foreign countries. Having different nationalities at B.H.S. gave our school a wider view of different cultures in our world today.

It is said that there is strength in numbers. Well there is also pride in numbers and that was evident on our campus pride project. It seemed the more students that flocked B.H.S., the greater the amount of pride.

"Kiss Me Kate" is the first musical to be performed on the BHS campus. The book by Sam and Bella Spewack tells the story of an acting company and its opening performance of a musical version of Shakespeare's "Taming of the Shrew". Dramatic director is Mrs. Doris Holmes.

Miss Deborah Casey directed the vocal music. **Stacy Rowland,** senior, is the choreographer. **Mr. Dalt Williams** directed the orchestra. Students in costume design and stagecraft classes have been kept busy with costumes, props, and sets.

Our one year old Performing Arts Building is now properly christened with the success of **"Kiss Me Kate"** with its acting, dancing, singing, and entertaining.

a look at 82

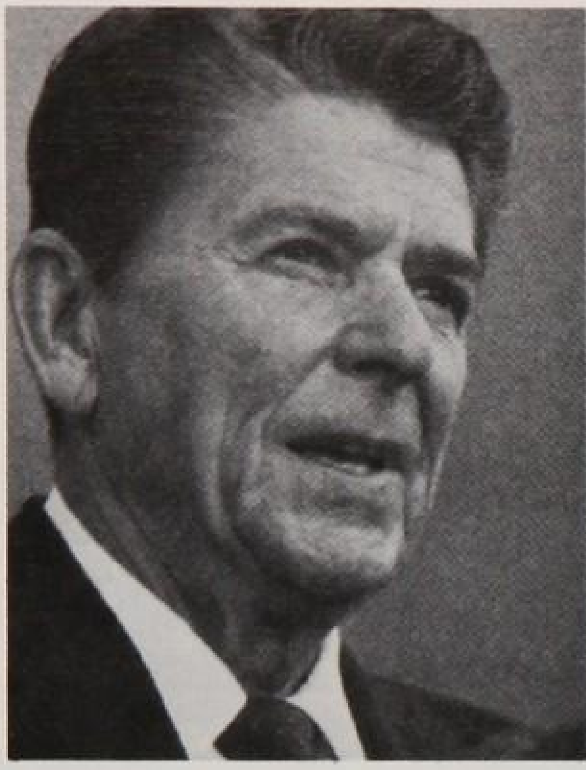

The Business Club was reactivated for the 1981-82 school year, with members **Jenny Reed** president, **Maria DiVargas** - vice president, **Jill Watson** - Treasurer, **Janice Mercer, Karen Holson, Elaine Norton, Shannon Mahaffey** - secretary, and **Debbie Vaughn. Mrs. Gloria Maher** is the Club advisor. Business Club took on the project of preparing the program for "Kiss Me Kate." Members prepared a direct mail advertising program and followed up with phone calls and personal contacts on local businesses. The club usually participates in one fund raiser during the school year and uses proceeds to take a field trip to San Francisco.

'We never promised it would be easy, and we never promised it would be quick. We can't be stampeded now by frustration or fear. We have to stay on a steady, long-term course.'

—Ronald Reagan

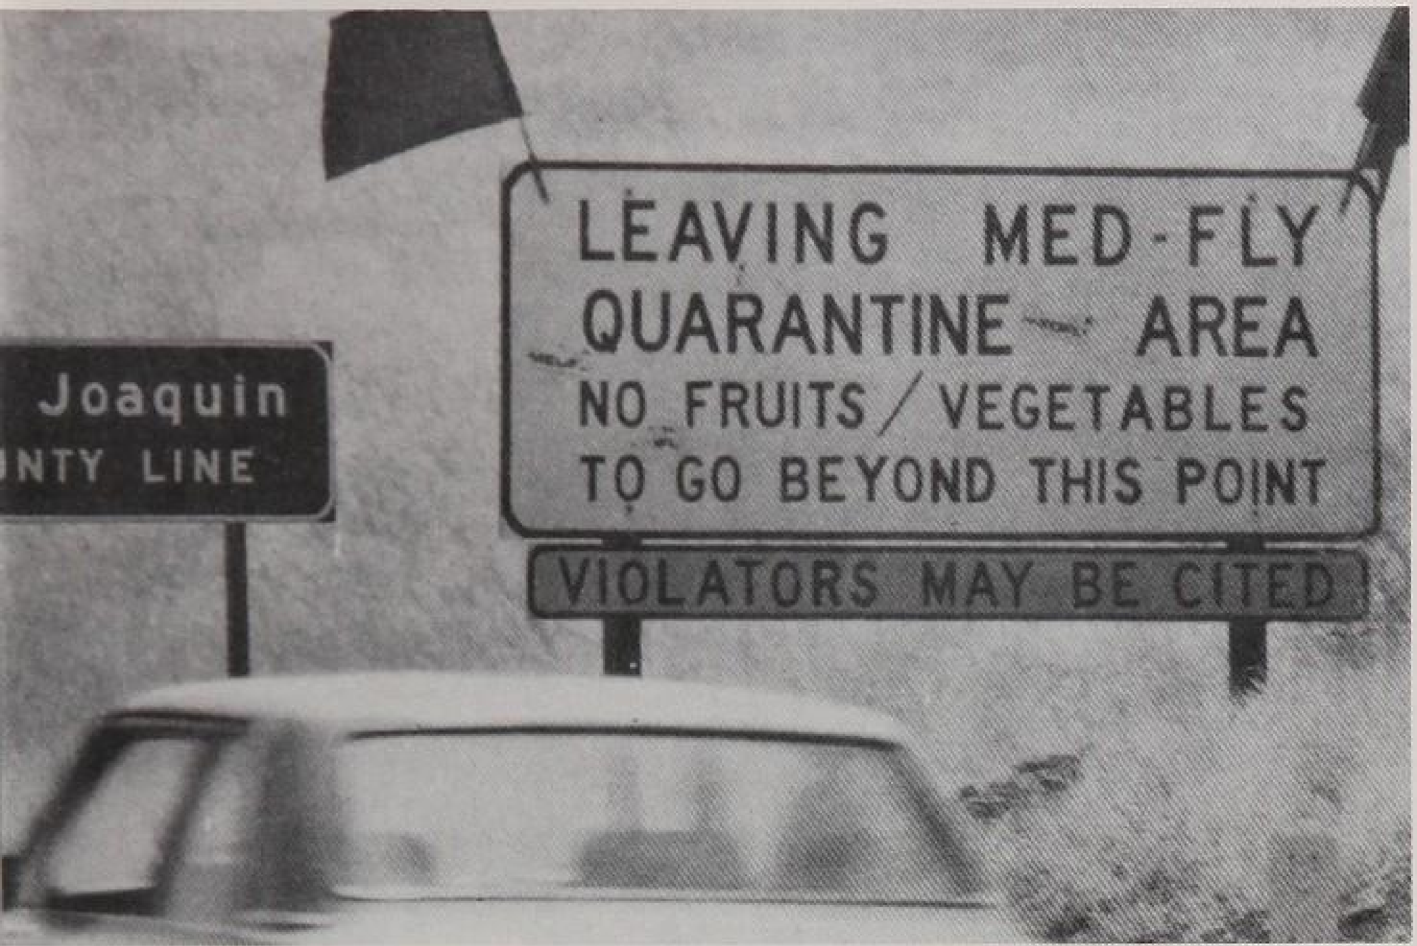

From the announcement of their engagement, through the honeymoon, **Prince Charles and Lady Diana** were the center of all media attention. It was a somewhat Cinderella-type story right through the fairytale wedding. An estimated 700 million television viewers from around the world, not to mention the 2700 guests inside the cathedral and the hundreds of thousands of people that stood outside and watched the procession and listened to Prince Charles and Lady Di say "I do".

DO YOU REMEMBER??

Nineteen-hundred-eighty-one was a year of encores. Many events were repeated once again, such as fights and assassination attempts. No sooner was **Ronald Reagan** elected president than there was an attempt on his life. John Hinckley Jr. shot at the President outside of a Washington Hotel. Reagan received a chest wound. He recovered during the following weeks. The attempt on his life shocked the world, but so did his tax cuts. The across-the-board tax cut of nearly 25% is the largest in U.S. History. It took effect on October 1, and will last until 1984.

"Slugger meets Boxer." **Thomas Hearnes** an undefeated Welterweight met **Sugar Ray Leonard** in a fight that had the highest stakes in the history of boxing. It was a close fight, but once again Sugar Ray's fast feet and "graceful artisary" won out.

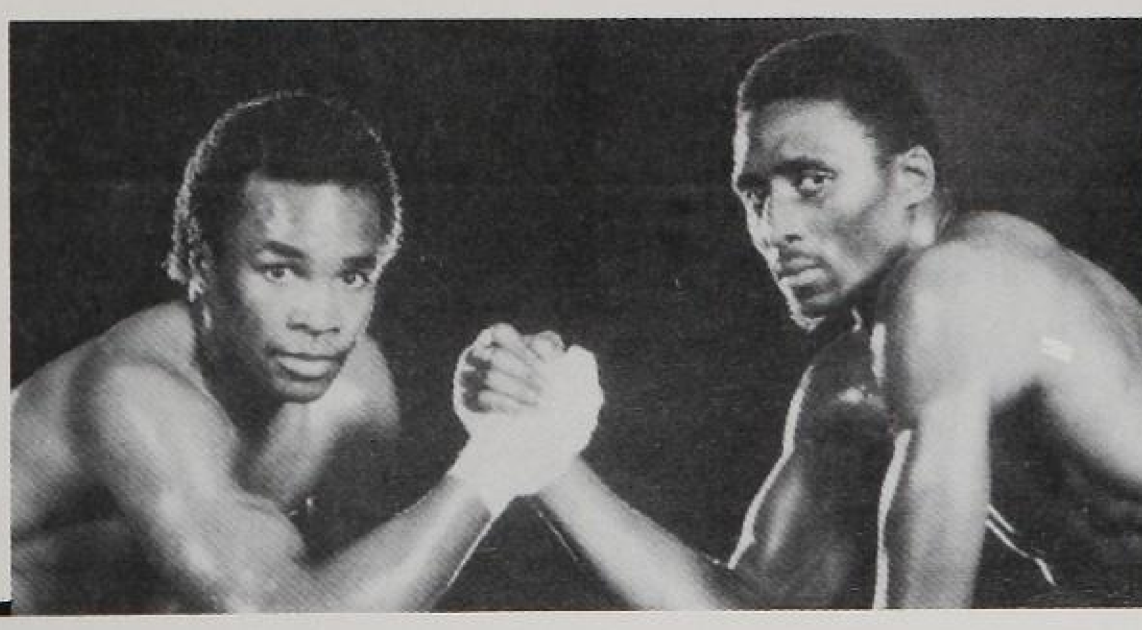

The play was the invasion of the Med-Fly and the stage was California. **The Mediterranean Fruit Fly** seemed to appear out of nowhere, destroying California fruit and vegetable crops. Fears of infestations stretched from Central California, to the shores of Japan. California fruit and vegetables weren't accepted anywhere for fear of spreading the destructive Med-Fly. It was quite a b[illegible]w to California Agriculture.

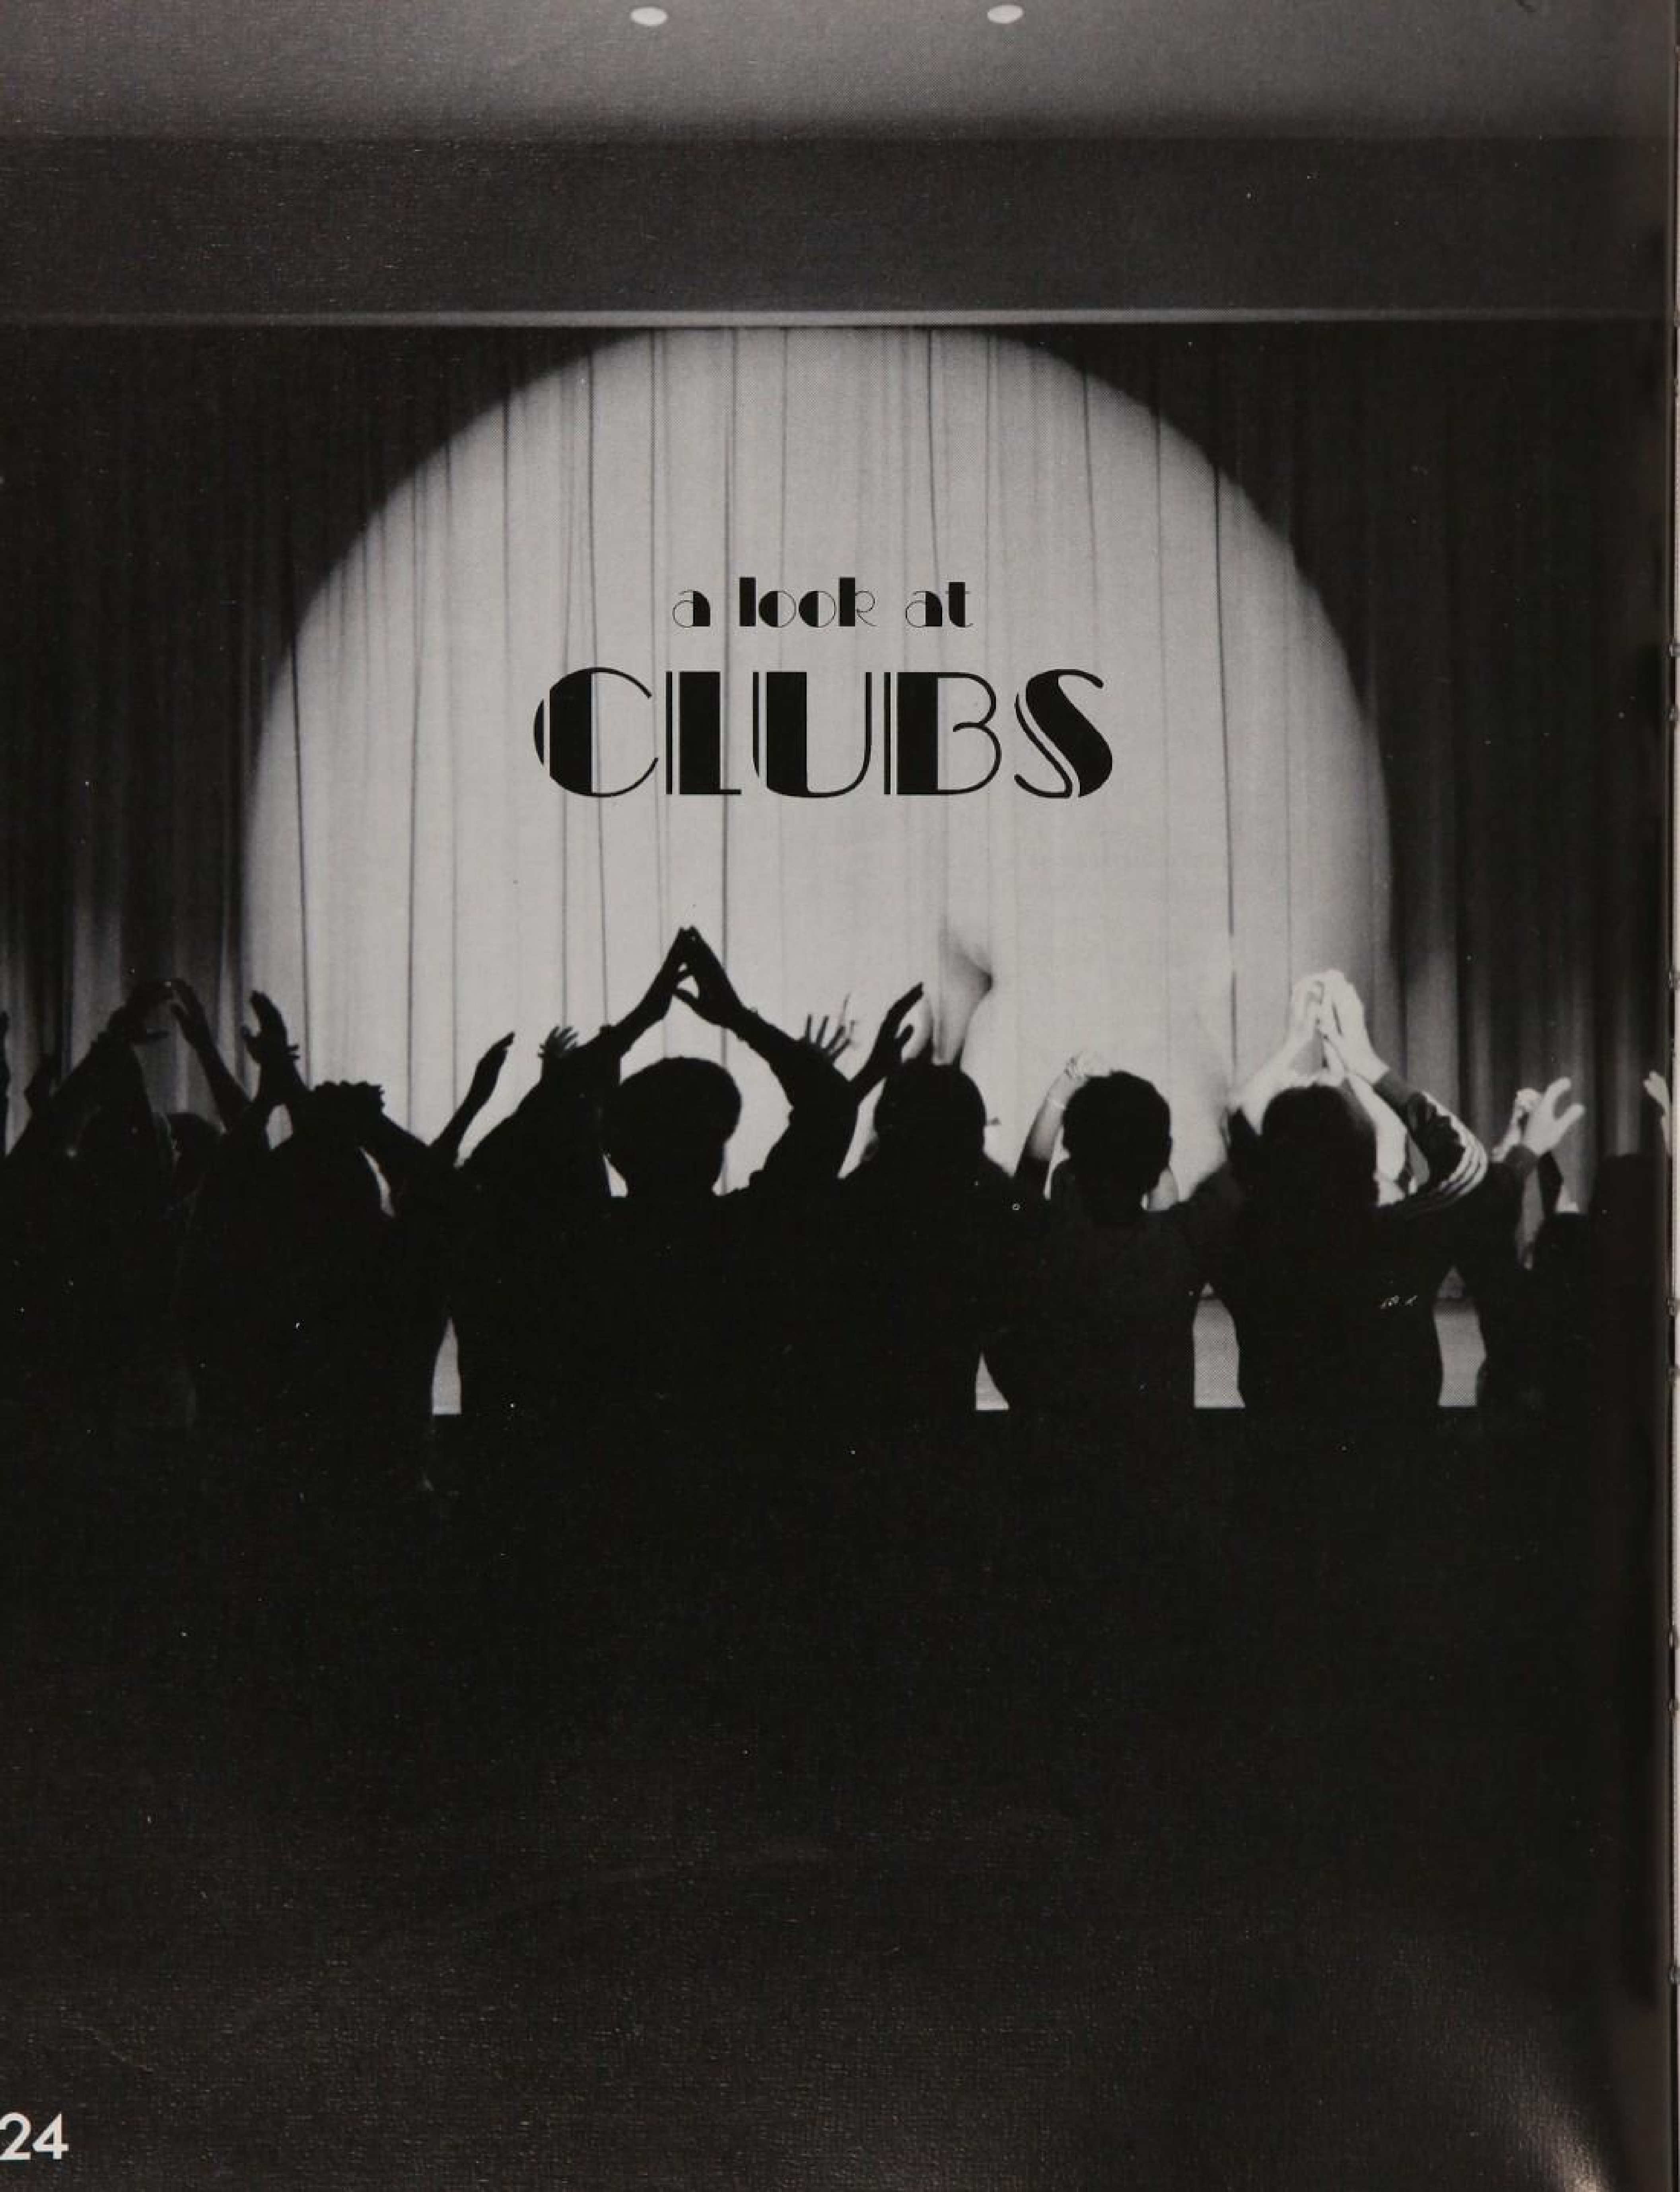

The Rolling Stones Concert was big news in the entertainment world. It was the Stones first American tour in three years. The weekend of October 17th and 18th was the time for the "Rock" out. The "in" place to be was San Francisco's Candlestick Park. Tickets sold out rapidly. By the time the week of the concert rolled around the tickets were going for as much as $100 a piece. The concert was a success. The next week Rolling Stones t-shirts could be seen all over campus.

Anwar Sadat made the news in a rather unfortunate way. He was shot and killed on October 6, 1981. Egypt was celebrating military victory day, and Sadat was shot while watching a military parade. Four men jumped down from a jeep in the parade and started firing into the stand where he was sitting. The tragedy was a great shock to all, including President Reagan who could hardly believe it to be true.

There was also an attempt on **Pope John Paul II's** life this year, not long after the attempt on Reagan. It happened in Italy as he was in a parade waving at the crowds of people who had gathered to watch. The attempted assassination shocked everyone. What was the world coming to, that someone would stoop so low as to shoot the Pope.

Prince Charles and Lady Diana were not the only couple that were watched. Luke and Laura were in the limelight also. **Anthony Geary (Luke)** and **Genie Francis (Laura)** were a hit once again this year in **"General Hospital,"** the number one Soap. Millions tuned in every afternoon, to follow Luke and Laura's love affair.

CLUBS

a look at clubs

A NEW CHALLENGE

The Ethnic Club was a new club at B.H.S. this year and it's sure to be an encore next year. It's a club for all people who were interested in different ethnic backgrounds in our world today. The club was headed by president Cheri Bailey and advisor Ms. Betty Cross adding another dimension to B.H.S. To most, it was a much needed dimension, for as B.H.S. grew in size, there became a greater mixture of students, and the need for ethnic awareness also. The club promoted awareness of different cultures represented in our school and town. They did this by holding special events like the Gospel Extravaganza last January. Many hours of planning and preparation made the event a success.

. . . And even though we are all people, we still have the need to probe and discover our "Roots"; our past, our father's past, our father's father's past, etc. For in a world that we are not sure of it's direction, we can be sure of the pathways that brought us here.

A PROUD APPLAUSE

pep club . . .

The 1981-82 Spirit was kept alive by the highly spirited Pep Club. This year not only did the club cheer loud at all the football and basketball games, but they were also involved in poster parties, meetings, skits at rallies, and fund raisers. Reneé Waage headed the Pep Club.

To show their pride, members of the Pep Club purchased T-shirts with the Pep Club on them.

While they enjoyed all the cheers, this was their favorite:

Hey all you people on the other side
We are the B.H.S.
The sound you hear is Panther Pride
We are the B.H.S.
So party up and have some fun

A NEW BEGINNING

for foreign students. . .

Students have been noticing new faces around the school. But the faces we see aren't from Benicia, they're from foreign countries. Benicia High has six new students coming from foreign countries such as London, Indoneisia, Japan, China, and even Germany. These students are Amanda Webster from London, Shierely Buana from Inoneisia, Fred and Benny Choi from China, Yachiyo Nogami from Japan, and Borris Neuman from Germany. All six students agree that they like America better than their own country, but all miss their friends a great deal. All of us at Benicia High **welcome** them and wish them the best of luck in the future.

1. Students wait impatiently for Amanda to finish her call to home.
2. Yachiyo Nogami's elementary graduating class in Japan.

Introducing:
Amanda Webster

Amanda Webster is a foreign student from London, England. She came over to the United States to visit her father and decided to stay. Amanda is 17 years old and already graduated from English high schools. Amanda said, "The normal graduating age in England is 16, that's the only thing I dislike about the American school system." After graduation, Amanda plans to go to college and pursue a career in Child Psychology. Amanda comments, "I plan on staying, but I'm going to make regular visits to my friends."

Introducing:
Borris Neuman

Borris Neuman is 15 years old and is a foreign student from Germany. Borris says he likes America better than Germany because, "I just like it!" Borris's hobbies include soccer, and driving around everywhere. Borris plans to go to college but is not sure what career he's going to go into. His immidate family lives here in Benicia, but all of his other relatives live in Germany. So far Borris and his family all enjoy living in the United States, and would like to stay.

Introducing:
Yachiyo Nogami

Yachiyo Nogami is an exchange student from Japan. She is 17 years old and planning to continue to college after high school. Yachiyo enjoys writing letters to her friends, listening to tapes, and sewing in her spare time. Yachiyo commented, "I really like the United States." Yachiyo enjoys the schooling system but says, "I want to graduate with my friends in Japan."

Introducing:
Fred Choi

Fred Choi is a foreign student from China. His hobbies include basketball, swimming, and dancing. Fred's future ambition is to attend college and become an Engineer. Fred moved to America with his family for a change of lifestyle. Fred says he likes America better than China because the weather is better and there is more money. Fred's only comment was, "I like America, but I miss my friends."

Introducing:
Shierely Buana

Shierely Buana is a foreign student from Indoneisia. Shierely is 17 years old and lives with her guardian until her father moves to Benicia. Shierely enjoys playing tennis and the organ in her spare time. Her future ambition is to become a Dentist. She likes Benicia, but likes Indoneisia a lot more. Shierely says, "I like the school system, but it was hard leaving my friends and family."

Introducing:
Benny Choi

Benny Choi is a foreign student from China. He and his family moved to the United States from China two years ago. Benny likes the United States better than China because, "In China, kids have to start working at a much earlier age." Benny's hobbies include basketball, tennis, and girls. After college Benny plans to become an Auto Mechanic, or an Engineer. Benny comments, "It's a lot different here than China!"

A JOB WELL DONE

Encores have come easily to the **Work Experience Education Program W.E.E.P..** This year, under the direction of **Mr. Ken Hagar,** over 100 students took advantage of W.E.E.P.

The program began in the 1973-74 school year when educators realized that student employment was an educational learning process.

The students in this program meet once a week to discuss such topics as: "How to get a job"; "How to keep a job"; and "How to leave a job gracefully"; among others.

These students receive a grade in this class just like all their others. Once a month students are checked up on by **Mr. Hagar** and his assistants. The students are graded on: relationship with people; attendance at work and related instruction seminars; and class work. The number of credits earned varies from student to student. However, a minimum of ninety hours is needed for five credits.

Most students agreed that it is basically "an easy five or ten credits" and most said that they had no trouble getting their homework done.

"It's easier because you can wave a class you have during the day and get an open first period. This is nice when you work late at night because you can sleep in," said W.E.E.P. student, Tish Naldoza.

W.E.E.P. is a perfect opportunity for students to earn school credits and money at the same time.

"Work Experience is a wonderful opportunity for students to explore several career areas while still remaining full time students. Students are given credit for skills learned on the job and profit from the Work Experience class dealing with real world employment problems. Probably the best factor of Work Experience is that students are paid on the job while they learn."

CHESS CLUB

The Chess Club is a place where students can relax and enjoy mind boggling games such as chess, backgammon, life, risk, and a variety of other games. The room is always open to any student who wishes to better his or her skills in the challenging games the club has to offer. A one dollar donation per student helps to contribute toward new games and the upkeep of the older ones. There are many championship chess games where students have an opportunity to win money and small game prizes. During the winter months, Mr. Switzer's room gives club members a place to keep warm and enjoy the companionship of other members of the club. The Chess Club is not only for the sophisticated student, it is for everyone to enjoy and be a part of.

math club . . .

The Math Club this year gained many new members. The fundraisers for the 1981-82 school year included bake sales, and car washes. The club together is working toward buying new computer games for the following years.

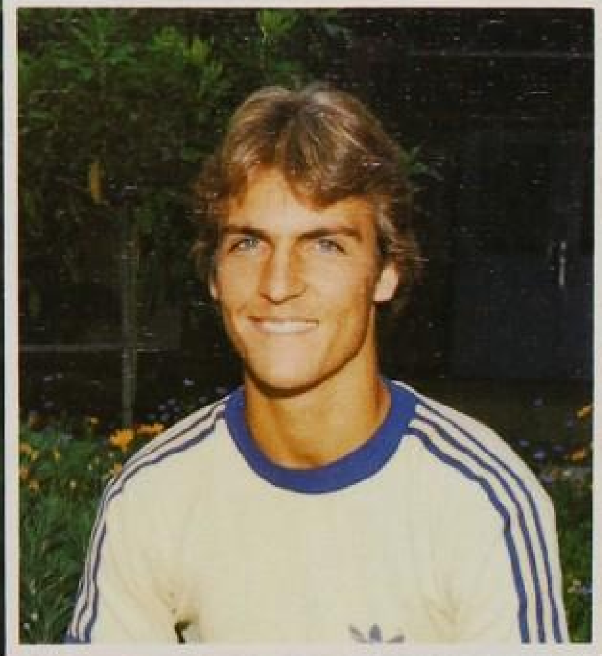

The computer employs logic and eye-hand coordination skills. It forces disciplined thinking. The students must express clear ideas and put to test his/her best ideas.

The Math Club Advisor, **Mr. Jacob's**, is planning this year's field trips, including the trips to Lawerence Hall of Science and Bevatron Atomic Reactor, with the help of this year's **Math Club President, Rochelle Santos, Vice-President, Rhoda Chua, and Secretary, Denise Adams.**

The Math Club president, Rochelle Santos, calls special meetings to organize activities and to coordinate club projects. Together they will all work to keep the Math Club going strong throughout the school year.

MEETING OF MINDS

psychic club

There are parts of our minds that are Black holes to mankind. The parts of our minds that we have failed to explore, remain deep, dark mysteries. We leave pieces that are somewhat reminesent of the Twilight Zone unprobed and unconquered.

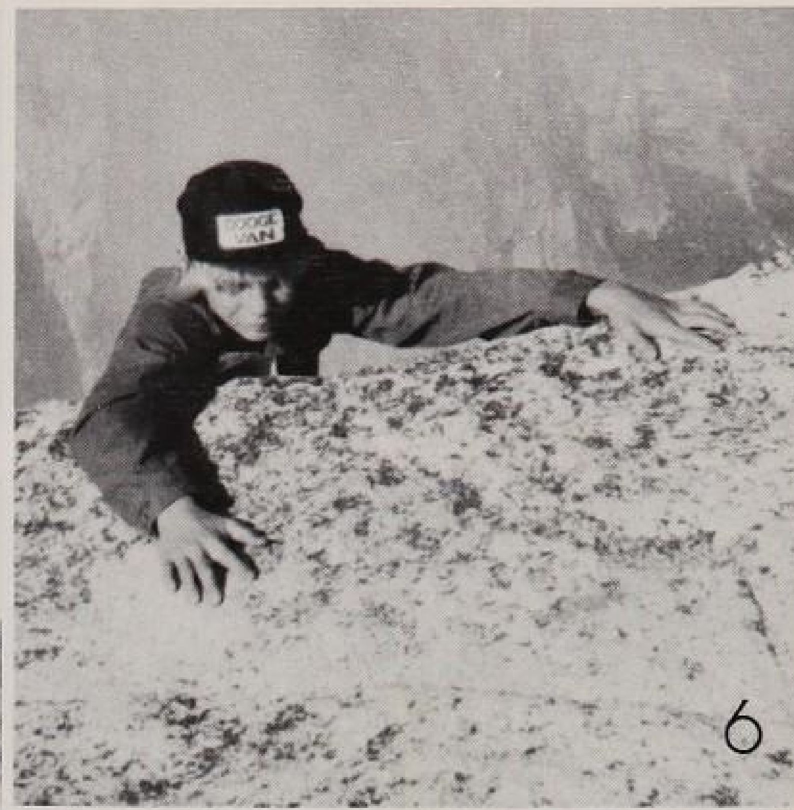

Benicia High Psychic Club headed by Phil Cozette scans the mind and soul to discover great mysteries. The club studies hypnotisism, E.S.P. and the power of the supernatural. Members of the supernatural are President Phil Cozette, David Chervanik, Ken Iles and Stacey Rowland.

The Psychic Club makes you believe that anything is possible, if you let your mind go, your spirits flow, and then take a big trip, Into The Twilight Zone. Do-Do, Do-Do-Do-Do-Do-Do. . . Do-Do-, Do-Do-Do-Do-Do-Do-.

Backpacking is one of the most rewarding sports imaginable. It is also very physically demanding. Carrying a pack loaded down with the nessessities for survival can be very heavy when walking up steep and rocky mountain trails. For all the hard work comes a feeling of accomplishment and self satisfaction.

The club has many new enthusiastic members this year. The new backpackers shared the experiences that makes backpacking worth the while. This year's members got together and decided to sell backpacking T-shirts to raise money. The profits went to buy equipment for the club.

The enjoyment in backpacking is well worth every bit of effort that goes in to it. The backpacking club is looking forward to more trips and the chance to see new places and learn new things.

HONORED AGAIN

The Benicia Chapter #8842 has been active for 16 years. Our candidates are accepted on the basis of scholarship, character, leadership, and service. Each member has to maintain a GPA of 3.0 and must have had that GPA for three consecutive semesters before acceptance. The chapter stresses enrollment in academic courses for the college bound.

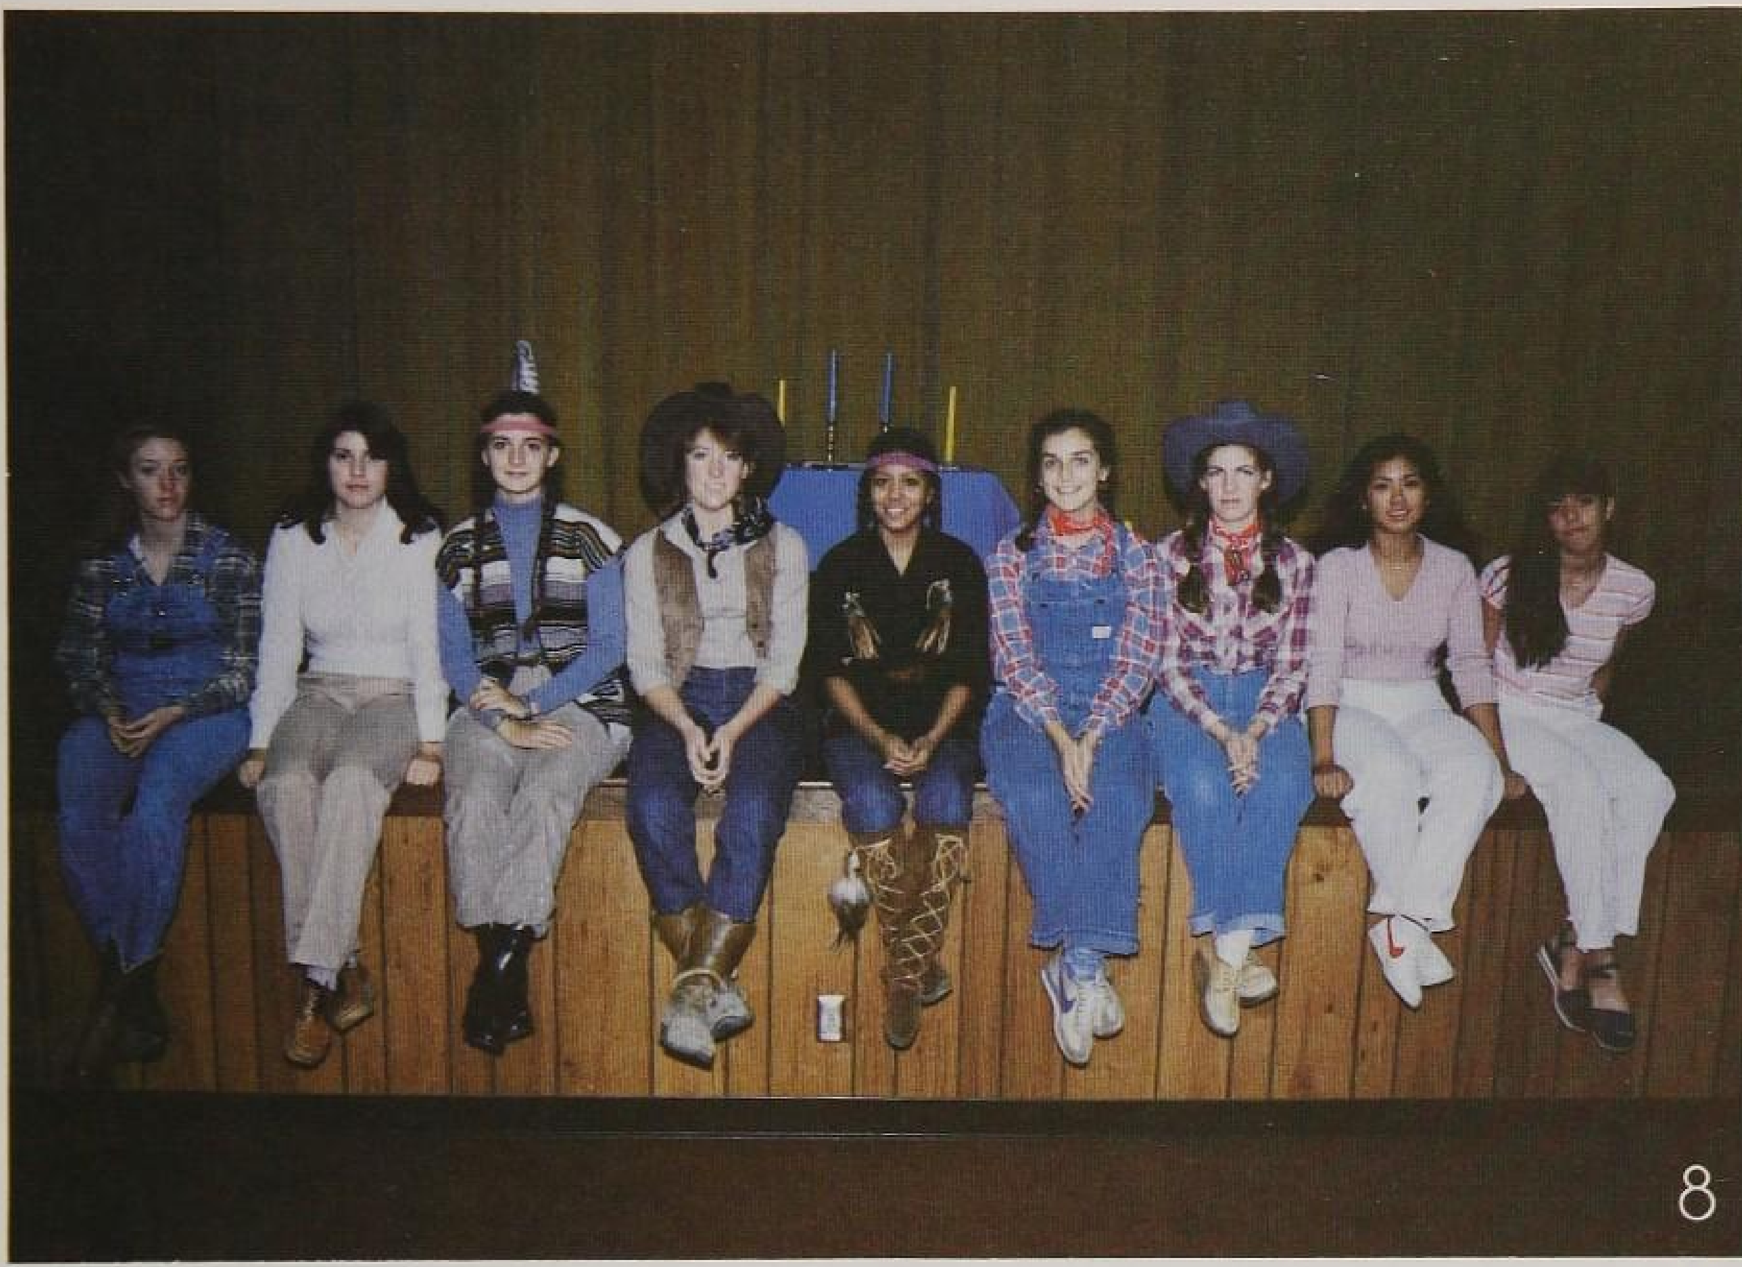

In addition to monthly meetings and fund-raisers, the chapter sponsers a semi-formal reception in the spring for parents and friends in honor of our members. At that time, the seniors in the chapter are presented honor cords worn at graduation. Our chapter also sponsors the awards night in May.

honor society

The National Honor Society yearly awards 250 scholarships of $1000 and are provided by the National Association of Secondary School Principals, the L.G. Balfour Company, and Collegiate Cap and Gown Company. The Benicia Chapter has had two winners: Dirk Fulton and Brian C. Earp.

Dirk Fulton is now an attorney in Benicia, California. Brian Earp is currently enrolled as a freshman at Sacramento State University.

Honor Society is the only organization on campus that recognizes scholarship. The Benicia High School staff wishes to express its congratulations to all members of the National Honor Society.

Of everyone, we are proud.

panther productions

Panther Productions is the Benicia High School Drama Club. It's purpose is to provide Drama activities outside of school time. The Drama Club raises funds for trips to other schools and provides scholarships to graduating seniors that are interested in pursuing a degree in the field of Fine Arts. The primary fund raiser is the spring play. The club also sponsors Benicia High School participation in Drama competitions.

Panther productions has been in operation since 1976. In past years, the students and adviser had to suffer many hardships for the school lacked adequate facilities. This is the first complete year that BHS actors and actresses used the Performing Arts Building for rehearsals and performances. What a difference!

MARKETING FOR SUCCESS . . .

Students sign-in for **Marketing I**, in which they learn the basic ideas of what many "entry-level" positions expect you to know, should you want to work in a retail store. When these assignments have been completed, students "Roll-Play" which ever positions they want to work with in a retail operation in preparation for an assignment in the student store.

Marketing I, students learn to operate cash registers, make change correctly, place orders for merchandise with vendors, receive and check-in, mark up all items received in store, handle complaints, work with other students, and learn how to follow the rules and regulations governing the operation of the store. This usually takes the first semester of Marketing.

The second semester of Marketing allows students to sign in for **Marketing II**, where they actually work in the student store. This means that the students need to have a great deal of honesty built-up with the Store-Advisor, that they must be always alert for correctness in change operations, and that they must be able to be accountable for all the merchandise that they have control of during their shift. Most often, one period is enough to work in the store.

The student store makes a learning and fun experience. The entire student body appreciates the snacks and souveniers the store provides.

AUDIENCE INPUT

Good student involvement is a large part in the making of a good school. Our participation is growing! We continue to grow in sports, clubs, band, and our student government is becoming an institutionalized decision making body.

But is our school coming together as one? Yes! Along with the organizations that we collectively begin, we grow in pride in our school, and pride in ourselves.

"Involvement, the catylist of success, is the most important factor in a well functioning organization."

-Dennis Gosser

Though we lack in some aspects of involvement such as class spirit, we make up for it in individual participation and competition.

Sports today has grown to become the largest of the organized activities on campus. We have added, over the past several years, programs to benefit the schools athletes, thus enhancing the competitiveness of Benicia High.

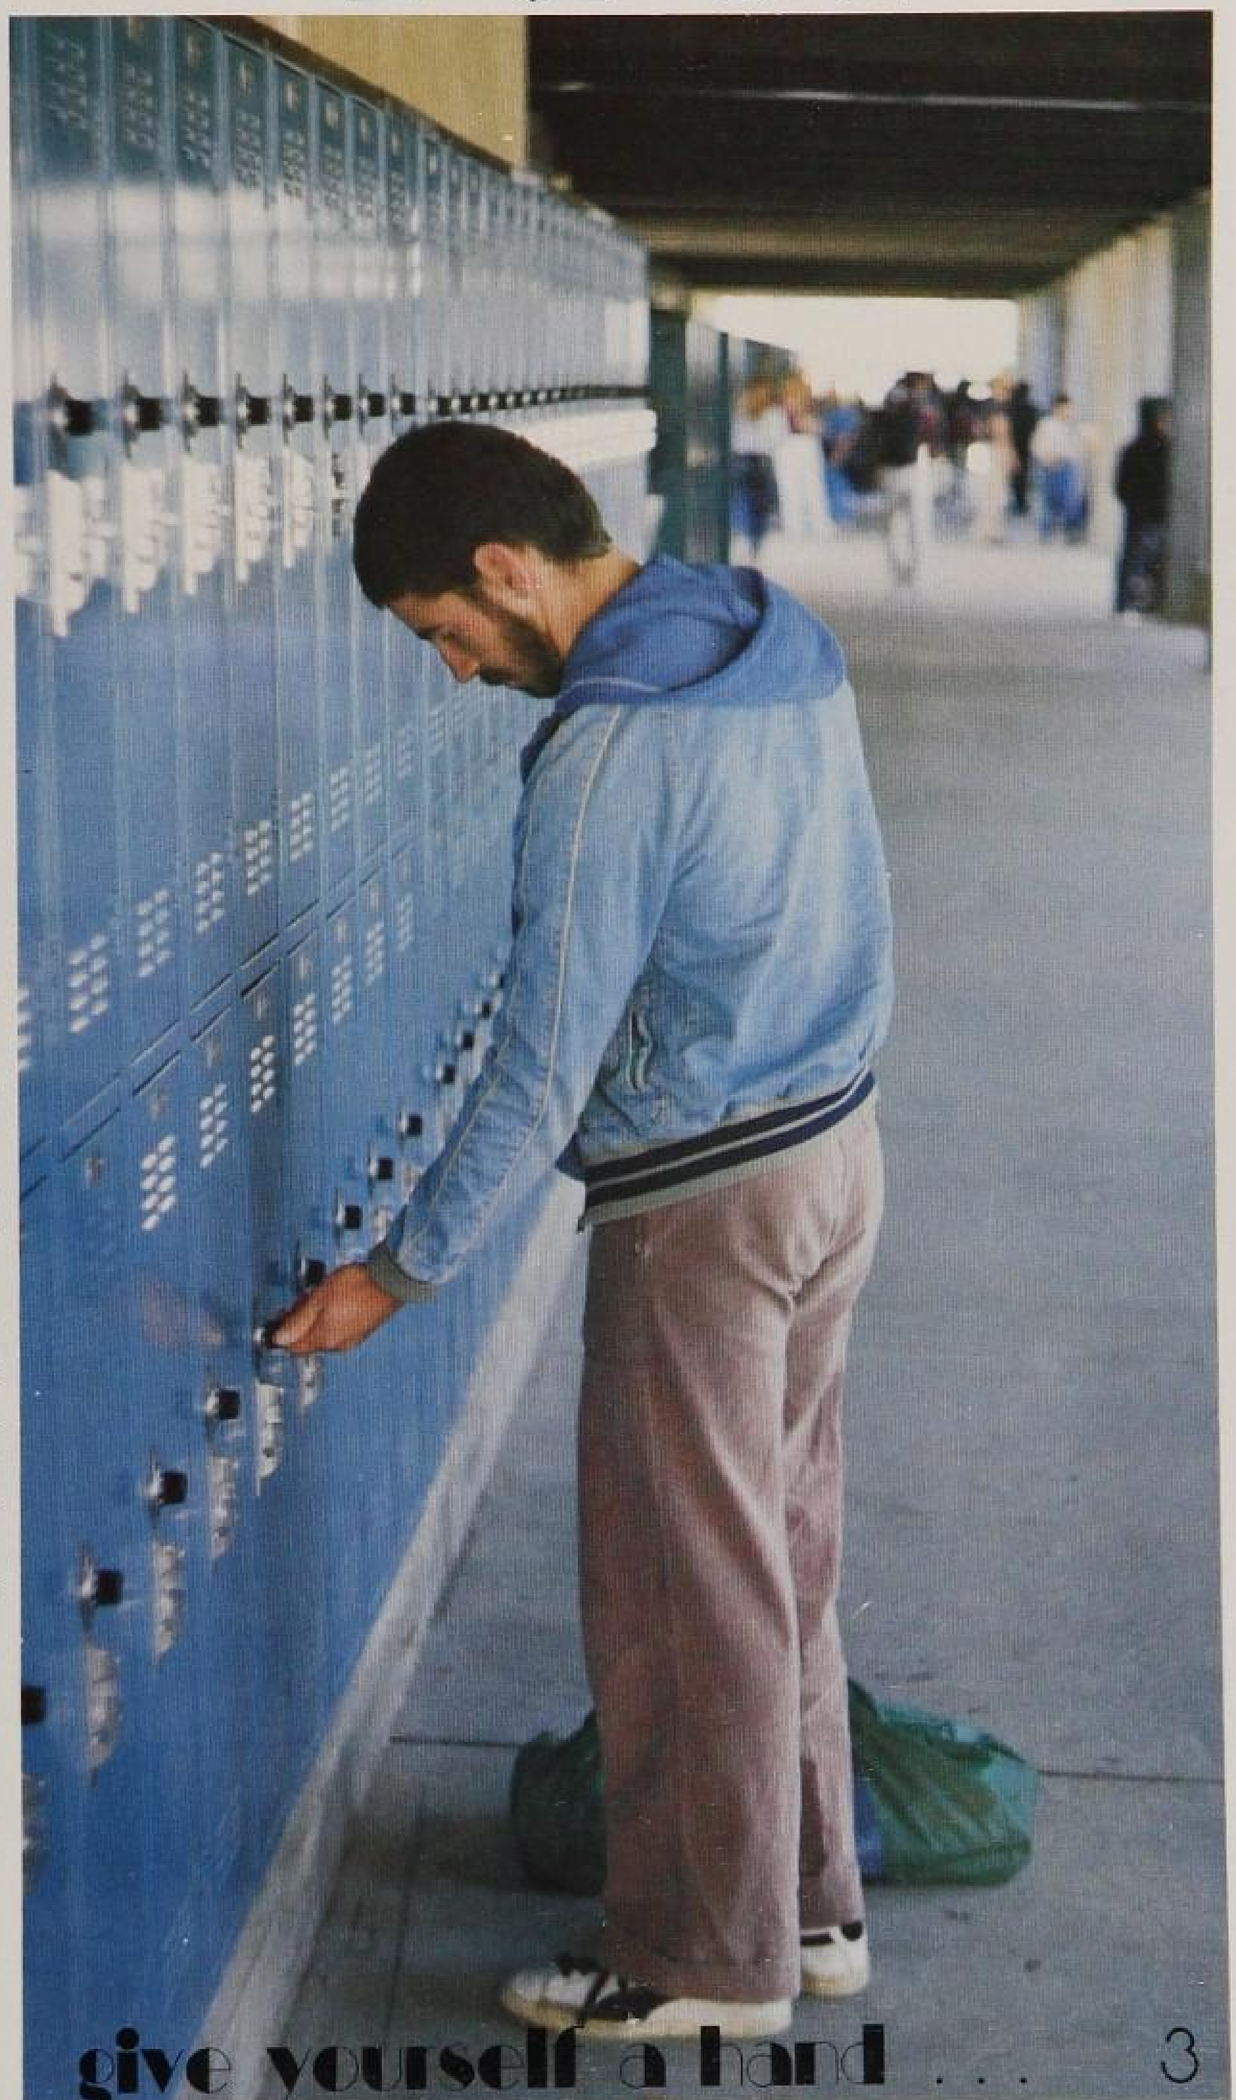

Band, the second largest organization in school has also prospered. With the addition of new uniforms and a new facility (The Performing Arts Building), Marching Band, Jazz Band, Treble Choir, and Jazz Ensemble, now compete annually with other schools in their class.

Clubs, though not as totally popular as in past years, still are the only student governed organizations on campus. Some clubs are just for fun, some are to learn, but all are fantastic ways to stay involved.

"Some people think that school involvement has declined. This is not true. We have declined in some areas, but there is a whole new spectrum of involvement entering school now that people haven't seen yet. We're growing!"

THAT BEAT . . .

The 1981-82 Panther Auxiliary was very successful in their performances at Benicia High School. The squad showed continuous endurance performance after performance. The Auxiliary Team worked on their routines during and after school to make their programs outstanding. All their hours of hard work payed off during halftime at the football games, where their sounds excelled and added spirit to the already excited crowds. The team deserves a big hand for their achievements.

Da-Da-Dant! Da-Da-Dant! Da-Da-Dant-Dant-Dant! **The sound was clear,** school was near. The sound was that of the drummer and the sounds that followed were bigger signs that the opening of school was upon us, and with the start of school, came the start of **the Mighty Panther Band.**

Sounds so crisp and clear, the band marched to the beat of every students heart, under the leadership of Dalt Williams and Drum Major, Karen Kanapek, the Panther Band has earned such awards as, 1st place in the color guard competition at the Fremont Parade, a 1st place for the band at the Woodland Parade, and unanimous superior ratings at the California Music Education Band Festival. The Panther Band also placed Lori Knapek and Mark Hansen in Americas Youth in concert summer tour of Europe, and fourteen members in the Solano County High School Honor Band. Josh Birnbaum was a standout vocalist for Fitzgerald Vocal Jazz.

The 1981-82 Panther Band helped set the pace for what was to become one of the greatest years in B.H.S. History. The music they provided at the rallies, football and basketball games added a dimension to high school life. With the beat thumping wildly, B.H.S. students let their hair down, went crazy, and let out all those frustrations and pains of being a student. Music calms the savage beast, they say, and this was true at B.H.S. The music also provided the mood. The mood warranted encore. Or have you forgotten? For what is an encore without music? Especially the **Encore of 82.** Da-Da-Dant!! Da-Da-Dant-Dant-Dant!!! . . .

The Benicia High School jazz vocal ensemble, and girls choir under the direction of Dalt B. Williams and Miss Casey took pride in their fine music. Each group could be heard practicing all week long preparing for their concerts. In class, they worked on their songs and made them perfect for their special performances. Besides the long practices in class, each student contributed a lot of time outside of class. The jazz vocal group participated in the jazz festival in Sacramento. The girls choir competed in the CMEA jazz festival and participated in many other choir festivals and competitions. Both the jazz vocal ensemble and girls choir groups were in a Broadway Musical "Kiss Me Kate." They were certainly **two groups to be proud of.**

This year the **pep squad** was much larger than the squads in the past. The squad was filled with twenty-six well organized and **highly spirited** girls. They were constantly involving themselves in promoting spirit throughout the school and getting the students to take interest in various sports.

Every year the **pep squad** has fund raisers to raise money to pay for their uniforms and camp. This year the **pep squad** made a large amount of money from their fireworks booth. Each member worked different shifts and got paid by the hour. Another fund raiser was a cheer-a- thon in Solana Square. The pep squad collected sponsors and cheered for a full day.

In early July, the pep squad drove to Santa Cruz to a four day spirit camp at the university. As individual squads learned and worked the days flew by and soon it was the end of camp, but the pep squad returned home with more than pictures and memories. The Pom-Pon squad was awarded a spirit stick two nights and a combined spirit award with the cheerleaders. The mascots received a superior certificate and all squads brought home many superior and excellent ribbons. Most important, the whole squad learned to work together and had a great time.

THE SPIRIT OF '82

rises at b.h.s. . . .

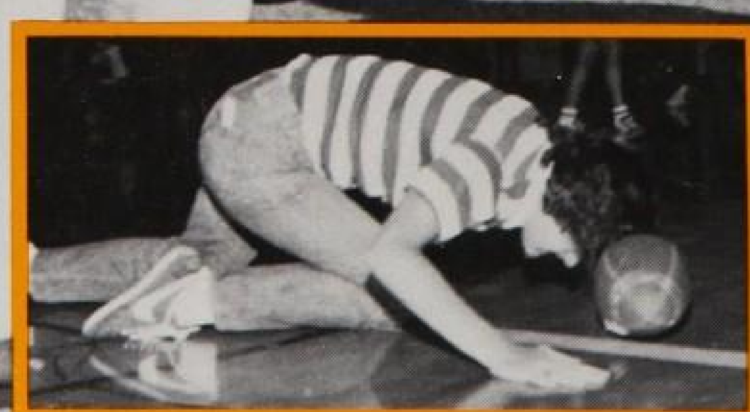

A relationship without love, is not a relationship; a poem without feeling, is not a poem; a person without emotions, is not a person; and a school without spirit, is not a school.

Benicia High is definitely a school. Our spirit shows throughout the entire year. Whether it be one of our many dress up days or just the pride that we show in our school, the spirit is there. Many people don't know what spirit really is. They feel that spirit is always going to the rallies, always attending the games and functions and screaming their heads off. All those things are outward signs of **spirit**, but **spirit** is more than that. It's something deep down inside you.

Spirit is the good feeling that you get when you walk on campus. Most of all, **spirit is pride** and dedication to your school. To have **spirit is to have faith** in not only your sports team, but all organizations of your school. The students of B.H.S. continue to show **enthusiastic participation** in all school activities.

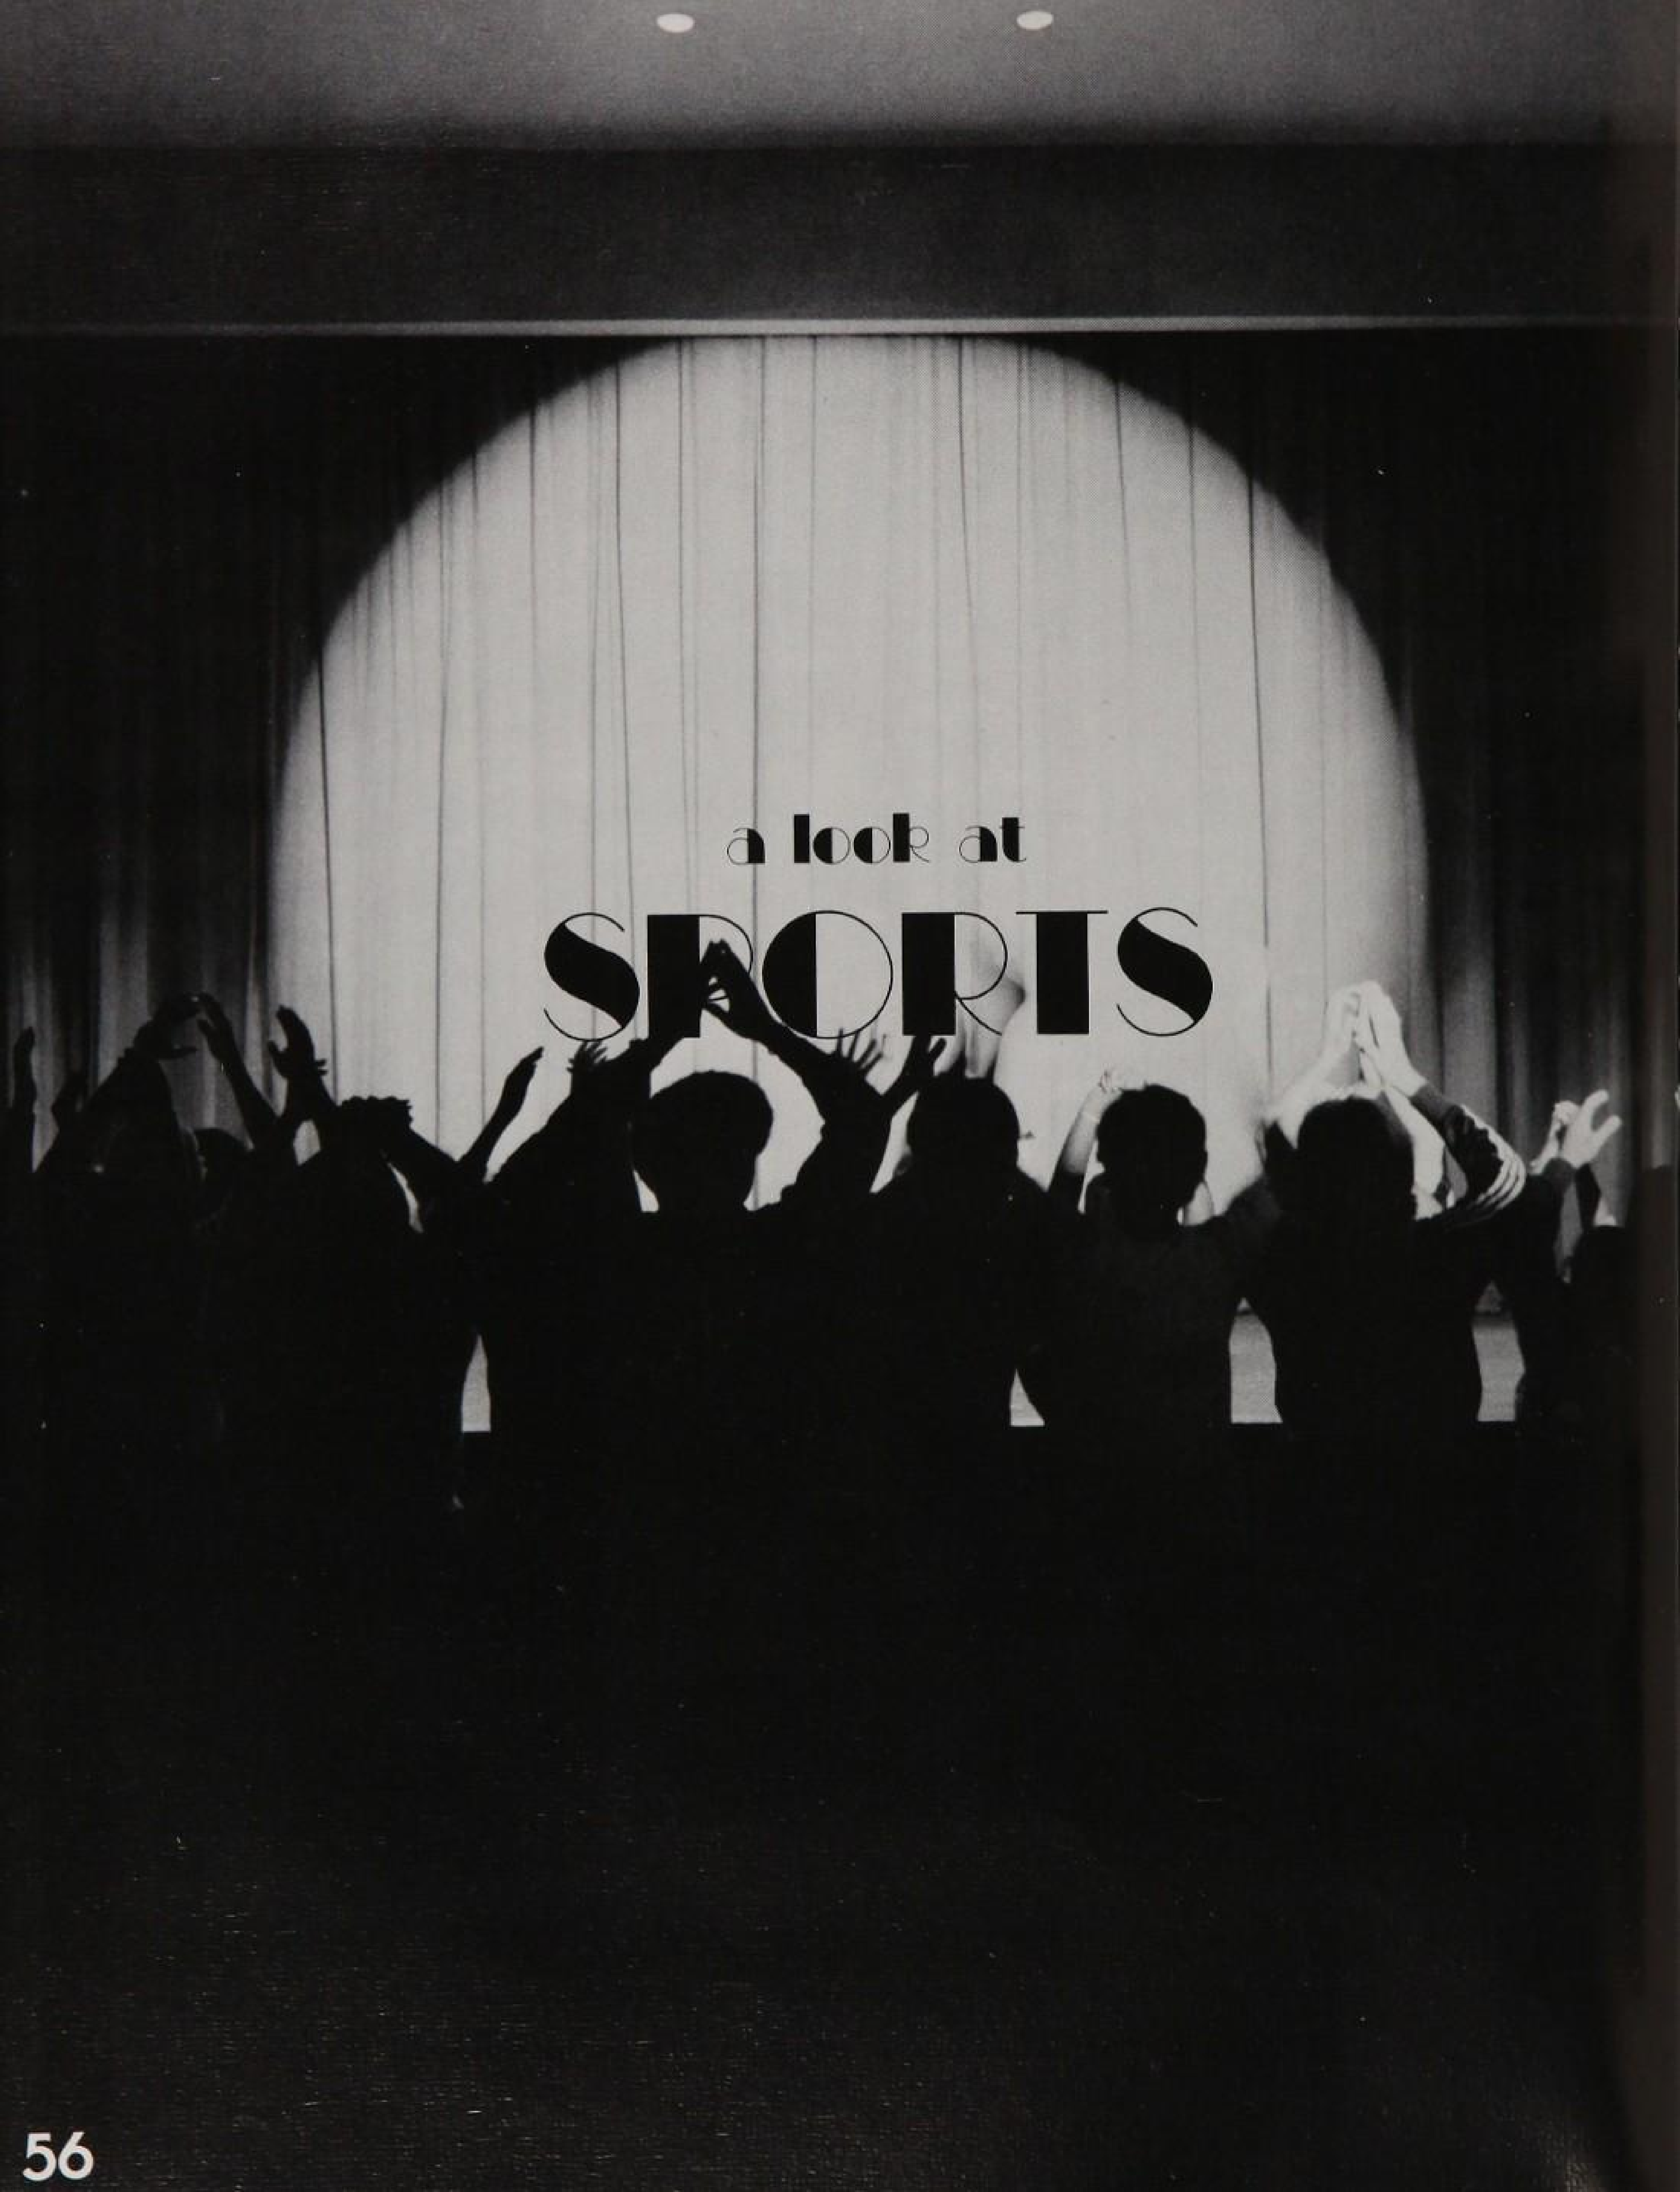

Spirit is something that shall stay at Benicia High School forever. For spirit is a precious thing, and it is not born to die. So **let's keep our School Spirit going strong** and never let it say good-bye.

CONGRATULATIONS BIG BLUE . . .

Thank you for the greatest season to ever take place at Benicia High School. You are truely an outstanding crop of men that will be forever remembered by all, as men who proved themselves worthy of praise and thanks. A group who touched everyones heart at Benicia High School, or anywhere else, a group that brought pride, integrity, and the winning attitude that had been so dearly missed. It had been missing for some twenty years. But it came back in '81!

Benicia High School had turned out fine teams, especially the team of the fifties. They were all powerhouses. In the sixties Benicia went into a slump. A slump that was not to be removed for twenty-one years. Finally in the year of Nineteen Hundred and Eighty One, we saw it. At first we didn't know how to react to it. But as it became more visible and clear, we knew how to treat it and react to it. For it was winning in its highest forms, and it was so sweet. You're treated with such respect and tenderness. For championships are what all sportsmens fairy tales are made of.

Our mighty Panthers claimed a S.C.A.L. co-championship, then moved on to conquer the southern league and then destroyed the Mother-Lode League. The Panthers met defeat twice that year, once against Vanden on a wet and raining night, and once again in the Sac Juaqin Section Class 9 Championship against the Central Catholic Raiders. It was a long hard fought battle. When the dust had cleared and the mist was gone, the Panthers had won everywhere but on the scoreboard which read 8-7 Central Catholic. The Panthers held the Raiders to 58 total yards, and gave up only one first down.

Being a team member, I remember watching the seconds tick off and felt like I was watching the time clock which held my life in its hand, tick away. When it was over I wanted to cry, but I couldn't because I had so much to be happy for, to be proud of and to love. And as we seniors, and the juniors of our Varsity Squad walked off the field we all left a little piece of us there. *T.C. Coats*

A GOLDEN MOMENT

A GOLDEN MOMENT

A GOLDEN MOMENT

"I am proud to be part of the greatest season in Benicia High School's history."

Mr. Ed Felt (Asst. Coach)

"This team will live on for many years to come."

Mr. Ron Wheat (Head Coach)

During the whole season before every game, Mr. Ed Felt, co-coach, would give us a "talk" on elements that made us winners. The elements were pride, courage, desire, honesty, and aggresiveness. All of these characteristics were shown throughout the entire season, and they were especially noticeable during the playoffs and the championship game against Central Catholic.

It was shown so brightly because the Panthers were winners, and all winners have that certain look about them. And the look is that of Pride, Courage, Desire, Honesty, and Aggresiveness.

"I've been involved in football as a player and a coach for fifteen of my twenty-eight years in life. During this time, I have never experienced as many great moments in a single season as I did this 1981 championship/playoff season. I think the primary ingredients which enabled the Big Blue to continue to get better day after day, game after game, was everyones desire to "go for it" and never settle for anything but being # 1. Positiveness was overwhelming. We felt that we couldn't be beat and we weren't in my heart and mind. I was proud to be part of the greatest season in Benicia High School's history."

-Mr. Ed Felt (Asst. Coach)

"The 1981 football season was one of the most satisfying moments I have ever experienced. The overwhelming dedication by the players was the greatest. This group of young men hung together for a common goal they weren't to be denied. In my estimation they have not been denied a thing. The loss to Central Catholic was a tough one to take, but the satisfaction of knowing that Benicia High School Panthers outplayed them helps to overshadow the outcome of the score. The support of the fans, the student body, and everyone involved was great. This team will live on for many years to come. I have truely enjoyed being a part of a piece of history being made at Benicia High School. Who shall forget - "Big Blue Will Do!" and "Number One in '81!" I won't!!!"

"Congratulations Big Blue!! We will hail to you forever!!!!!

-Mr. Ron Wheat (Head Coach)

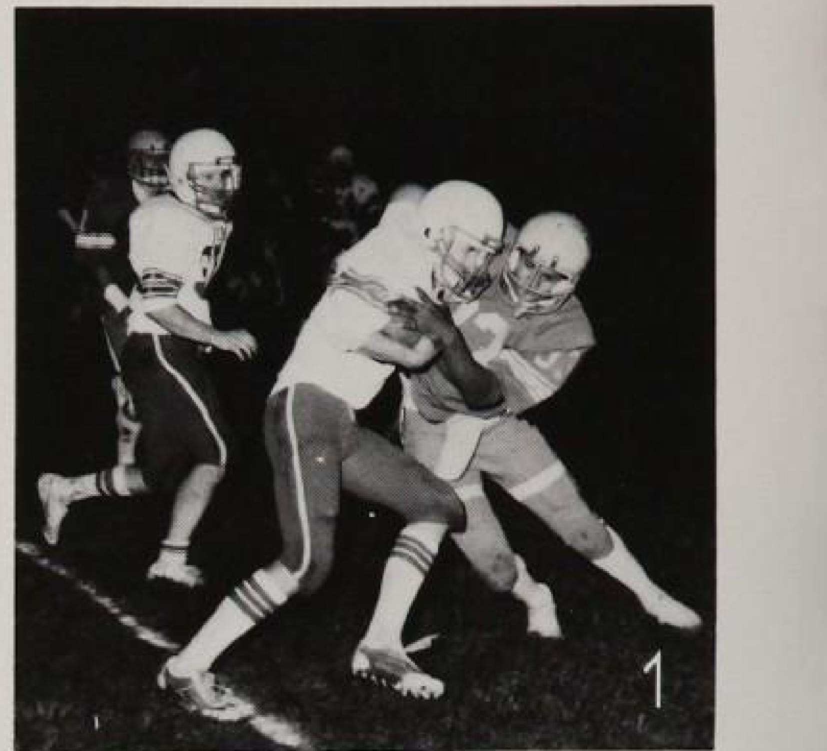

I remember the Monday morning after the Justin game, walking into Coach Felts office. He was talking about how the team felt about the playoffs, he wasn't sure if we were serious or not. We ended up in the final game. Hope we answered his question!" - Mark Tate-

The coaches predicted **a championship** without hesitation. The papers predicted it. The only thing left for the Panthers to do was to prove it, and prove they did yielding **a top-performing number two defense,** and **a powerhouse offense,** the Panthers posted a 10-2 over all record including a S.C.A.L. Championship.

Coming off two preseason victories over Sonoma and Mission from San Francisco the Panthers opened the league with a stout defensive victory over Rio Vista (7-6).

Benicia fell to Vanden (28-6), in their second league encounter. Plagued by heavy down pours of rain, Benicia lacked the team co-ordination that had won their three previous games. Papers began to doubt the championship qualities Benicia supposedly contained. It would prove to be the only league game Benicia would lose in eight.

GRAND PERFORMANCE

2

Week three saw cross-bay rivals, John Swett traveling to Benicia to be the recipients of a 54-0 loss before an enthusiastic Homecoming crowd. The victory would spark the Panthers back into Championship form.

Next Benicia took to the road to play the first of three important games, The Delta Saints. Up until' the Benicia game, Delta had an unblemished record and were ranked high in the Northern California polls. Benicia however failed to respect the ranking and tallied up a 29-20 victory over the Clarksburg squad.

The Dixon game began and ended in a tie. Only after four downs from the ten, in a S.C.A.L. tie breaker, Benicia was awarded a victory 21-20.

Most of the same was deminated by long driving offensives and clutch performing defensives, and ended with a missed conversion after both teams had scored overtime.

Justin was the last game of the season, and unlike years of the past, this one would decide the championship. Justin held a 17 point lead most of the game, until Benicia sparked half way into the third quarter and eventually won 10-17. With championship now in hand, Oristimba and the playoffs it was onto.

Oristimba was the first of the playoff games. Expected to be an action pack hard hitting contest, the Panthers road to a 20-0 listless victory.

Playoff number two saw Benicia travel to Linden. Another game that would be played in rain, and see Benicia as underdogs. The Panthers were virtually not effected by the downpours and walked over Linden 36-7.

Unfortunately the Panthers last game of the season against Central Catholic of Modesto would be a loss 8-7. But the Panthers Season was one of greatness and will be remembered for many years. The **Panthers football team has brought pride back to Benicia.**

A STAGE FOR WINNING

panther cubs . . .

In a year of Encores, it was only fitting that the junior varsity football team should pull off one of the greatest shows in the history of B.H.S. The year nineteen-hundred and eighty-one was the time, and B.H.S. was the place. The Benicia JV's won the **S.C.A.L. championship.**

The J.V. football team has always come close to championship seasons. This year, with a victory over Dixon, Rio Vista, Vanden, John Swett, and Delta, the season ended in celebration. The Panther Cubs did suffer defeats, but they managed to learn from their losses to come back with a stronger defense and talented offense.

The bright spots on the J.V. squad were many, for in a team of champions, everyone is a star. But there were those few outstanding players who really showed. They were **Kent Shackelford** the teams M.V.P. **Willie Pitts.** Most Valuable Back, **Jeff Oliver.** Most Valuable Linemen, **Mike Banducci** for his outstanding recognition in JV football. Most Inspirational recepient, **Billy Gutterez.**

What will the future bring for our J.V. team? What even it is, it will be bright and with coaches like **Ed "Musky" Muscalino, Rex Anderson,** and **Tom McCarty** at the helm it will be success. For Encores are meant to be relived more than just once.

GOAL of the PANTHERS . . .

an international sport . . .

The growth of soccer, (an international sport) at Benicia High School, has been accompanied by a rapid expansion of the Benicia PAL League on all levels. The growth on the varsity level has been outstanding compared to the other varsity levels in the PAL League. The majority of the players were not exposed to previous years of the sport. Therefore the team had to learn the basic skills of soccer in a short time and they did just that with great enthusiasm. The most important skills to learn were to receive the ball, controlling the ball, carrying the ball forward and putting it accurately across into the goal mouth. All of the above require confidence and that only comes from the hard work the team put into the game. The self-discipline on the team was nothing but **perfection.**

FIRST SHOW

j.v. soccer . . .

The Benicia High **Junior Varsity Soccer** program was a tremendous success this year. The Cubs had **a winning season** with a 6-4-3 record against teams with more soccer experience.

"Considering the fact that this was the first JV soccer season, the junior varsity did an outstanding job," claims Coach Gordon Tronstad. *"We played against teams that were mostly consisting of tenth and eleventh graders,"* added Tronstad. One of the tie games was against a varsity team from Hogan High, consisting of eleven and twelfth grade players.

Inside forward, Denny Hinds, was by far the team's leading scorer with 14 goals. Todd Tobias was the team's most outstanding defensive player, playing at center fullback. Even though these boys stood out, the whole team stood out. The whole team including the team captain, Xochitl Artega, did an excellent job.

It was total team effort. Anyone that wants to see some **outstanding competition,** come out to see a soccer game next season.

The season was a success," in Coach Bishop's eyes. The 1981-82 Varsity Volleyball team displayed skills that showed an obvious improvement over previous years. The seniors on the team felt that they have had a fullfilled career in Volleyball at Benicia High, ending with **the best record** of their last year. The underclassmen are eager to break it and will be a treat to future coaches at B.H.S.

The team record was 7-5, the highest record in B.H.S. Volleyball History. It was the first team to beat 1st place Vanden High and 2nd place Delta High School. The only team in the league to beat Vanden at all.

Felicia Pitts was voted M.V.P. of the team. **Paula Young** and **Helga Tronstad** were most improved. **Leebertha Flores** and **Sheila Williams**- Scholar Athlete. Benicia had four players involved in league standings. All League 1st team, **Felicia Pitts.** All League 2nd team, **Fran Curet.** All League honorable mention, **Tish Naldoza** and **Kim Heinitz.** Fran Curet was the leading scorer on the team with 103 points.

CUB SPIKERS

j.v. volleyball . . .

For the **J.V. Volleyball** team this year was filled with learning, handwork, and dedication. Those terms, for the most part aren't associated with a team who only won two games, but for this team it is highly acceptable. The junior panthers, comprimised of mostly freshmen, faced the agony of defeat as often as the thrill of victory. But to say that this team was never defeated is a misstatement. Through hard work and dedication **Coach Hayes** and her squad were victors in their own right. Learning was a large part of this years program, which could be designated a rebuilding season.

"Next year we will have a lot of players returning who will be more experienced".

Many of the girls had never played volleyball before, which makes it hard on a team because there isn't anyone who can lead the team out on the court. Though **Susan Cabral** was not the team captain, she was voted most inspirational player, which did contribute to an enthusiastic squad.

YEAR OF THE HOOP

varsity basketball . . .

The sun had set, the children were in bed, and the dinner dishes had all been washed. It appeared to be the end of another regular day in Benicia. However, things were not as calm as they seemed, for within the walls of the BHS gym, the heart of the game pumped fast in anticipation of the evenings challenge. The year of the hoop started on a Wednesday evening in November.

Varsity basketball started out with a bang. The BHS team defeated the visiting team. **The Panthers were sensational** during preseason workouts losing only one out of their ten competitions. Some of the highlights during the preseason were winning second place in the BHS tournament, first place in the Rio Vista Tournament, John Santos and James Gleaves playing on the All Tourney team for the BHS tournament, and Phil Olson, John Santos, and James Gleaves were given All Tourney honors at the Rio Vista Tournament.

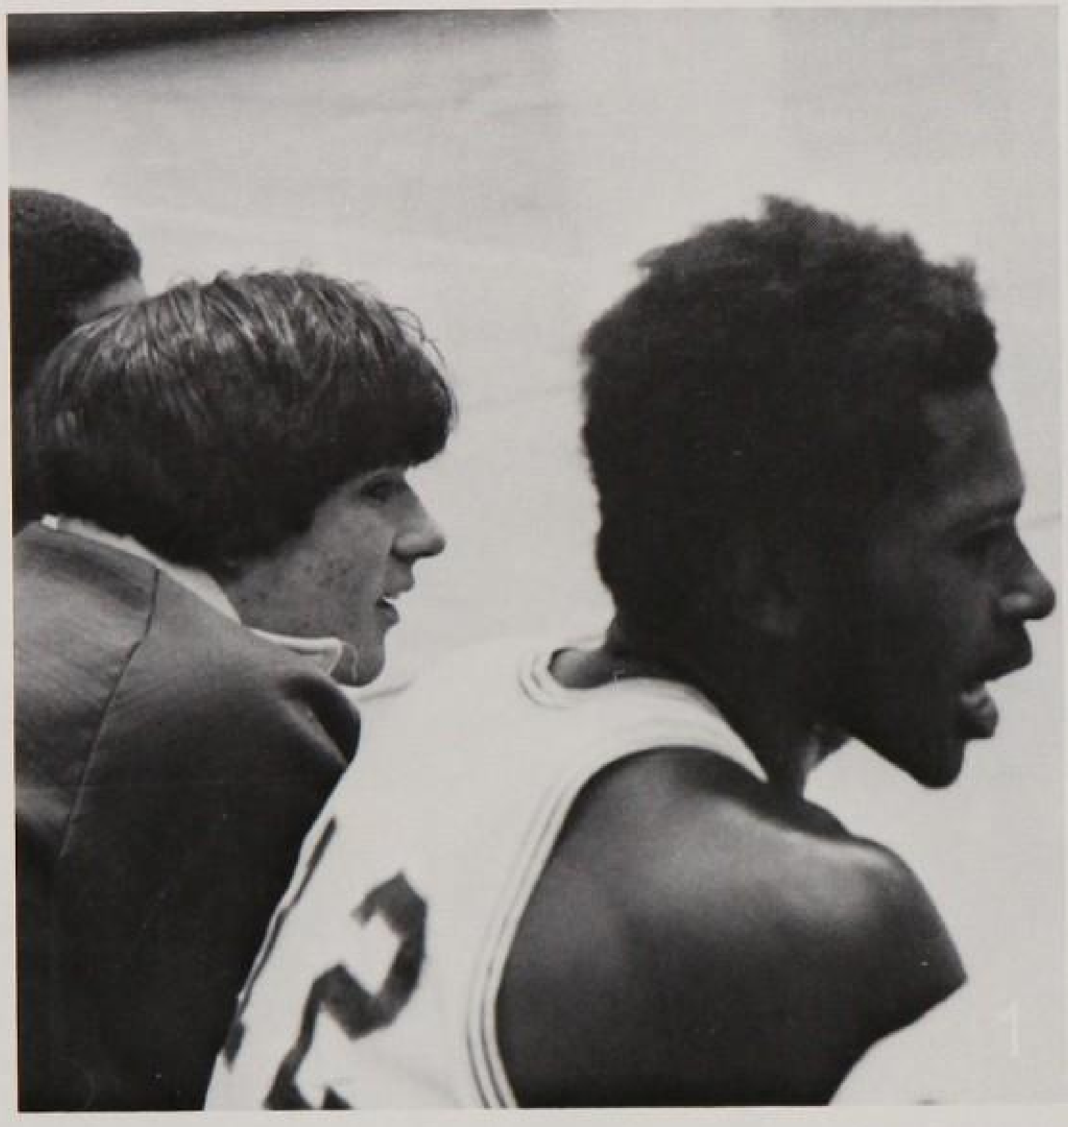

The regular season started off with a heartbreak. This first game against Dixon ended with a Panther loss, 52-53, a game that would come back and haunt the "cagers" throughout their quest for an SCAL championship. This game set the scoring pattern for the rest of the season; the points were always close. At the end of the hunt the game got away more than it was trapped.

Departing from this year's squad will be Phil Olson, David Kilgore, Darrick Randolph and Curtis "T.C." Coats. The Panthers can only get better and they will under the leadership of Rick Olson and assistant Buzzy Grapes. The team had their ups with 16 wins, and they had their downs with 6 loses. Regardless of the result, 4th place, the year was great, **the Year of the Hoop.**

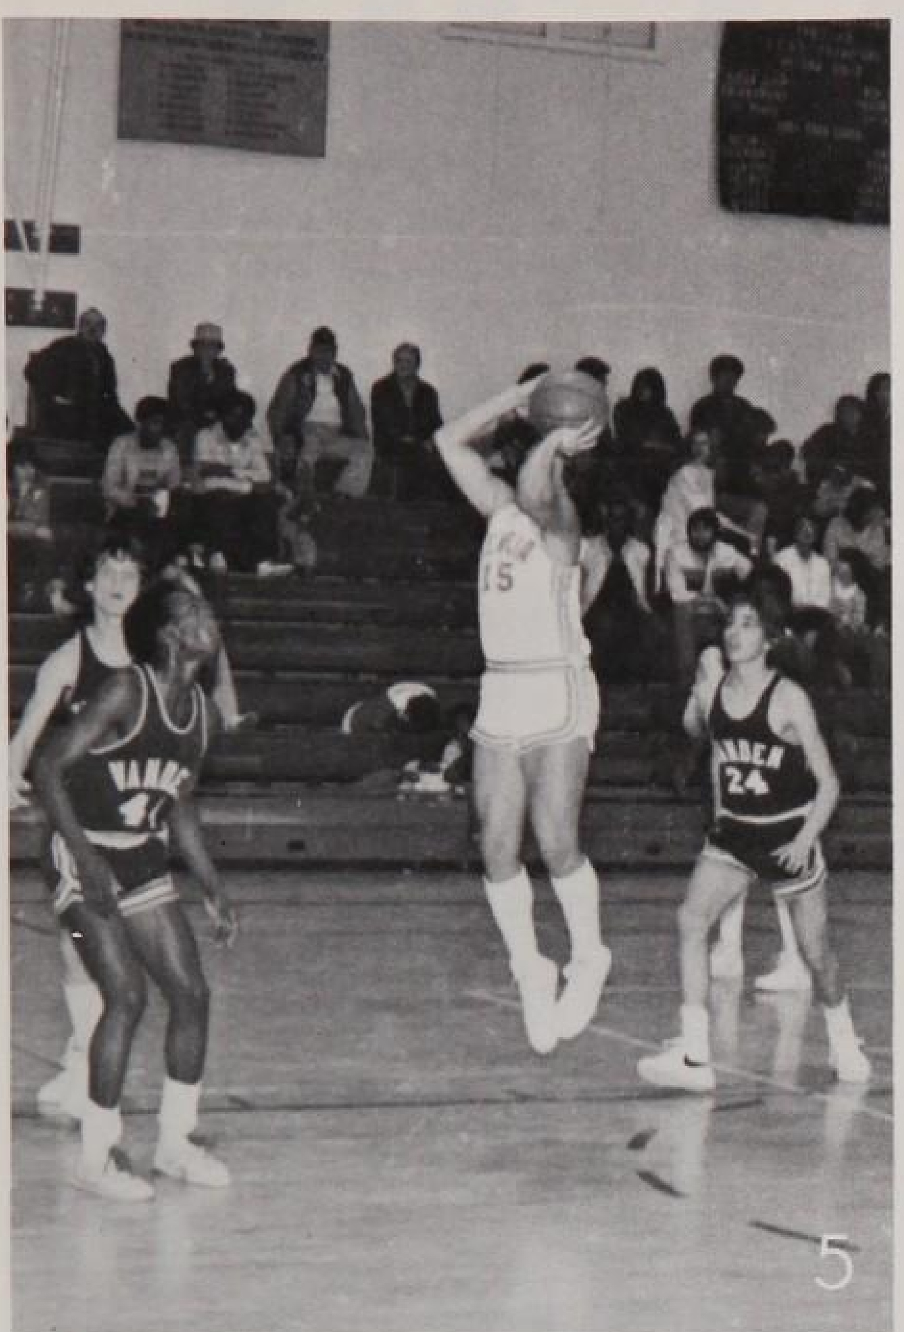

JUNIOR HOOPSTERS

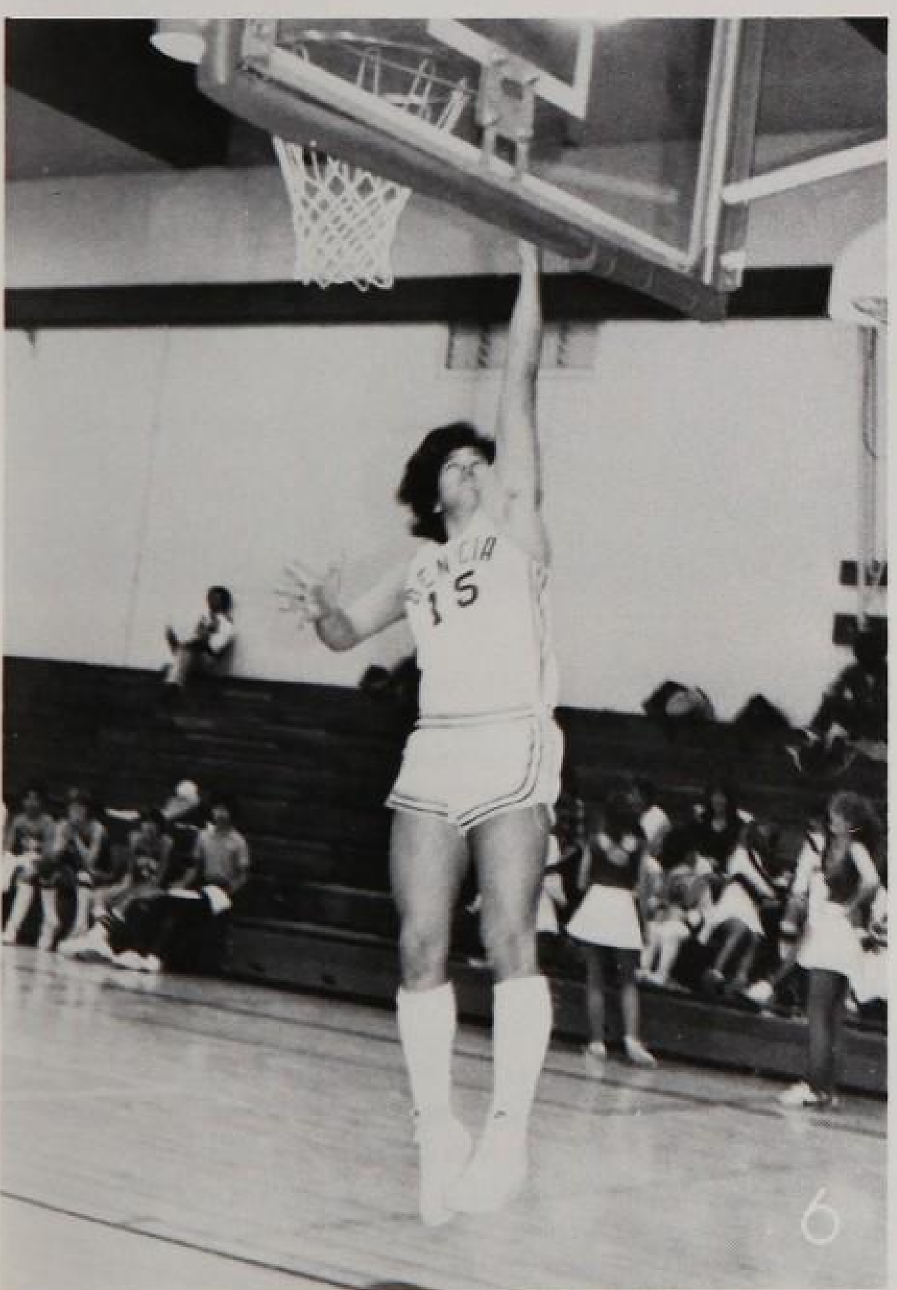

j.v. basketball

This years **J.V. Boys' Basketball** team was the master of one point games. Improvement was seen in every player as the season progressed. Two one point losses to Vanden and Dixon kept the Cubs from the SCAL championship. The team did good work and shared a lot of practice and patience, but most of all, talent.

The junior varsity coach, Mr. Prolo, enjoyed a successful season. The team worked hard together to make the season fun and exciting. The team currently has 7 wins and 3 losses in SCAL and 15 wins and 4 losses overall. The team's accomplished record shows hard work throughout the season.

GOING FOR THE GLORY

The 1981-82 Benicia High School Girls' Varsity Basketball Squad added a new dimension to the words **courage, spirit, drive, and determination. Coach Jim Garrett** faced one of the hardest tasks for any coach, he had to rebuild. Graduation, jobs and other personal obligations took away his many fine players. The biggest loss, of course, was that of Judi Bursby, of which the Benicia attack was centered.

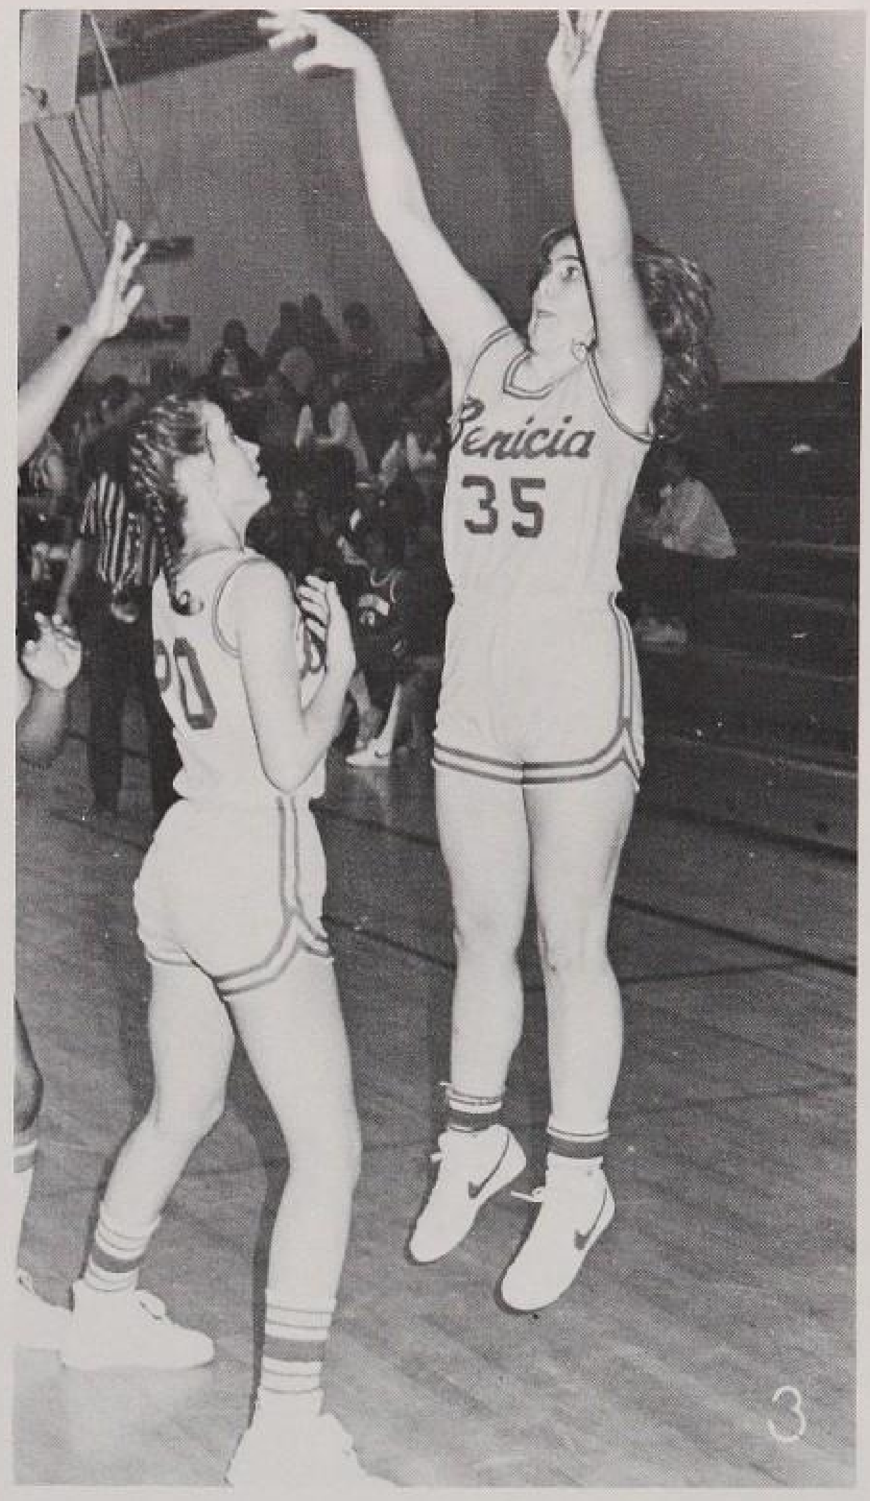

So with returnee's from last year and graduates from the frosh-soph in hand, Garrett set out to make one of the most competitive teams, in B.H.S. history. Sherry Beck, Beth Cooper, and Felicia Pitts, otherwise known as the fearsome threesome, were the glue that held the whole program together. Sherry Beck, the Beautiful Burnette, was an excellent shooter and holds the all time rebounding record.

Beth Cooper, another great shooter, who was 2nd in the league in scoring, was also a chairperson of the boards and was great in pressure situations. Felicia Pitts, called Ms. Hustle, was the defensive wizard.

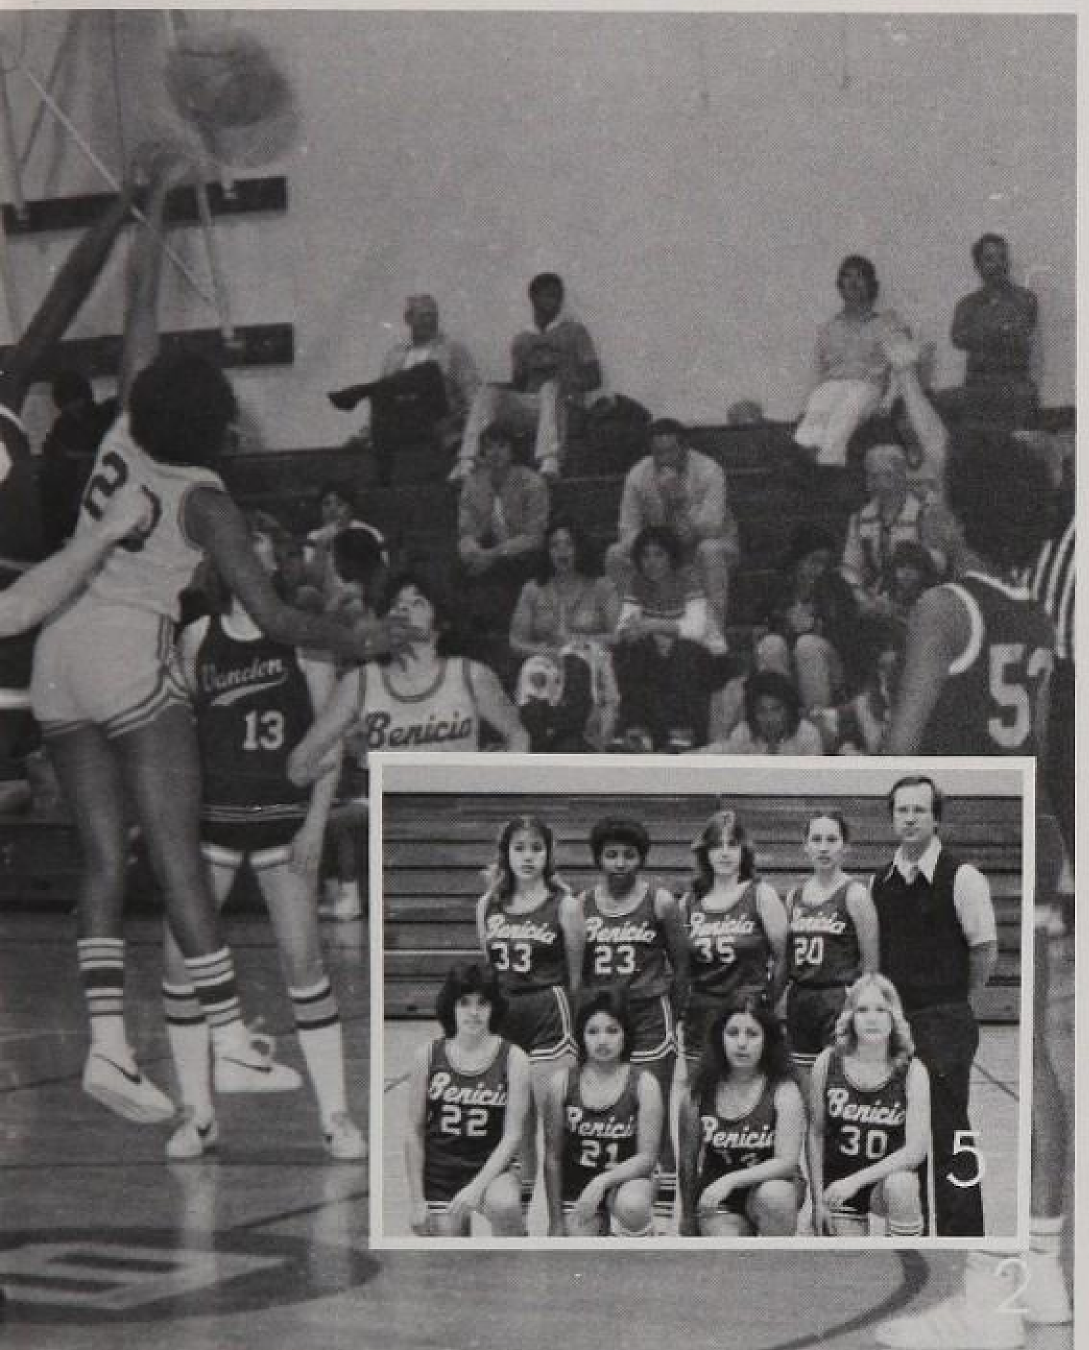

The Benicia squad joined two tournaments this year. The first was the Hoops Tournament, where

away with All Tourney honors. The second, their very own Benicia Invitational Tournament, Benicia rose to great heights as they played Vanden High for the championship. Benicia dropped a close one to the Vikes, but they landed Sherry Beck and Beth Cooper on the All Tourney team.

Benicias' win-lose record, was not indicative of how great their season really was. A lot of the games Benicia dropped were battles until the very end. The Pantherettes showed drive, determination, and courage in each game they played. Of course, every team wants to go to the playoffs, but as was the case last year, the Pantherettes didn't quite make it. But they needed no playoff game or championship game, for they played like champions and may the courage, spirit, and the drive and determination shine for many years after 82. For spirit, courage, and determination go hand in hand with Glory and what can Glory do except to Shine! Shine on Pantherettes, Shine On.

6. **Stephanie Costedoat** taking a free throw
7. Rebounding! **Leebertha Flores.**

For the year, the team has averged over 50 points a game and given up an average of approximately 25 points. The players **have broken virtually every scoring and rebounding record** and many of them more than once.

Leebertha Flores is the leading F/S scorer and is 19 points ahead of **Stephanie Costedoat** who has also broken the old record. **Sheila Williams** has destroyed the old rebound record of varsity player Sherry Beck by getting 340 rebounds.

There are only seven players on the team: **Flores, Costedoat, Williams, Trish Thielvoldt, Kim Kultti, Francine Rios, and Robin Deadwilg.** Each has contributed in their own way. Rios doesn't score much but is really tough on defense. Thielvoldt has bursts of strong offense and strong rebounding play. Kultti is the steady sixth player who sometimes starts and is able to play any sport at any time. Deadwiley has the ability to be an outstanding player and is the type that really makes things happen quickly.

The glue of the team all year has been Leebretha Flores. Her hustle and desire have held things together. She, Stephanie, and Sheila, are the three steady performers and leaders. Trish, Francine, Robin, and Kim have all had good games which is obvious from the record so far.

"They have been an enjoyable group of 'good people' to coach. I've always felt it was better to coach 'good people' than people who may be potentially better athletes. This year's group on the frosh/soph and varsity team, have been a delight. It was an enjoyable experience."

PANTHER ROYALTY . . .

Curtis Coats was this years first runner-up to Mr. Panther. He is the son of Mr. and Mrs. Curtis Coats and was escorted by Sherry Deck. Curtis, better known as T.C., was this year's student body president. He's been an active member of the Yearbook Staff and has written for journalism for three years. He also played football and basketball all four years of high school. **Congratulations T.C.!**

Introducing . . .
The 1981-82 Mr. Panther winner **Kent Shaw**, the son of Mr. and Mrs. James Shaw, was escorted by Teri Pollock. Kent was active in sports during his four years of high school. He played four years of football as our star runningback and three years of baseball. He greatly contributed to these teams helping to make a league championship baseball team of '80,'82 and football team of '82. On behalf of the yearbook staff, **congratulations Kent.**

Mike Barbour, the son of Mr. and Mrs. Michael Barbour, was escorted by Robynn Thornton on the field and by Michelle Smith at the dance. Mike has been an active member of the Student Council and served as this years Senior Class President. **Congratulations Mike!**

Chris Walton, the son of Mr. Bob Walton, was escorted by Cathy Caldwell. Chris was an all-league defensive end for our championship football team. He also played intramural basketball and was a member of the Student Council. **Congratulations Chris!**

Colin Larkin, son of Mr. and Mrs. Don Larkin, was escorted by Trayce Harris. Colin was a transfer student from Washington as of his junior year. He played second base for the championship baseball team both years. **Congratulations Colin!**

Philip Olson, the son of Mr. and Mrs. William Olson, was escorted by Cathy Greco. Philip was an active member of Student Council and was this year's student body vice-president. He has played as our star quarterback and participated in track and basketball. **Congratulations Phil!**

THE PANTHERETTES . . .

For the first time in the history of **Powder Puff Football** at Benicia High, the game was played under the lights. Taking on a "Home-coming" type atmosphere with the announcements of all the Mr. Panther candidates during the halftime intermission, the game was an extraordinary event for all who participated in it.

The game started slowly, neither the Frosh/Junior team nor the Sen/Soph team were able to score until the second half.

The second half was **packed with action** in more ways than one. The Frosh/Junior team drew first blood with Kim Heninitz racing 40 yards to the six yard line. Heninitz scored two plays later from a pass thrown by Reneé Waage. Waage also ran in the extra point. Shelly Robinson struck again for the Junior/Frosh team on a 65 yard sprint to the goal line.

Mercedes Moreau sparked the only Sen-/Soph touchdown of the night on a 35 yard run that set up the T.D. for Kim Hurley. **The final score was 14-6.**

The game was called at the end of the third quarter due to gun shots. The shots came from across the football field. Fortunately, only one person was injured by the incident. The **sniper** made a clean getaway.

The Benicia Panther Wrestling Team opened the season with a tie of 38-38 against Richmond. The dedicated coaches were Keith Murrary and Rex Anderson. The team ended the season with fifteen members: Gary Marrer 100, Erie Christo 100, Russ Dunaway 107, Richard Hevener 114, Cal Johnston 121, Lorenzo Jefferson 128, Billy Wagner 128, Harry Kirby 134, Adam McNulty 140, Mark Simmions 140, Dan Carr 147, Hansel Nunez 147, Doug Snowder 157, Rod Rifredi 157, and Todd Smiley 202.

This year's team will see only four seniors leave. They are Todd Smiley, Hansel Nunez, Lorenzo Jefferson, and Cal Johnston. The coaches are already looking forward to next year, as a group of young hopefulls from Benicia Middle School will be complimenting the returning wrestlers. Most promising for 1983- Doug Snowder, Billy Wagner, Russ Dunaway, and Harry Kirby.

Although the team was small, they worked hard and **never gave up.**

'82' varsity

The 1982 **varsity baseball team** was the classic example of **team determination, team coordination,** and **team enthusiasm.** Plagued by the critics, with lack of pitching, defense, and offense, the Panthers struggled to gain the skills the press robbed from them.

There was no doubt that the Panthers pitching was young. **Mike Banducci,** sophomore, **Jim Roullette** and **Robert Yakoi,** juniors, and **Roger Colwell,** the lone senior, combined to complete the Panther rotation. They

staffs of past years, but they were consistent, and **consistancy is the name of the game.**

The defense, like the pitching, was young. Three juniors starters in the infield and one in the outfield, set the stage for what was to be expected as an error prone season. It would be safe to say that the Panther defense was anything but error prone. **Robert Devault, Billy Wagner, John Santos, Jim Bowles, Kent Shaw,** and **Dennis Gosser** made up the infield while **Rick Brooks, Sam Peterson, Jo Jo Monzon,** and **Steve Bule** held strong positions in the outfield.

The offense, said to be the most crucial part of baseball, was expected to be like the other aspects of the Panthers- weak. True, the Panthers were not blessed with awesome home-run power, but they were blessed with the **ability to punch the ball,** that is to say they could kill a team by hitting singles and doubles. Strong Panther hitters were **Billy Wagner, John Santos, Sam Peterson, Robert Devault, Rick Brooks, Kent Shaw,** and **Dennis Gosser.**

The key to the Panther baseball of '82 was that each player had the same goals- **to have fun and win.** They did the best with what they had to complete their goals.

BALL!!

baseball. . .

"The Benicia High Panthers baseball team will be out to clinch the S.C.A.L. title once again. This year the team will battle with Vanden, Justin, and Dixon for the crown. The squad will be headed by returning seniors Dennis Gosser, Sam Peterson, Kent Shaw, Roger Coldwell, and Jo Jo Monzon. Look for the Panthers to be among the top finishers when the season comes to a close."

Lets get Cracking . . .

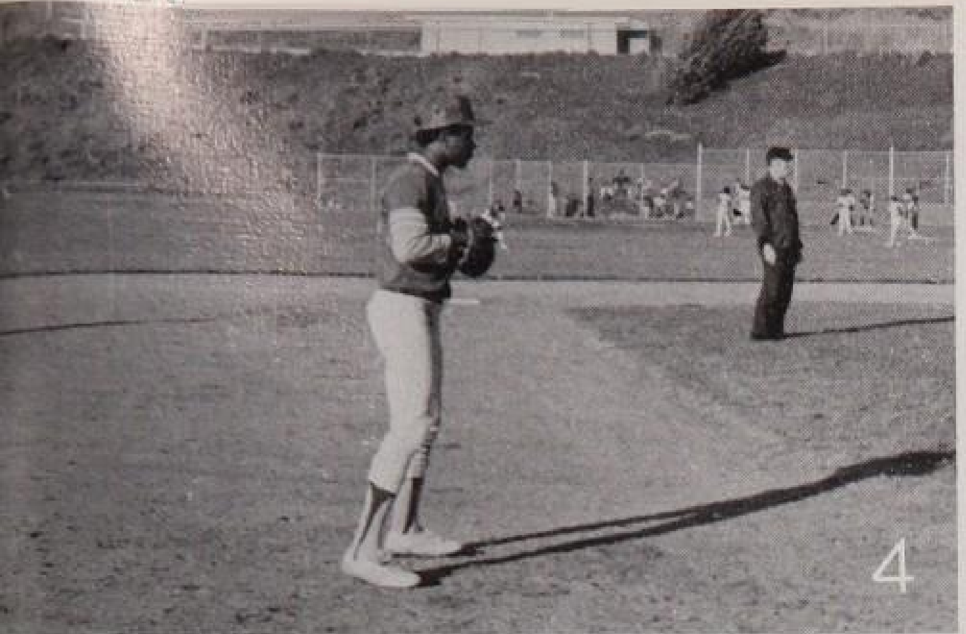

It was a clear crisp spring morning as the grass dripped with drops of morning dew. The only noise to fill the air was that of the many different chants of spring. "Hey! Batter, Batter, Batter!" rang through the entire field. "Let's go, buddy! That batter's yours! Let's see some heat!" Then it happened. It sounded like someone decided to celebrate the fourth of July early for the sound of cracking was everywhere. There could be only one explanation, the **Benicia J.V. Baseball** season had started. The time had come for Benicia to get cracking.

Our defending league champion J.V.'s were just what everyone expected them to be, **awesome.** The J.V. cubs had some of the leagues hottest batters like **Carl Hancock, Robert Yarbrough, Kent Shackleford, Scott Collins** and **Tony Valentine.** Although hitting was definietly the Panthers forte, they were no slouches in the field either. With the Golden Glove work of **Scott Collins, Kent Shackleford, Carl Hancock, Robert Yarbrough, Denny Hinds** and **Mike Navarro,** the Panthers put together **a fantastic season.**

Coach Tronstad held tight reins as he guided his team through some **great victories** and a few tough losses. The word "hustle" could best be described as the Panthers trademark - someone stealing a base, driving to make a play, a triple into a home run, all of these events were at every Panther game. By the end of the season this saying was heard all over the league: "Pitchers who aim at the plate, Beware, for you can be sure that Benicia will be right there. They're just waiting for one of those pitchers that has something lacking so they can lean back and start cracking." J.V. baseball, **way to go. Crack! Crack!**

GRAND SLAM!!

varsity softball

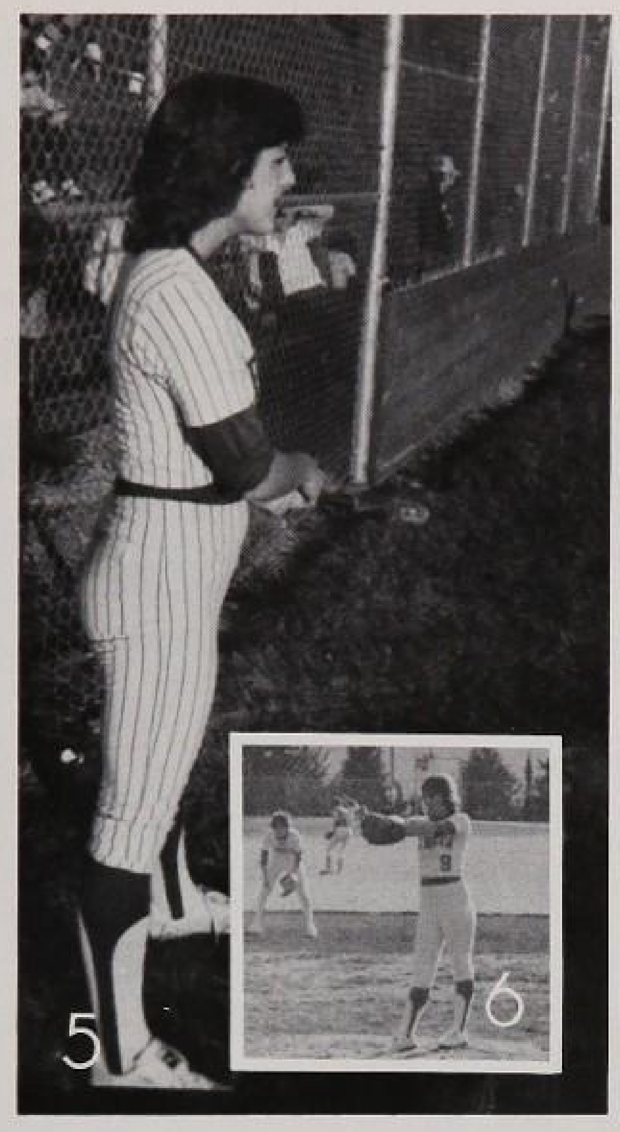

The 1982 **varsity softball team** was made up of 12 girls who played together with **skill and versatality.**

With the aid of a new pitching machine purchased for the team by the Athletic Boosters Club, hitting improved rapidly and the **panther bats were rarely silent.**

Pitching was a concern early in the season, but improved with each game due to the hard work of pitchers Rhonda Cowles, Beeb Gorden, Tish Naldoza, and Vera Smith. Any pitching success would not have been possible without the dedicated catching performed by Karen Bortolazzo, Becky Alkire, and Mercedes Moreau.

The returning seniors this year were **Tish Naldoza, Beeb Gorden, Mercedes Moreau, Becky Alkire, Beth Cooper, Michelle Hutchinson,** and **Karen Mortenson.** Their talent will be greatly missed next year. Juniors: **Rhonda Cowles, Karen Bortolazzo, Kim Heinitz,** and **Tina Moretti** who will be returning (hopefully) next year along with sophomore **Vera Smith** for another year of impressing fans and foes alike.

Special thanks to **Stephanie Costedoat** for her time and service to the team as scorekeeper.

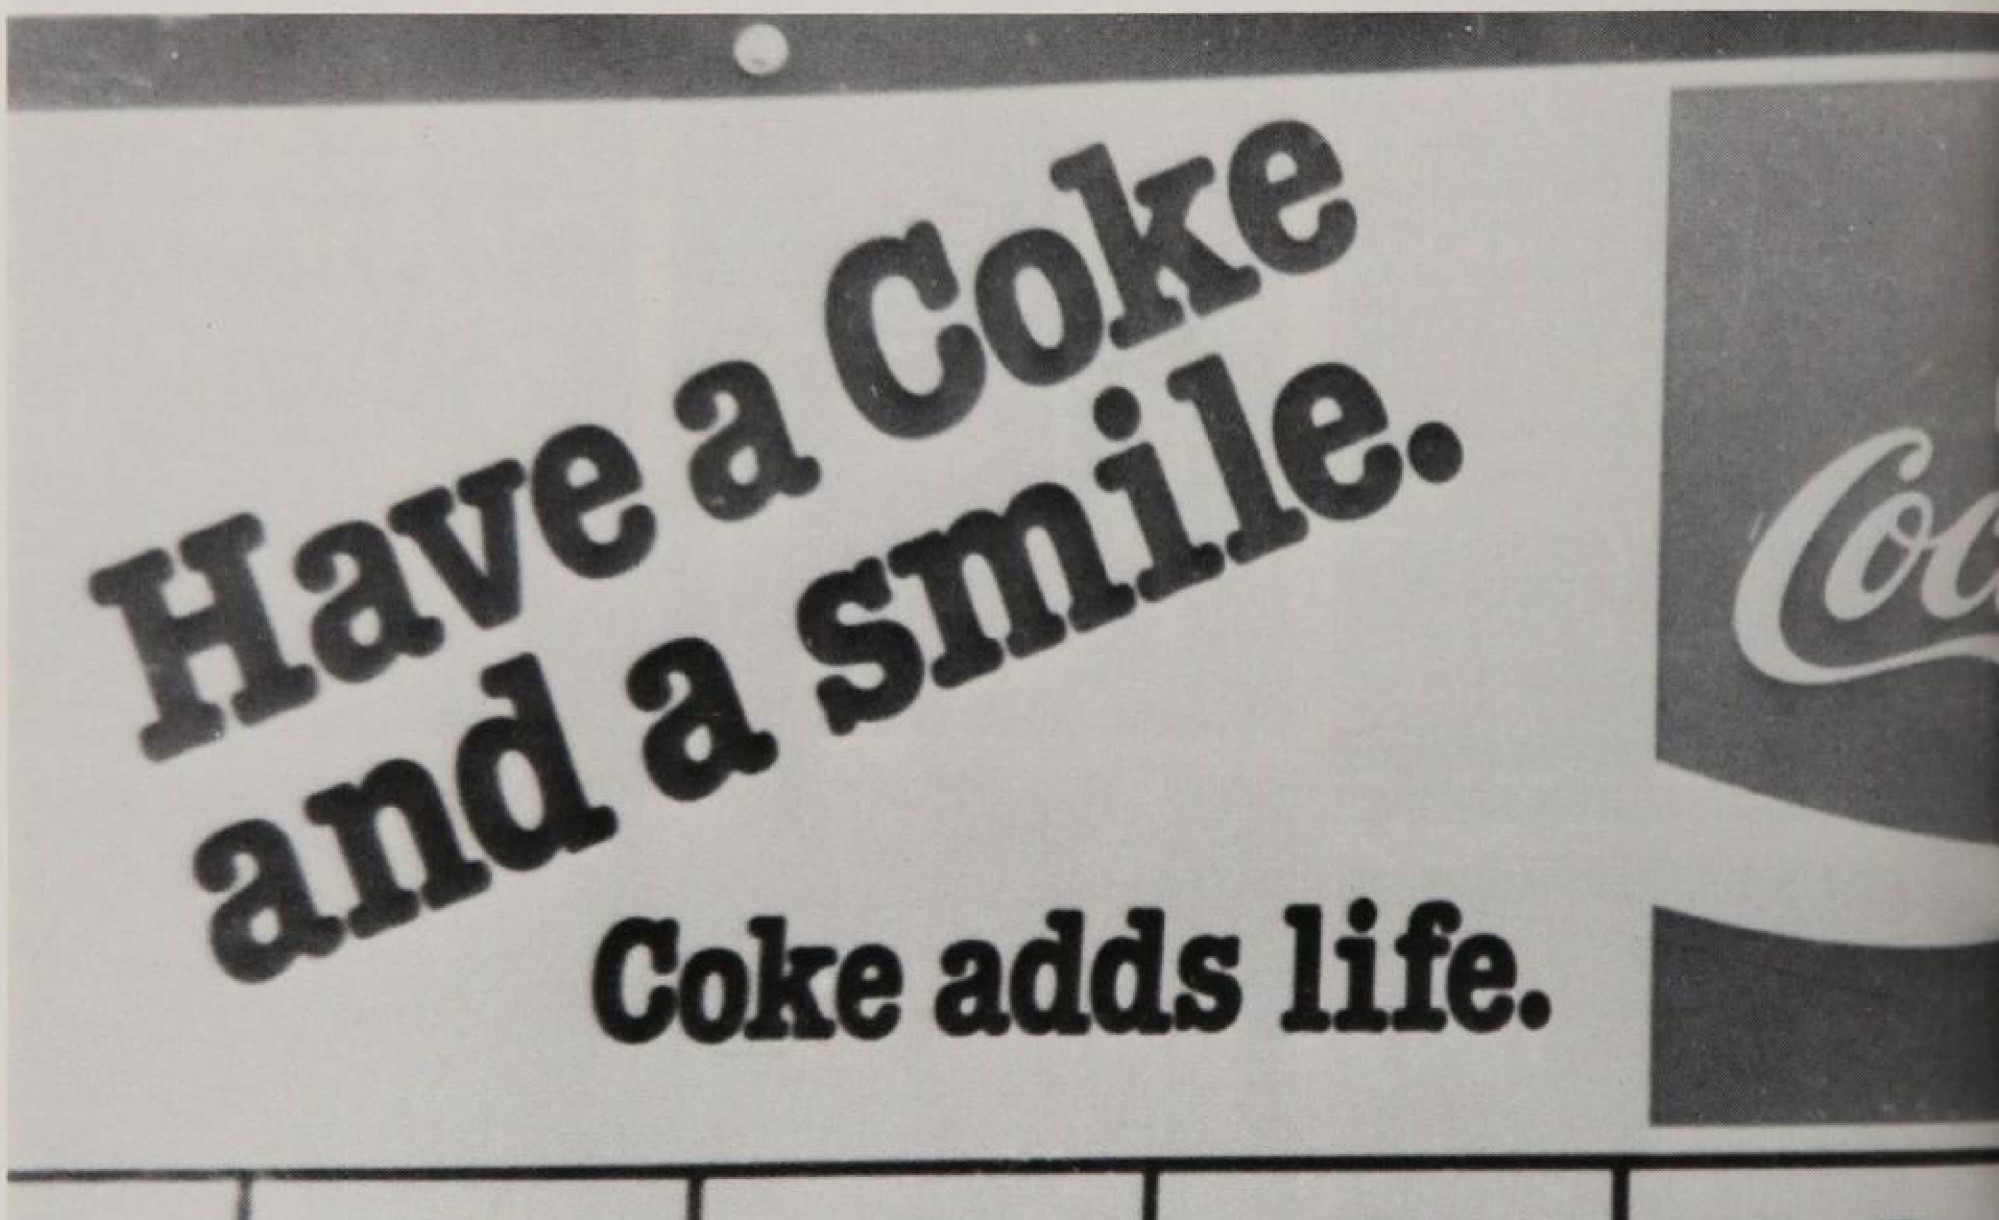

The girls worked very hard this year. They are among the most talented group to have played for Benicia. I've enjoyed coaching them.

j.v. softball

The **J.V. Pantherettes** started off their season in a winning fashion by winning both their pre-season games with over ten runs. They managed to gain recognition throughout the league. **Stronger batting and fielding skills** have impressed **Coach Johnson** as she thinks the team will do very well this season. The squads infield was the backbone for this year's success.

The turnout for this year's **J.V. Softball team was record breaking** as over thirty-five people showed up for practices. After two seperate cuts, twelve girls remained on the team to represent B.H.S.

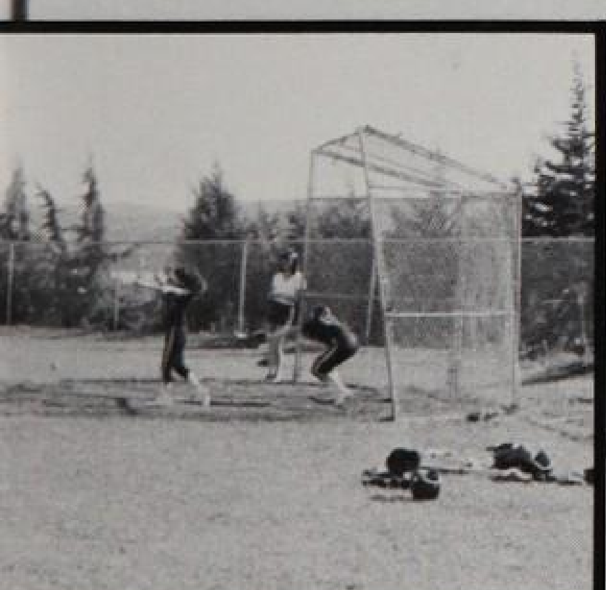

Six returning veterans took the rookies in hand and guided the newcomers into **spirited team play** and **rewarding growth.**

Team members are: Pitcher **Kim Hurley**, center **Debbie Jenkins**, catcher **Cathy Coen**, left **Gab Pasiciak**, 1st **Paula Larson**, 2nd **Jodi Folsom**, short **Cathy Lewis**, right **Marla Lico**, 1st **Nancy Gaston**, catcher **Gina Meyers**, **Christian Stewart**, **Michele Moreau**, stars, **Leebirtha Flores.**

TENNIS ANYONE??

The 1982 tennis season opened with exhibition matches against Hogan and Mt. Diablo. This years team consisted of 12 returning varsity members and 7 newcomers. The coaching techniques of **Mr. Doug Houser** and the combined talents of each player produced a competitive panther team.

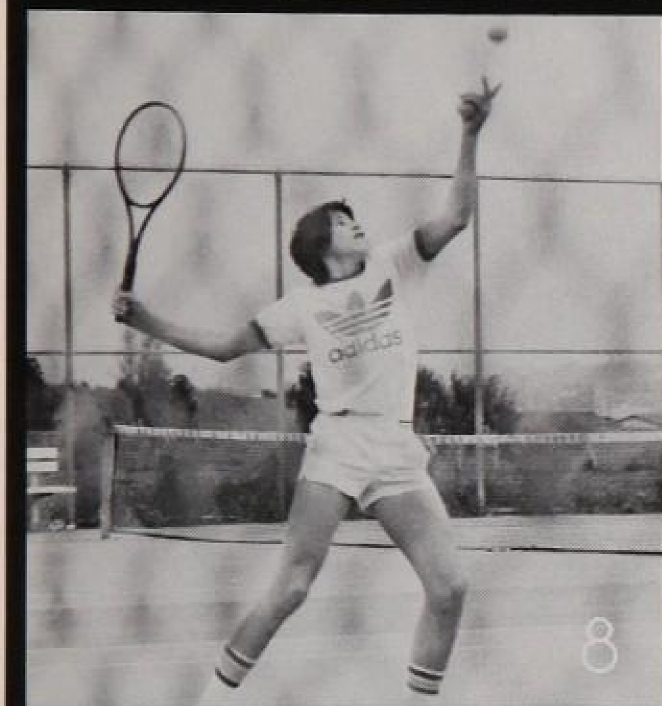

Third year members **Jason Chan** and **Adam McNulty** were the top singles stars along with second year members **Jill Porath** and **Cindy Christensen.** In doubles the boys combo of **Jim Dunlop** and **Steve Bortolazzo,** and girls combo of **Amy Russell** and **Nancy Kim** showed advanced talent.

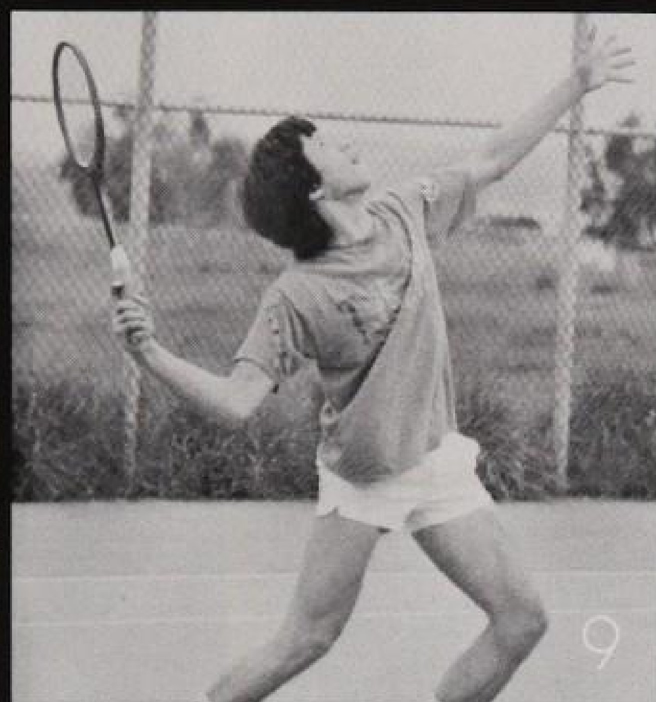

Varsity players **Sean English, Lynn Nishimura,** and **Darshan Woods** were also impressive. Newcomers to the panther team were **Cindy Aquino, Yatchio Nogami, Shierly Buana, Benji Querubin, Holly Field, Ian Scott, Jennifer Lipari,** and **Jeff Winship.** All looked very promising.

track and field

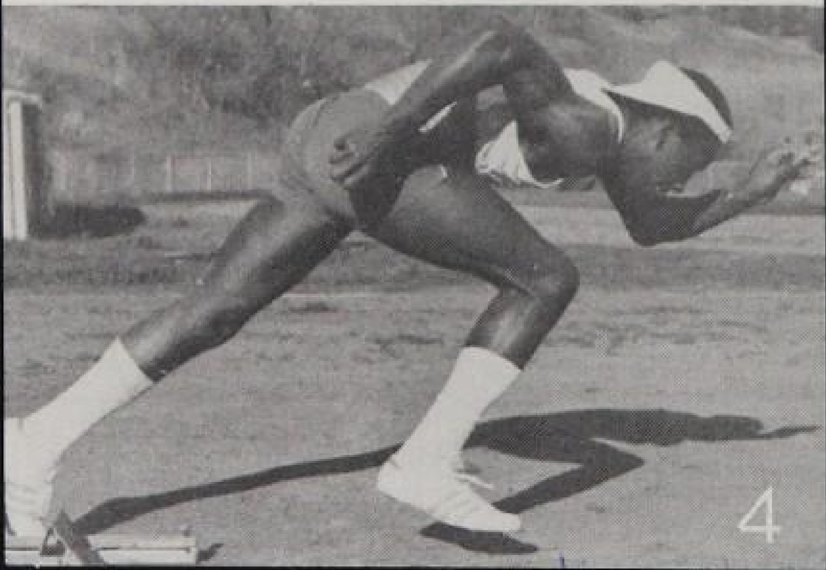

The 1981-82 track season had some bright moments and some dark moments. **Coach Mike Laughlin** had high praise for the squad and gave extra praise to the junior Varsity team headed by **Willie Pitts, Eric Broom,** and **Russ Dunaway.** The Varsity team was lead by **Philip Olson** while the girls were headed by **Felicia Pitts** and **Shelley Robinson.**

Coach Laughlin's track members used their potential to break numerous records to create an **outstanding team.**

The dark spots of this year's season came from above. Rain rendered the team with a diminished schedule.

PUTTERS . . .

Felicia Pitts, Girl's captain: *"This year's track team has raised very high expectations among it's members. The team worked harder and was more serious than teams in the past years. The relations breween the team members are very high spirited with everyone getting along with others. We have a lot going for us as a team and a lot of faith in ourselves as individuals. We expect many individual accomplishments throughout the season."*

T.C. Coats, varsity boys captain: *"All in all, our year was very productive. I was very pleased with the squads progress. I feel we did a lot of things no one expected us to do. '82 was a very good year!"*

The '82 track team began their season attending non-league meets and invitationals. They rose to the top in league meets, both away and home. Congratulations to both **Coach Laughlin** and his **fine athletes** for **a super year.**

SPLASHING VICTORIES . . .

This year's **swim team** was, to say the least, **disciplined and dedicated.** Swimming in the morning hours, afternoons and on occasional Saturdays, practice built the team into exceptional competitive condition. Every practice period, many swimmers swam over 5,000 yards in preparation for league challenges. With the help of our brother-sister team captains, **Scott** and **Lisa Ross, Coach Joe Woods** was able to improve each individual swimmer's skills.

Outstanding performances by **Ali Behnam, Cindy McMahon, Lisa Ross, Scott Ross,** and **Jennifer Young** added to this yeason's **great success.** In our first meet, Lisa Ross and Ali Behnarn qualified for sectionals. Coach Woods believes that by the end of the season, many other swimmers

will qualify for sectionals. The newest member to our team, as well as our school, **Stewart Barns,** has proved to be an outstanding addition to the boy's team.

With a lot of **confidence and enthusiasm,** Benicia High's 1981-1982 swim team has proven their competitive abilities as swimmers.

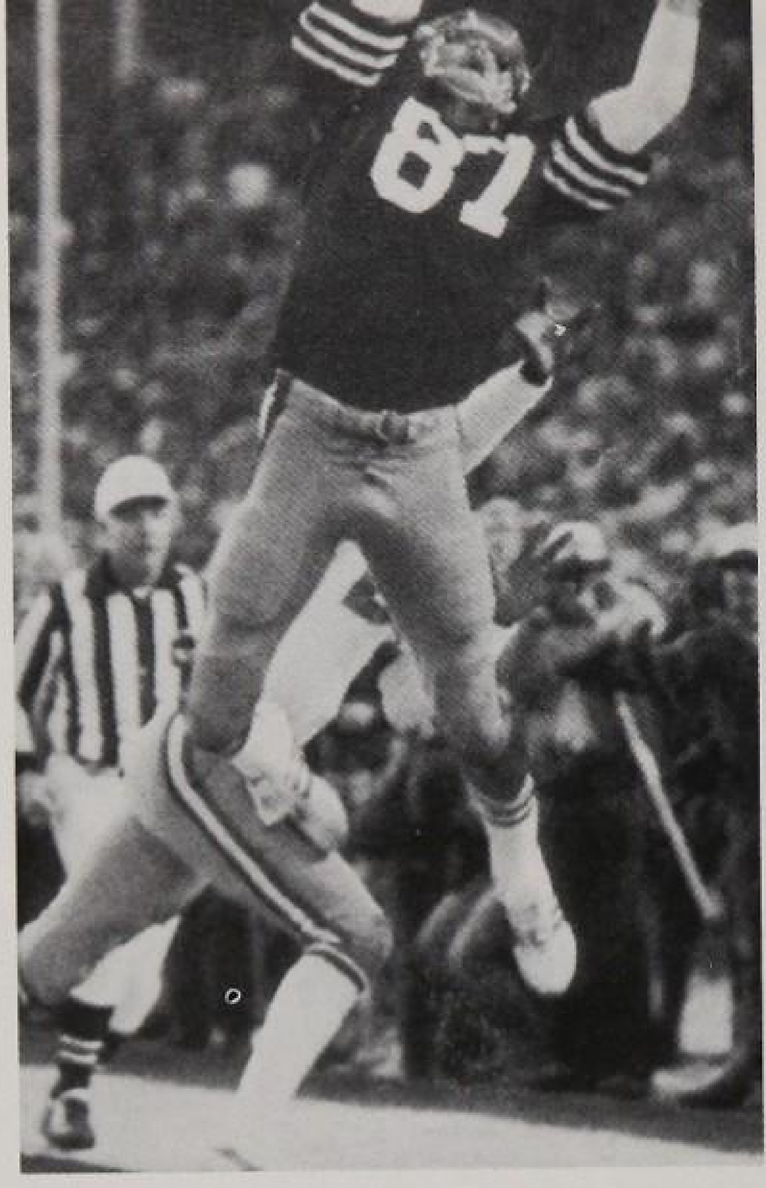

1. Girls' Swim Team seeking Victory. 2. **1981-82 Swim Team:** L. to R.: **Ramin Khajavi, Joe Eckhardt, Craig Bresslar, Stewart Brooks, Sharmin Khajavi, Robin Parsons, Tammy Weyburn, Lisa Sweet, Toni Pfister, Jennifer Young, Shelley Woods, Shelley Thompson, Lisa Ross, Cindy McMahon, Todd Quinlisk.** 3. feated the Cincinnati Bengals 26-21. It was **a fantastic victory** not only for the 49'ers, but for the whole Bay Area. Everyone was talking about **Joe Montana's** great passes and **Dwight Clark's spectacular receptions.** The team would not have been complete without the dynamic iron defense of Hacksaw Renolds, Ronnie Lott, and Fred Dean.

Credit for the 49'er victory is given to **Bill Walsh** whose great coaching ability turned the chaotic team into a winning team in just three years. For his mental game plan, Bill Walsh won the Coach of the Year award. Another award went to quarterback, Joe Montana who was voted the Most Valuable player by the sports writers.

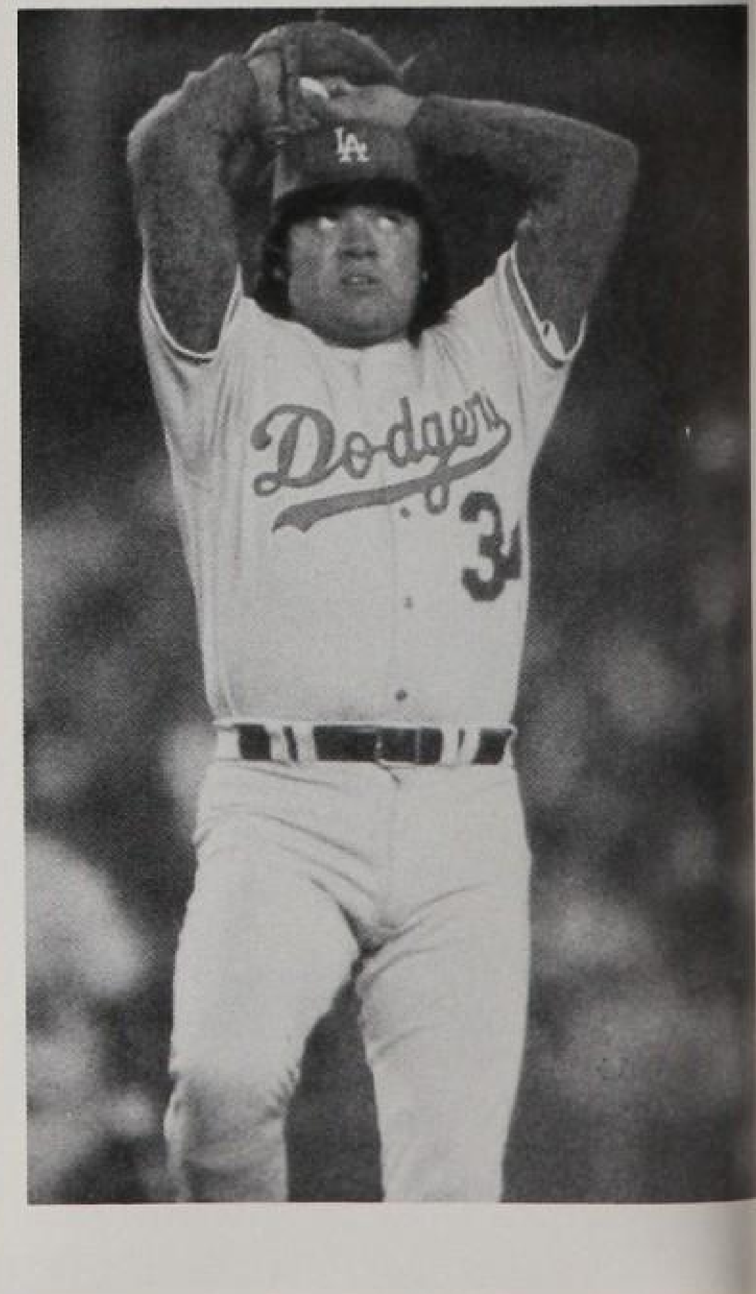

BHS wishes the 49'ers LUCK for the 1982 football season!

A YEAR IN SPORTS . . . GO 49'ERS.

When baseball season rolled around in 1981, everyone was talking about Billy Ball. The name refers to the **Oakland A's** and their diabolical general manager, Billy Martin. The AS's had **an amazing season.** BHS has expectations for World Series play during the 1982. **Go A's!**

The New York Yankees and the Los Angelas Dodgers represented the World Series teams. The Dodgers swept through the series with the leading efforts of 20 years old rookie, Fernando Valenzuela. His pitching ability gained him the Rookie of the Year and Cy Young awards.

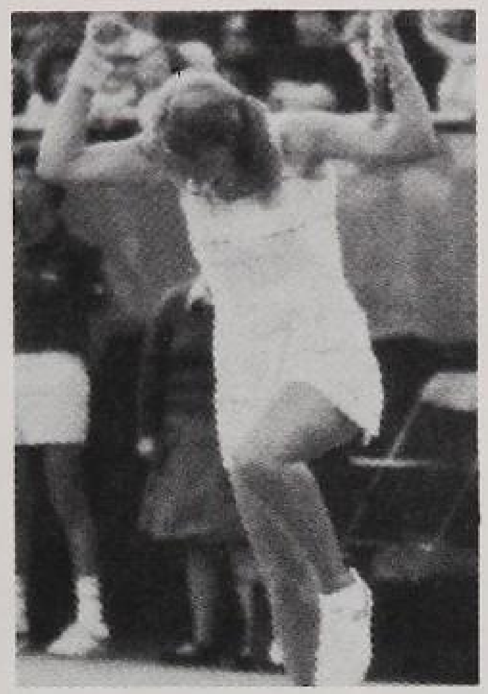

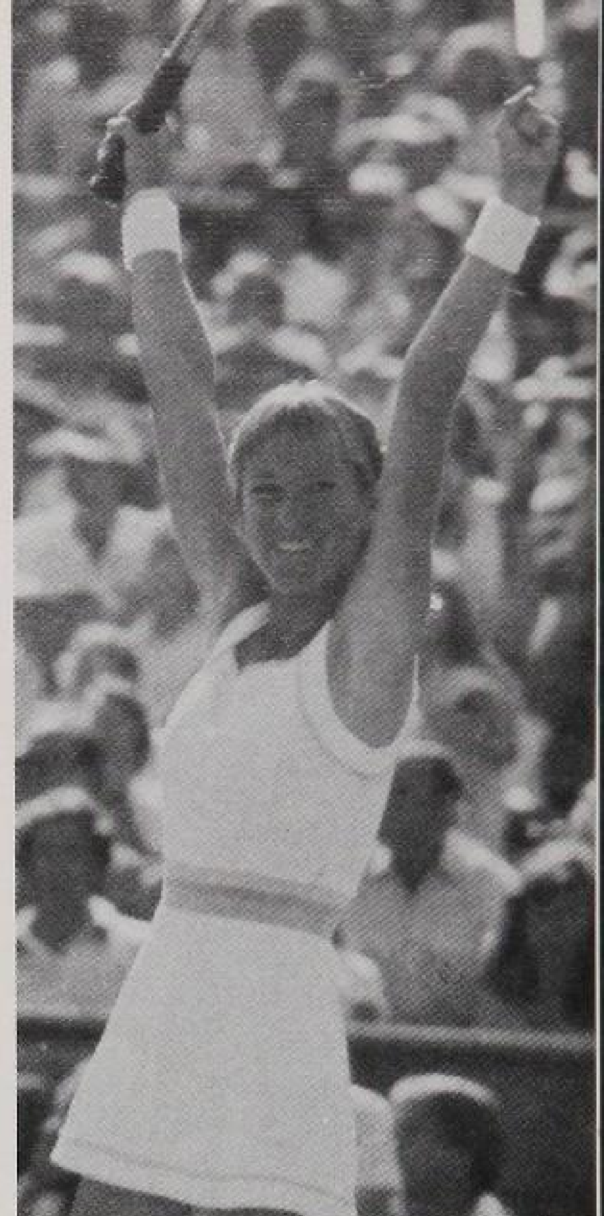

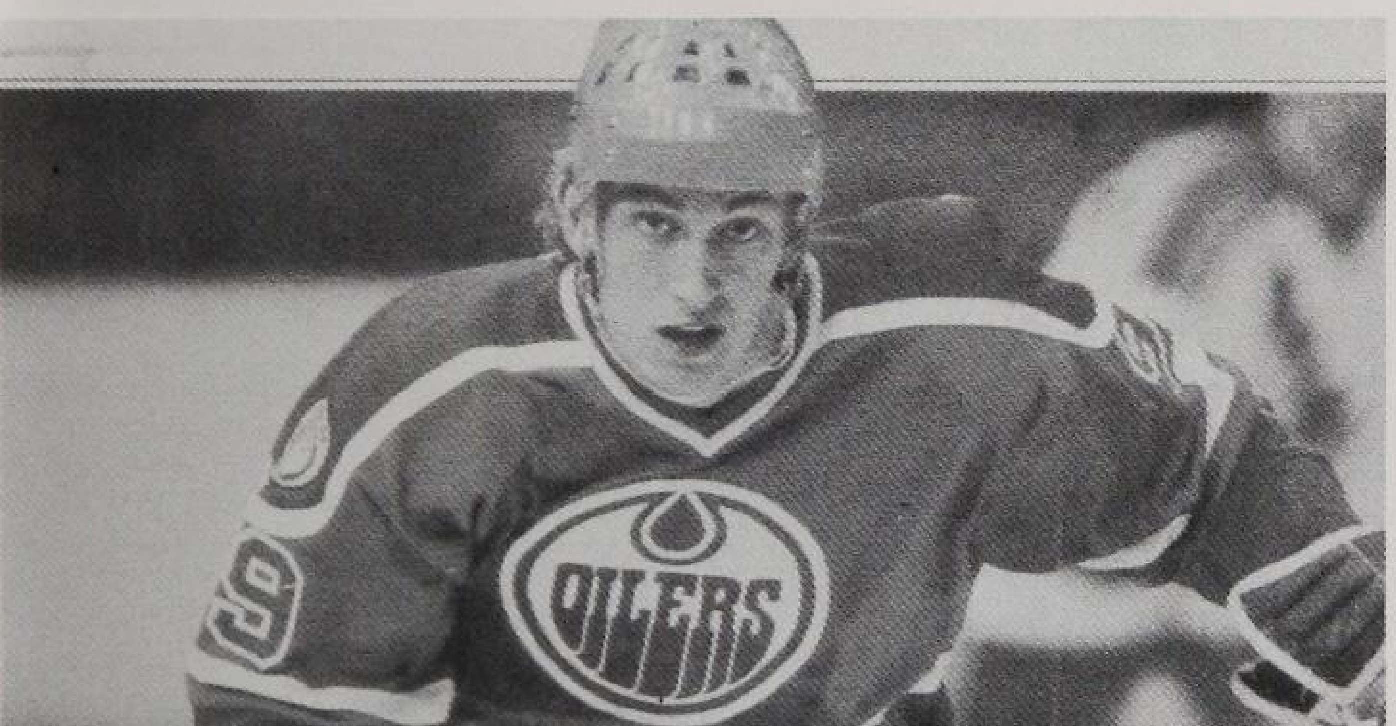

sports spectacular

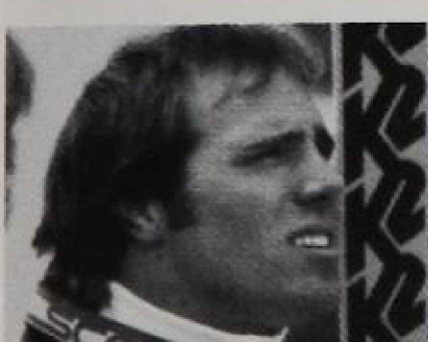

In tennis this year, the big names were **John McEnroe** and **Chris Everet-Lloyd.** McEnroe's tennis was excellent. He beat Bjorn Borg at Wimbledon with a 4-6, 7-6, 6-4 victory This win kept Borg from winning his sixth straight Wimbledon championship. Ten weeks later, McEnroe won the U.S. Open in his native Queens, New York, once again defeating Borg. The biggest women's prize went to Chris Everet-Lloyd, winner at Winbledon. **Tracy Austin** continues to improve her stroke and challenge the top players. She defeated Marina Navratilova at the U.S. Open.

Wayne Gretzky of the Edmonton Oilers broke all the hockey records. At 20 years old, Gretzky is a dominant force in the game. He has broken the record for points in a season, the record for assists, and the 50 goals-in-50-games record. Gretzky donates so much time and money to charities that he won the Charlie Conacher Humanitarian award at age 19. He considers the award "special because it's for something you do as a person, not as a hockey player."

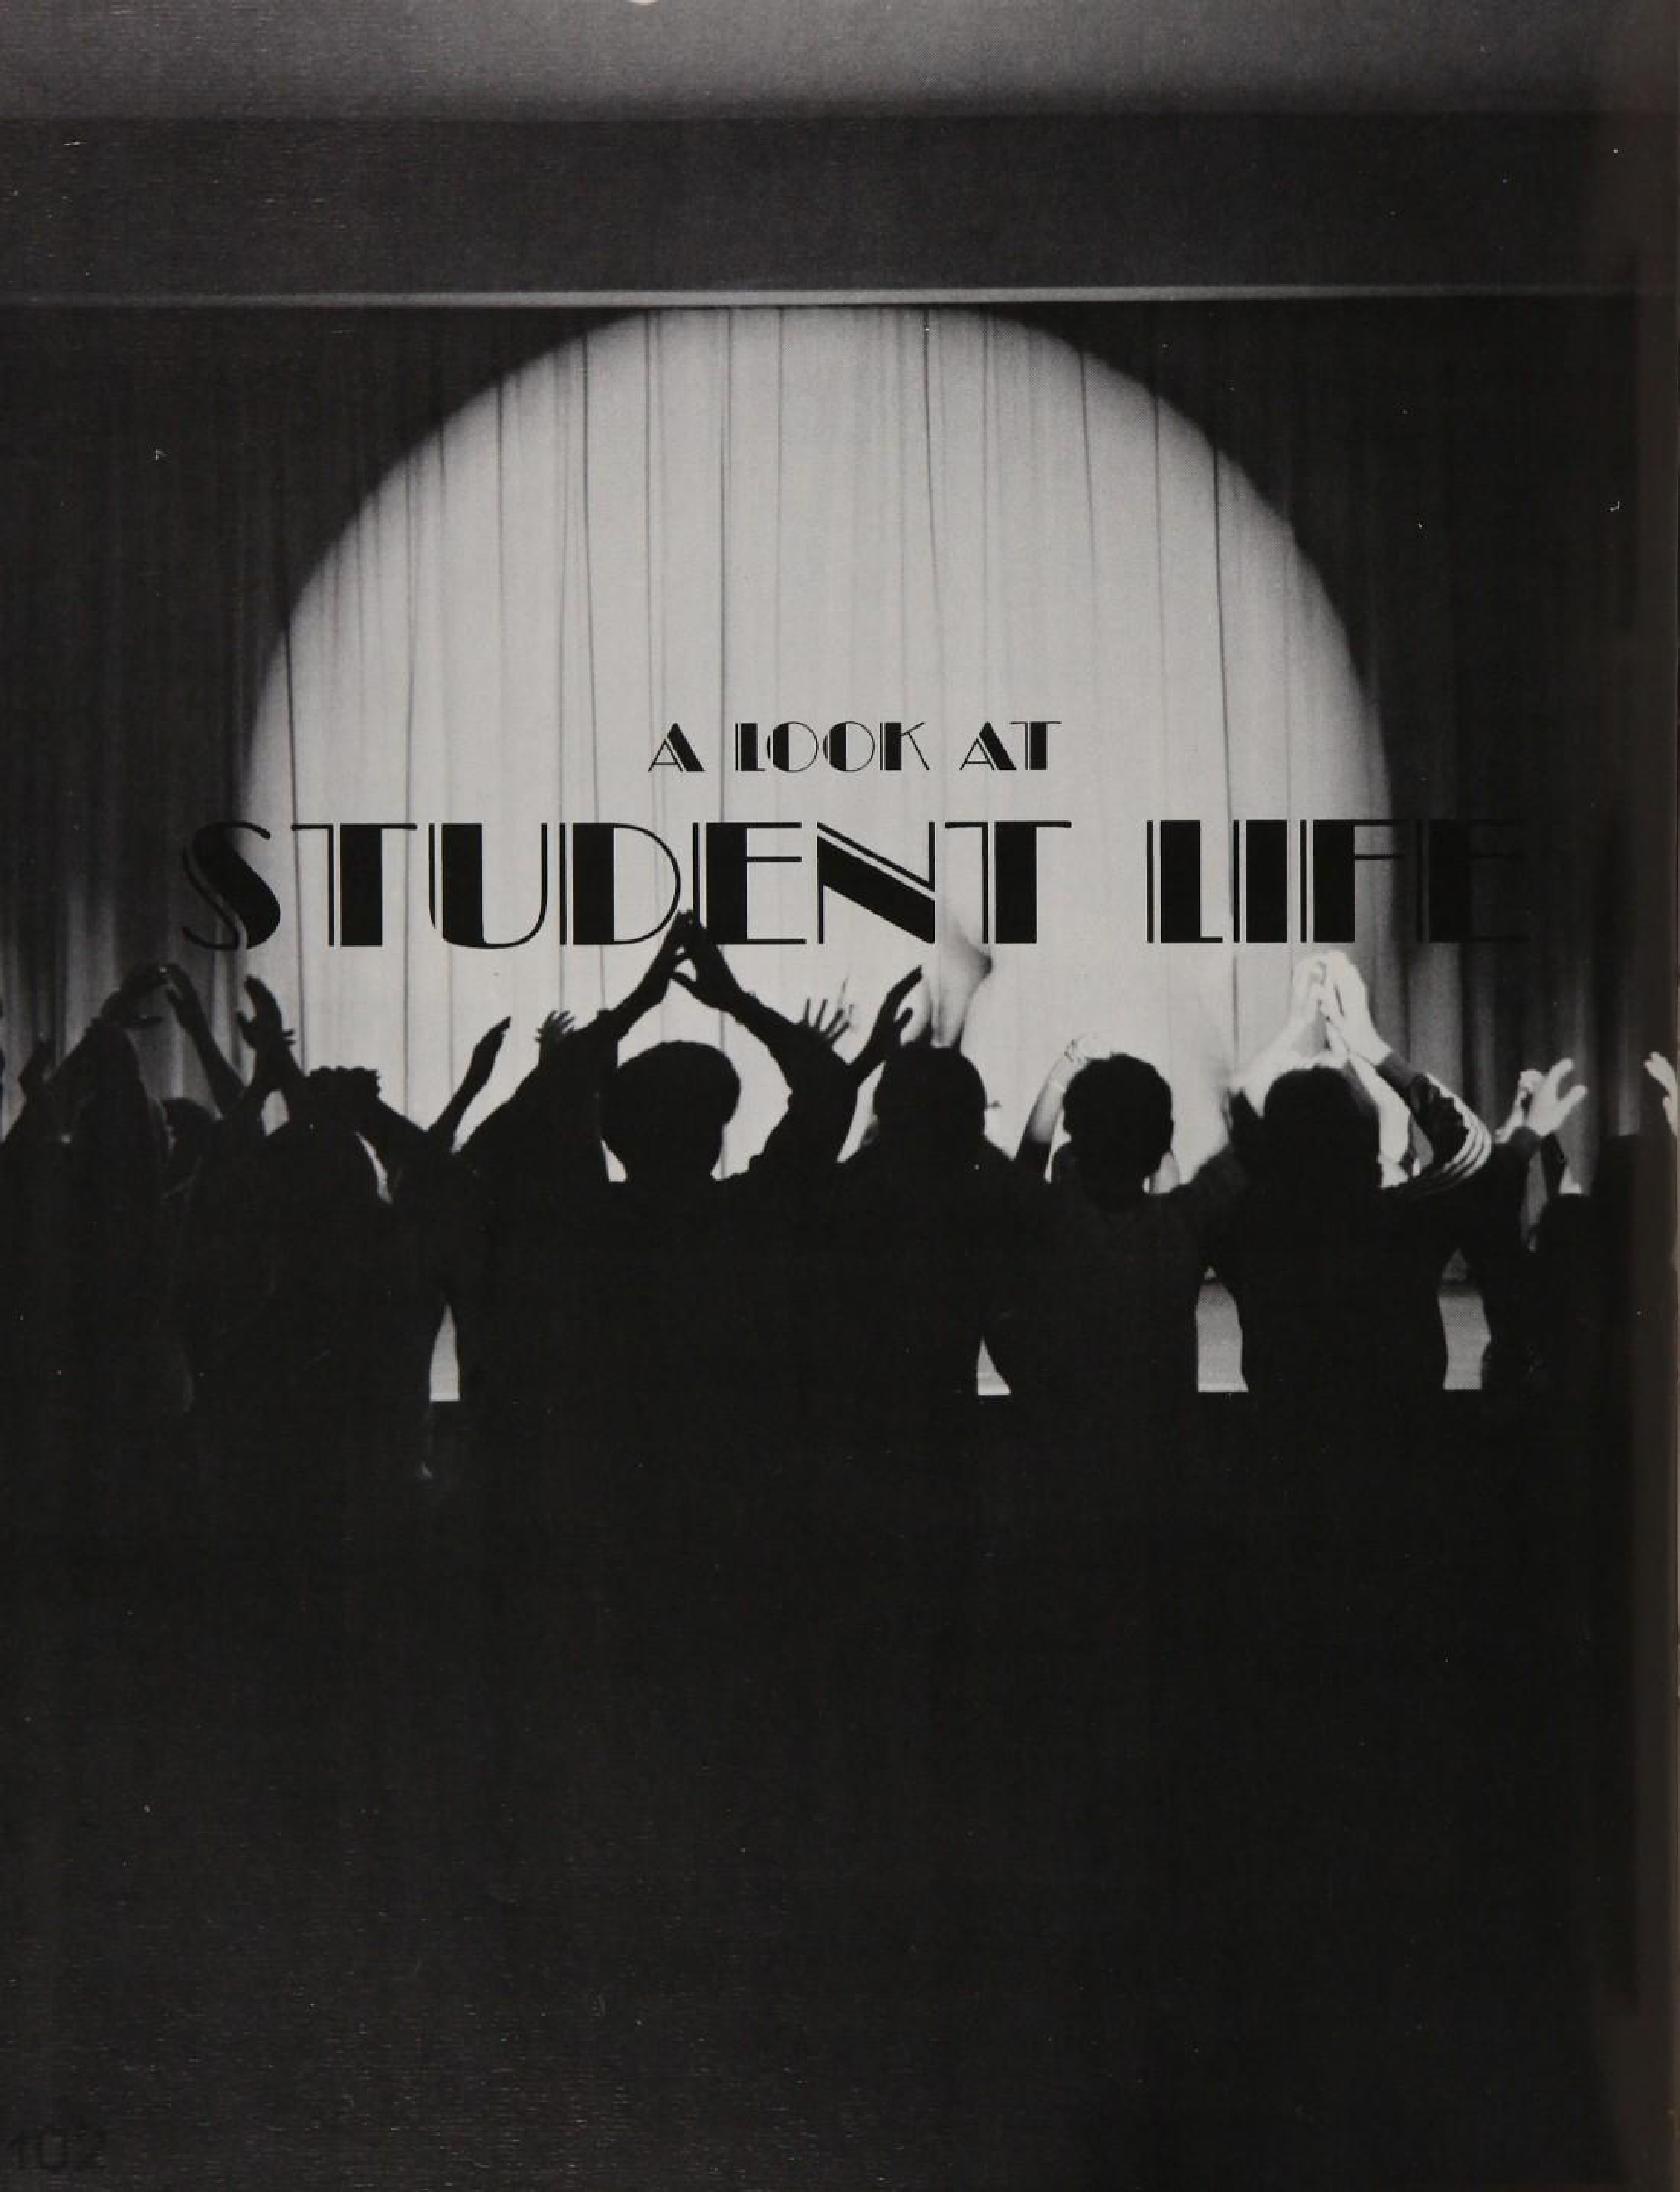

Phil and Steve Mahre are **the ski GREATS** once again. These 24 year old twin brothers from White Pass, Washington, are both high ranked skiers. Phil Mahre is the best combined skier in the World Cup circuit, and he won this year's overall World Cup for the second year in a row. Steve Mahre won the Giant Slalom at the World Alpine Championships, thereby getting the first Gold Medal ever awarded an American male in a World-Championship race.

A LOOK AT STUDENT LIFE

A TICKET TO GOOD TIMES
off campus . . .

Everyday our bells rang serving as a signal to break through the starting gates of freedom, **off campus life.** Some of us looked at this time as a time for recreation and pleasure or just as a time to gather our thoughts and find that special part of ourselves that we lost somewhere in the middle of that crazy mixed up week.

In the year of the cruise, it was only fitting that Benicia should have one of the most popular streets in Northern California. Yes, **Main Street** is referred to as "Cruise Street U.S.A." by teenage Benicians. Rolling down the windows, turning up the sounds, and doing some of that good 'ole fashioned girl watching or boy watching is definitely a primary past time to BHS students. If we weren't cruising in our "luxury" transport machines, we were enjoying carnivals, picture shows, and just sharing good times found on our city's streets.

Then again, there were those foolish few who decided to spend their time working. Of course, this really wasn't foolish when the size of their paychecks were considered. No matter how we spent our time, it was never wasted and it was always enjoyed to the max because we all knew that the time would pass and we would have to hit the books once again. To buckle down in preparation for the next fun filled free time adventure was definitely an event worthy of an Encore in '82.

HERE TODAY . . .

top of the charts

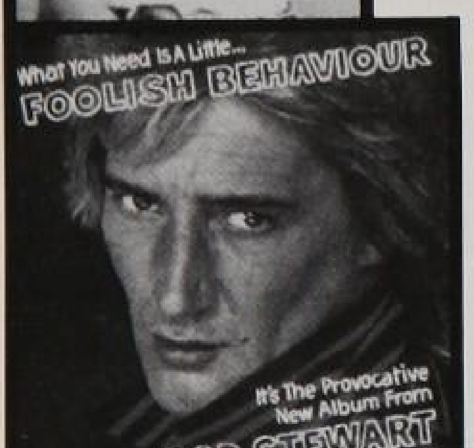

Everyone listens to some kind of music. Whether it's Jazz, Soul, Punk, or Rock and Roll, nobody's left out. Jazz and Punk rose while Rock and Roll and Soul both remained stable. Music is big around Benicia High because many of the top groups often come to the Bay Area for concerts.

1. **Earth Wind & Fire** came out with the album the "Raise" in the fall. They appeared in the Bay Area in late December leaving a box office sell-out all four nights. 2. **Diana Ross** had two top hits this year. "Why Do Fools Fall in Love" and the famous duet with Lionel Richie "Endless Love". 3. **Al Jarrau**, on the Jazz upswing, came out with "Breaking Away," both album and song. Touring through the San Francisco area. He appeared at the Greek Theatre in the early fall. 4. **Olivia Newton-John** bombarded the A.M. air waves with "Let's Get Physical." 5. The top of the Punk scene saw **the Go-Go's** and their hits "We Got the Beat" and "Our Lips Are Sealed". 6. **Rod Stewart's** "Young Turks" on the album "Tonight I'm Yours" rose quickly to the top of the charts as do most of Rod's songs. 7. **Rick James** combined Soul and Punk to come up with "Super Freak", another big hit of the year. 8. **Prince** came out with a new album and hit called "Controversy." 9. **Hall and Oats** were one of the hottest duos this year with top hits such as "You're Kiss is on My List" and "Private Eyes." 10. **Foreigner 4's** album swept the charts with hit singles "Urgent" and "Jupe Box Hero." They also appeared in the Bay Area on tour for a box office sell out. 11. **The Police** sparked the country of Rock and Roll with their album "Ghosts in a Material World." They also appeared in San Francisco in late January for an encore appearance. 12. "I'm Going To Keep On Loving You" and "Don't let It Go" were hit singles from **REO Speedwagon's** album "Hi In Fidelity."

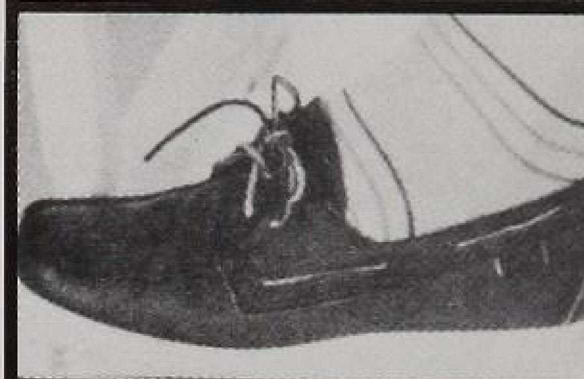

I enjoyed having you in my class - Best wishes for your future years here at BHS Susan Kelly

GONE TOMORROW

One characteristic that made this year different from all the others was our **fads and fashions.** Magazine models created our dream outfits and our dream images. We each had our own unique fashions which gave us our individuality. Many fashions this year were fashions of yesteryears. Except for the price, the mini skirts and leopard skin outfits seemd to reflect the 60's.

"The western look" was no longer for ranch hands, but we also wore cowboy boots, hats, levi's, and fringed jackets.

There was also those who decided to take on the **"preppy look"** — alligator shirts, flapped leather shoes, straight leg jeans, and esprit clothes.

Believe it or not, we also created the **"Old english look!"**—Knickers were back from many yesteryears ago, and we added to these flat, sometimes gold, sometimes silver, slippers.

We also carried the **"physical look"**— deck shoes, sweatshirts, and headbands. The headbands ranged from the athletic look, ususally made of cloth, to the formal look, metallic gold and silver braided together and wound around the forehead.

Last, but not least, we of course had the **"designer look."** Jordache, Calvin Klein, Sergio Valente, and Sassoon. These brand names were printed onto tops, pants, purses, and shoes — every accessory for a complete outfit. Nothing made these designer clothes different from any others except the tag holding the name. This seemed to give the clothes prestige and price.

Movies are a form of entertainment; a chance to see other periods of time and other life styles. They give us a chance to be with friends, boyfriends, girlfriends. They give us time to lose ourselves, our problems, and our thoughts into someone elses.

This year's movies were exceptionally good. Even though inflation hit the box offices, we still seemed to save up enough money to see our favorites.

1. **"Endless Love,"** starring Brooke Sheilds and Martin Hewitt, was based on the Scott Spencer novel about a teenage boy's all-consuming obsession with a young beauty and her family. 2. **"Taps,"** starring Timothy Hutton, was a dramatic story of a young boy who was drafted into the war. 3. **"Raiders of the Lost Arc"** stars Harrison Ford as a present day superman searching for the lost arc of the covenant. 4. **"Ragtime"** is a drama of a black man and a white man's struggle for their pride. 5. **"Reds,"** starring Warren Beaty, is a true story about the rise of Communism in Russia. 6. **"On Golden Pond"** stars Katherine Hepburn, Henry Fonda, and Jane Fonda in a touching story about an aging man and his relationship with his daughter. 7. **"Arthur"** starring Dudly Moore, is a comedy about a rich man fighting for the love of his life.

Many a magical night was spent by BHS students at our dances. These nights were filled with joyful laughter, good friends, and fond memories. Most students danced the night away, while others just kicked back and enjoyed the sounds, all with their special someone. Our dances served as an outlet for some students. The music, the beat, and the mood helped to release frustrations that had built up during the week.

Disc Jockeys provided us with a wide array of sounds, from rock to soul, including the latest hit of the nation, new wave. Due to the variety of sounds, our BHS dances attracted many different groups of people. Many students and alumni from other towns such as Vallejo, Concord, Pittsburg, to San Francisco enjoyed our dances as well as our own students.

Whether these dances were planned by a class, club, or committee, the turnout was over whelming. Whatever the case may be, our dances become many . . . **Nights to Remember.**

Question: *Can Computers over take man?*
Answer: *Can man over take computer!*
Question: *Where can I find out?*
Answer: *B.H.S. High School Exact location is A-6,*
Name: COMPUTER CLUB.

The newly formed computer club has been a much needed addition to B.H.S. The club, headed by officers **Jim Eckhardt, President, Jason Chan, Treasurer,** and **Mrs. Wilbur, Advisor,** help to answer all of our thousands of questions like, "How does it work? Does it know my birthday? What does it know? What doesn't it know?"

Jason Chan, of B.H.S. computer club, joined because he feels that as the years go on there will be a greater demand for people who can operate and understand the machines. He feels that computers are our future. This is already quite evident with a computerized world such as ours, where computers is the new trend, the need for humans will become lower and lower. Until one day we won't

Historians trace **the art of scarecrow** making back to primitive man's earliest efforts to cultivate the soil. By the 19th century, the scarecrow was firmly established in American folklore and had earned a secure niche in the art of this country.

This year's **Advanced Creative Crafts class** entered **The Great Scarecrow Contest** to show their great works to judges from four western states.

There are three different catagories in which to enter traditional scarecrows and harvest figures, humorous scarecrows and contemporary and sculptural scarecrows. Our winning entree entered under the contemporary scarecrow contest and picked up a second place, including $200. They plan to use the money for a trip and tour of Alcatraz island and to attend the Harvest Craft Festival at Brooke's Hall in San Francisco.

SEEN ON THE SCENE

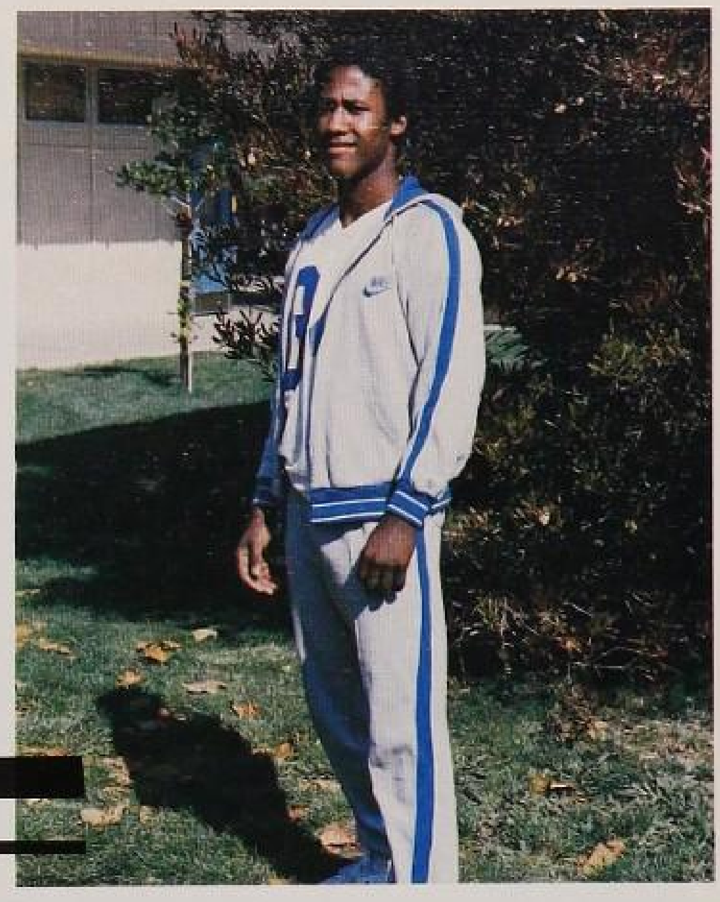

freaky fads and fashions

1981-82 was certainly a year for new **fads and fashions.** There were many different styles at B.H.S. and we all followed the popular way to dress. The Zebra and Leopard skin look, or punk look, was extremely popular this year. These were regular shirts with either a Zebra or Leopard print and which came in many different colors. There were a variety of pants besides the regular straight legs such as; pants that gather at the waist and at the ankle some with zippers, elastic, buttons, or snaps. And then there were knickers. These were knee length pants: usually worn with lighter-colored knee socks. The camouflage look was worn by many students. These were outfits that resembled army dress. The colors were mainly greens, khaki, browns, and tans. Moccaisins were

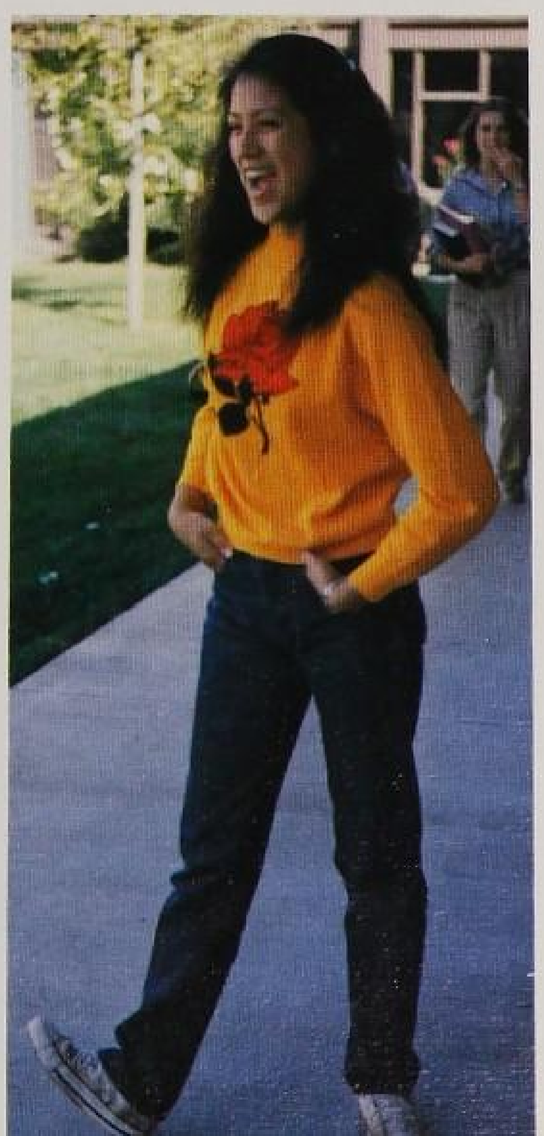

overall the most popular shoe. They came in **many different styles** and colors. And of course the G.Q. look and casual look was worn throughout the whole year—- like the famous Levi Strauss 501 straight leg jeans, alligator shirts, topsiders, sweats, and tennis shoes.

The popular snack/lunch activity was Hacky Sack. Players stand in the sack court and kick a sandfilled ball between one another without using their hands.

Fads and Fashions change every year but this year, they were different from all the rest, for they were worn by our B.H.S. students. **Our fashions were the best - they deserved an Encore.**

STUDENT ADVISORS

The **Principal's Student Advisory Committee** is an important yet, little known group on campus. This group of students helps advise how money for **campus improvements** should be spent.

In the past two years the committee has kept itself busy with many projects. One project included the addition of a Student Leadership class. The class was designed as a publicity and school service class. The students in this class make sure there are enough workers at the concession stands at all football and basketball games. The advisory committee was also responsible for the extended snack and lunch breaks. The main concern of the group, however involves **beautifying the campus.** Last year, in addition to the extended snack and lunch breaks and the added Student Leadership class, the group also persuaded the school district to plant planters around campus and to paint sections of the school.

This was the second year B.H.S. has had this committee and its feelings and opinions weighed heavily in the decisions made by the administration.

Committee members are: bottom row: **Mr. Steve Iverson, LaSherrie Edwards, Nushin Khajavi, Rodelyn Monroda, Romin Khajavi,** second row: **Dwight Smiley, Monique Hunt, Cindy Toliver, Mr. George M[illegible]man, Juleen Eckhart,** top row: **Rowland Flores, Maria Solis, Lisa Montgomery, Carlos Pineda, Susie De Suijo, Rigo Pasibe, Tisha Montgomery.**

PLANNING AHEAD

people helping people

The Career Center is a program introduced to aid the students in finding out facts about college, vocations, and scholarships.

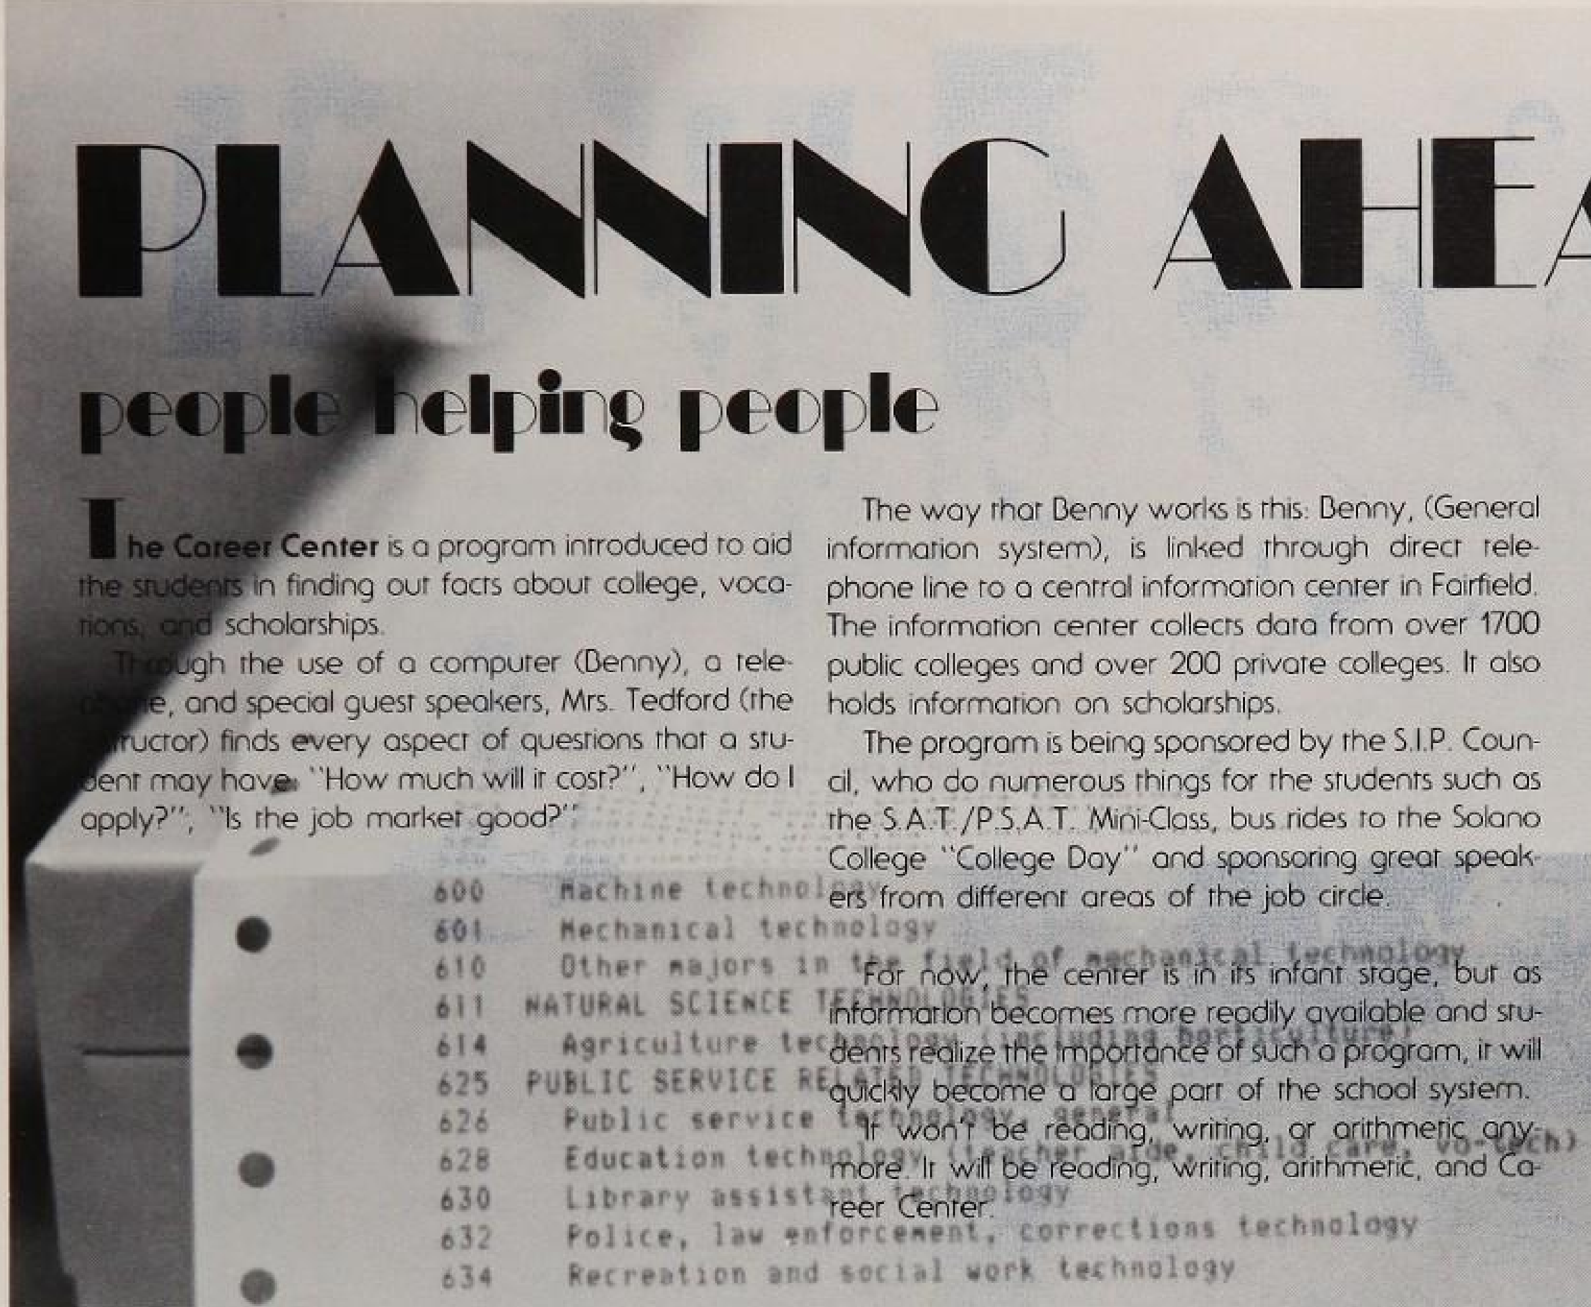

Through the use of a computer (Benny), a telephone, and special guest speakers, Mrs. Tedford (the instructor) finds every aspect of questions that a student may have: "How much will it cost?", "How do I apply?", "Is the job market good?"

The way that Benny works is this: Benny, (General information system), is linked through direct telephone line to a central information center in Fairfield. The information center collects data from over 1700 public colleges and over 200 private colleges. It also holds information on scholarships.

The program is being sponsored by the S.I.P. Council, who do numerous things for the students such as the S.A.T./P.S.A.T. Mini-Class, bus rides to the Solano College "College Day" and sponsoring great speakers from different areas of the job circle.

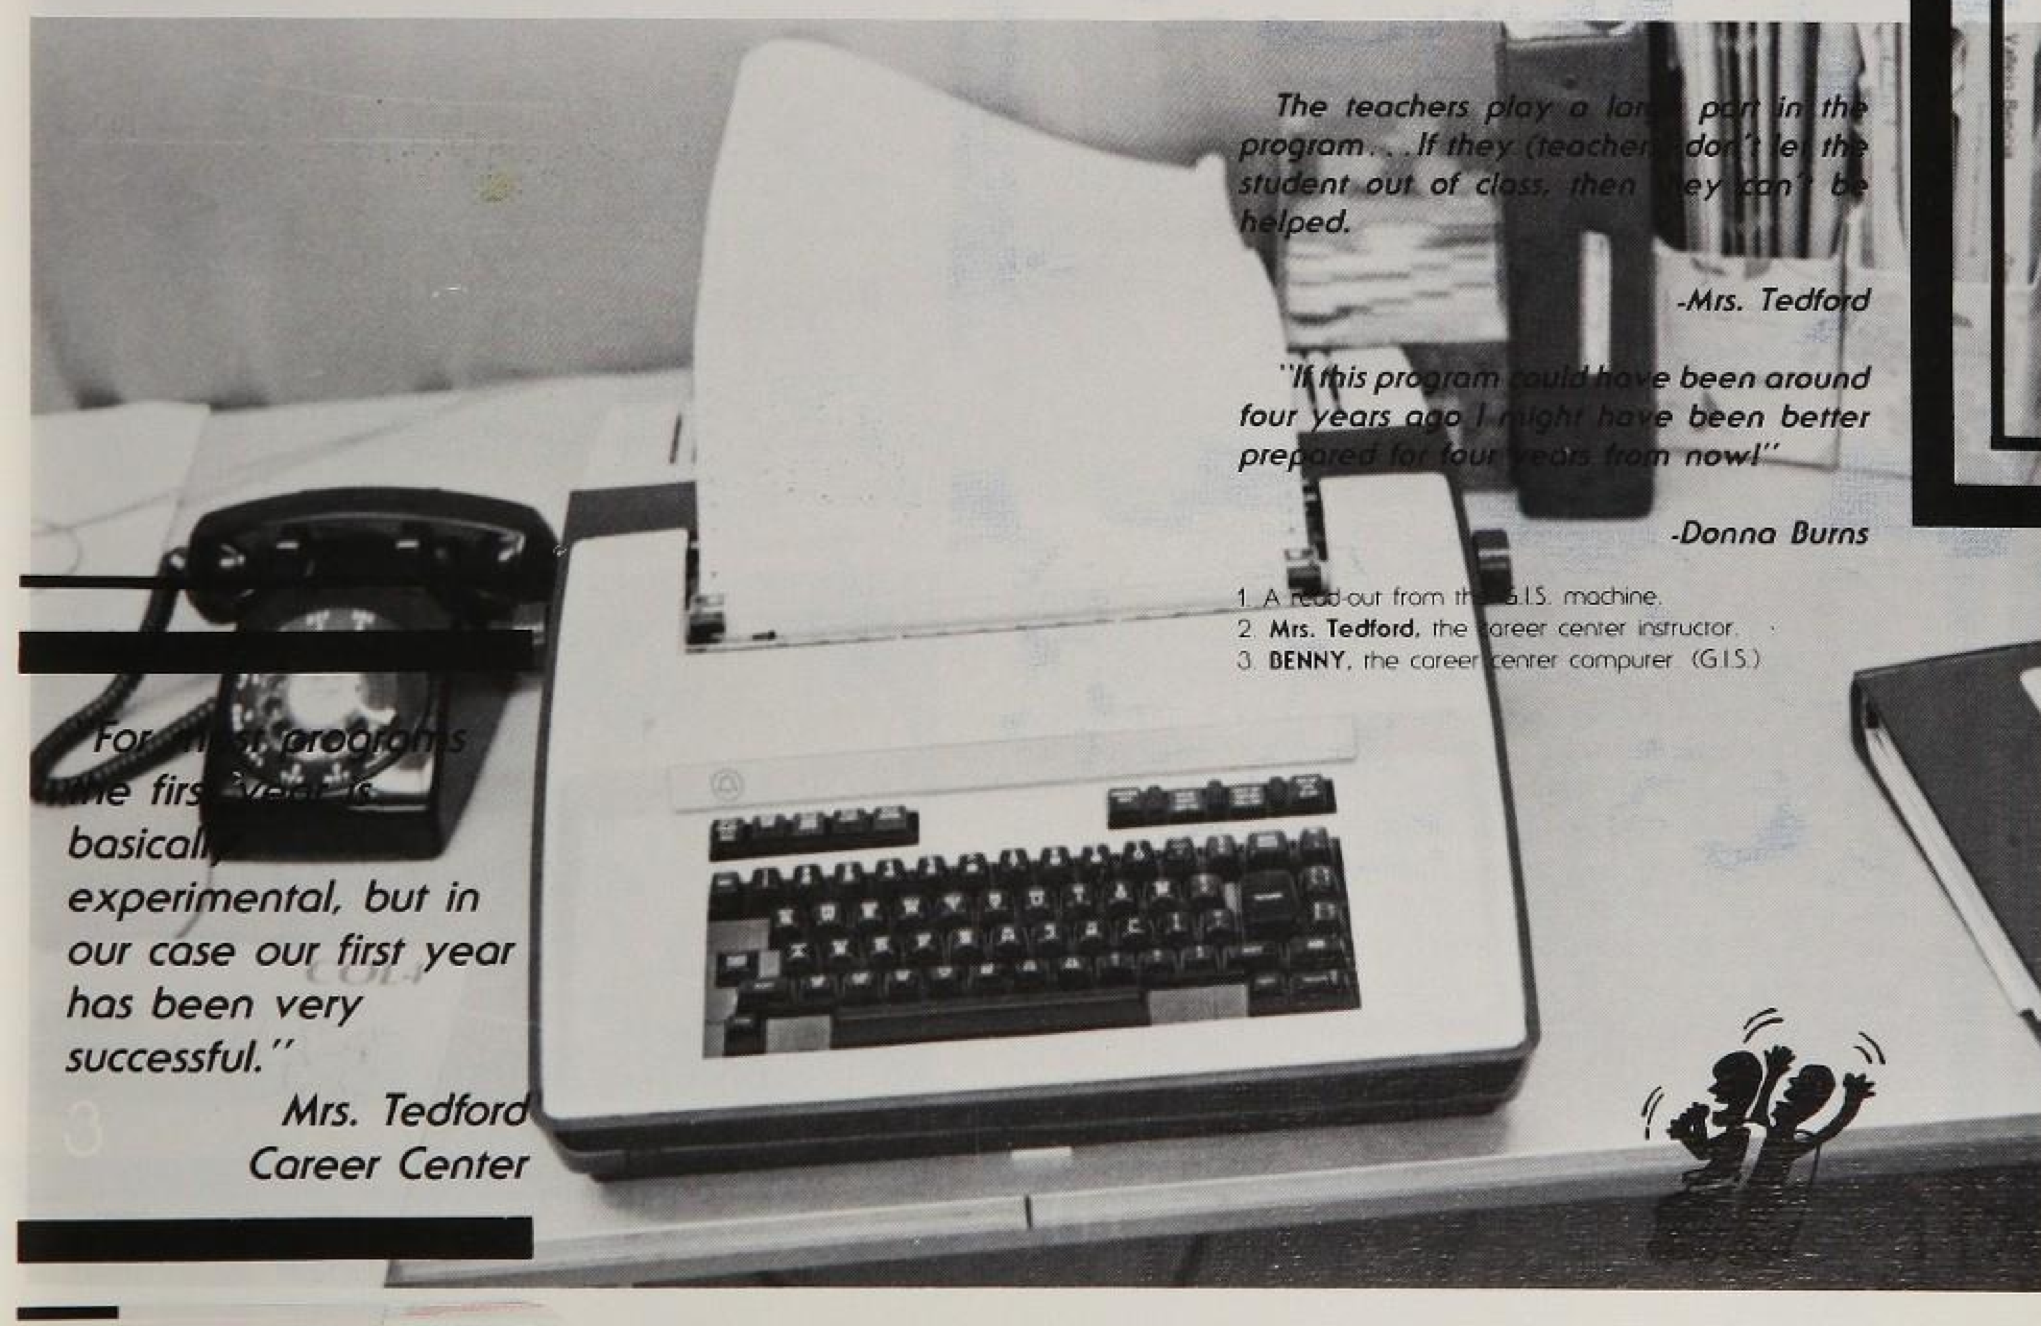

For now, the center is in its infant stage, but as information becomes more readily available and students realize the importance of such a program, it will quickly become a large part of the school system.

It won't be reading, writing, or arithmetic anymore. It will be reading, writing, arithmetic, and Career Center.

2

The teachers play a large part in the program. . . If they (teachers) don't let the student out of class, then they can't be helped.

-Mrs. Tedford

"If this program could have been around four years ago I might have been better prepared for four years from now!"

ENCORE ACHIEVEMENTS

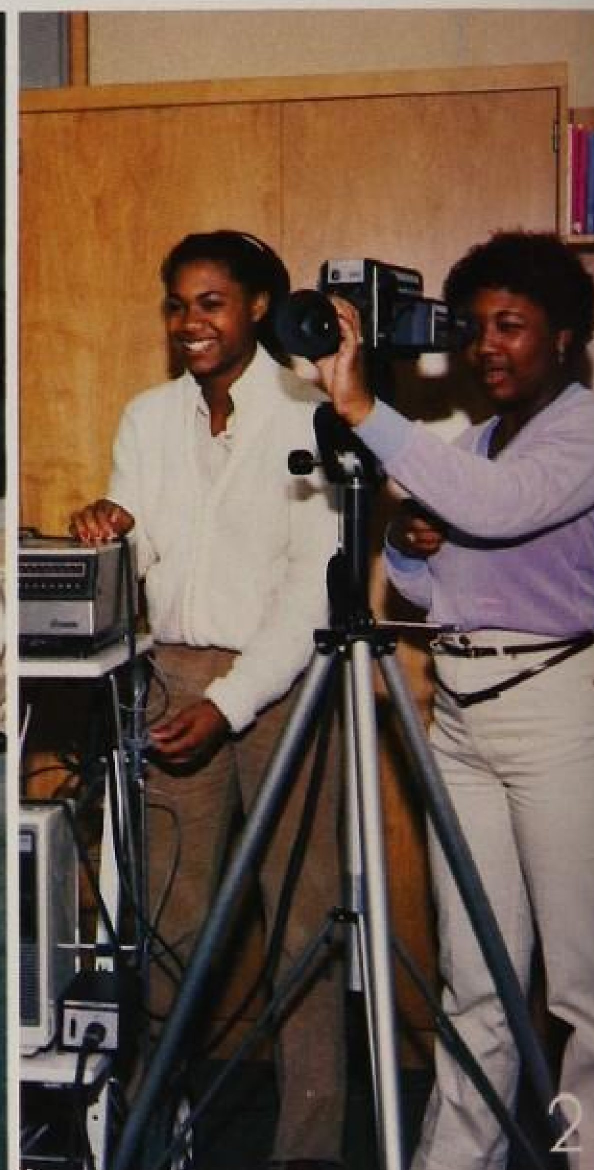

Students became seriously involved in their **academic classes** this year. The pressures of college entrance exams, grade point averages, and faculty accomodations became reality for the serious students. Most students began the school year off with a career in mind. By being serious in school and learning about the many activities and classes offered, one became better equipped to face the real world outside the classrooms of high school. College prep classes were emphasized this year and proved a great help to all grade levels.

2

Representatives from Cal Davis, Cal Maritime Academy, and the Armed Forces came to our campus quite frequently to discuss and informed the students of the various programs offered depending on a particular institution. Not only did the pressures of college entrance draw upon the serious student, but the major news issues caused alarm and concern for **action and study.** The assasination attempts on our President, Ronald Reagan, and the Pope John Paul the third, caused much alarm to the students. The successful attempts on John Lennon and Anwar Sadat caused overwhelming students awareness of the real world. Students studied the problems of the world and began to understand the reasons why things happen. They worked and discussed ideas to prevent future political crisises.

A LOOK AT CLASSES

a look at classes

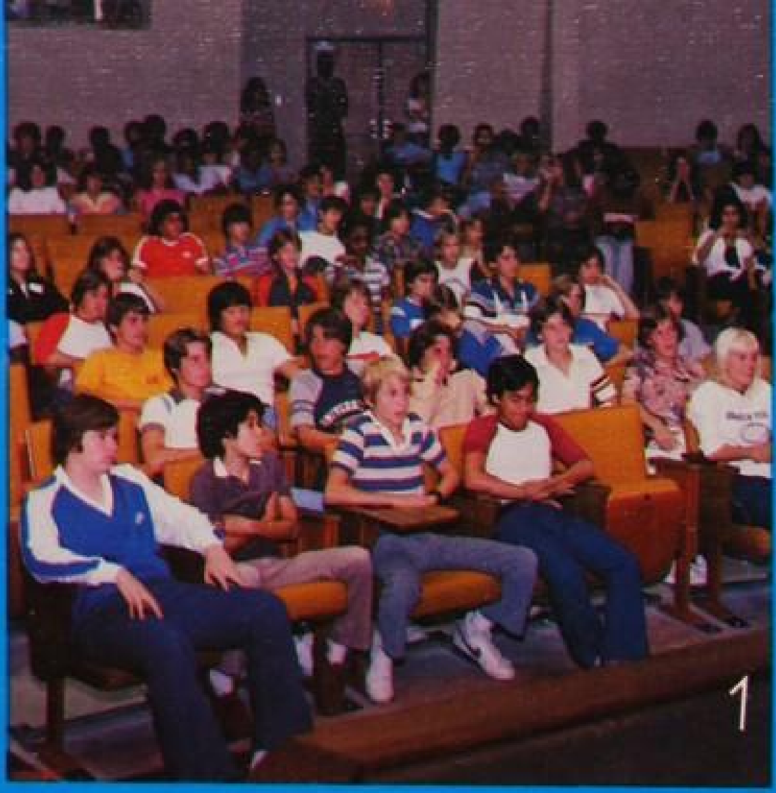

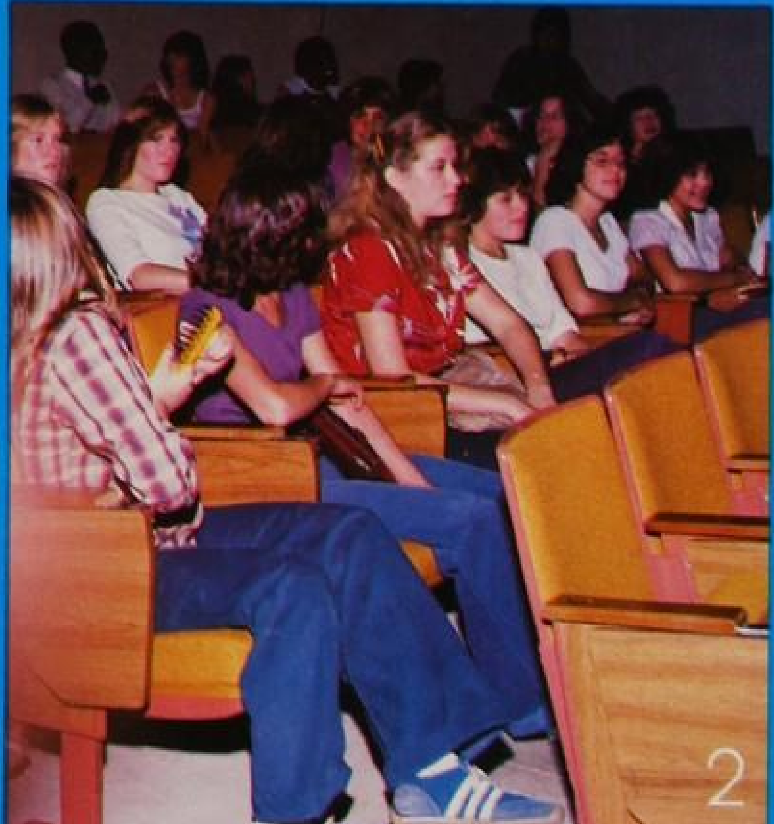

class meetings . . .

The class presidents for the 1981-82 school year have been very successful.

Mike Barbour, took the responsibilities of activities for the Senior class and student council business. Mike has already completed the Prom, Southampton Run, the Senior Play and Homecoming Queen elections. He also plans to hold a dance in November, a dance for the parents of the Senior class students at the clock tower in December, the senior banquet, Disneyland, and the Senior Picnic. The senior class has earned $260 dollars and their goal is $10,000 dollars. The Southampton Run along with the Senior Play and dances, should bring a total of $2,000 for the year. Mike's comments were, "I hope we get participation within the class so we can carry out our plans and make our senior year a great one!"

Cindy Cunningham was Junior class president. Cindy has already completed homecoming queen elections for this year. She continued to plan the dances for the Junior class, donkey basketball, dance marathon, combined with the Senior class and the Winter Ball. The goal for the Junior class is to raise $1,200 by the end of the year. Cindy's comments were, "We have a good class but it would be better if we could get more people involved."

The Sophomore class president was Maria Solis. Maria holds fundraisers, and tries to get her class involved. She has completed this year selling pom-poms at the games, and class princesses elections for homecoming. Maria plans on holding dances, and flowers sales, candy, and carwashes. Maria's comments were "I hope to make our sophomore year a good one so that our senior year will be great. I hope more students will get involved as the year progresses."

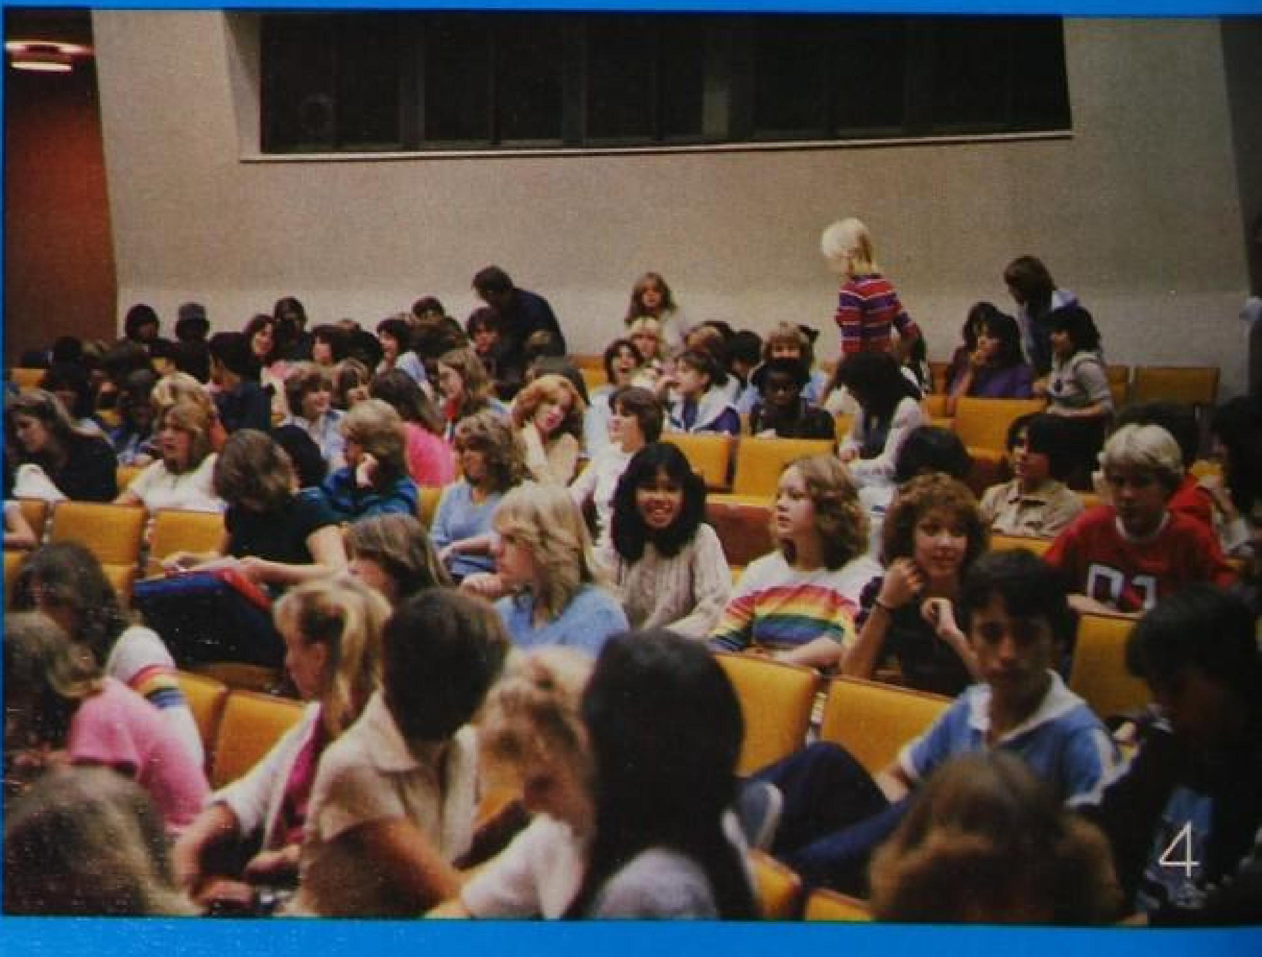

Freshman class president was Michelle Espaldon. She has already supervised jewelery selling. Michelle also plans to sell candy. Their goal for the year is $500.

Michelle's comments were "I think we'll do really well. Our class has a lot of class spirit and we have a big class."

Together the class presidents discussed their ideas and fund raisers concerning their classes. Being a class president takes many **responsibilities** and a position that's always being relied on to make a class more enjoyable.

STANDING

September, 1979, we entered the halls of Benicia High. Voices nervously asking where to go or what to do. We went through the change from childhood to a position of responsibility practically overnight. We were nearing adulthood. It was scary- every freshman would confess to that- but with a little brains and a lot of luck we pulled through, learning not just about school subjects, but about life also. There's not a day that goes by when we see some bewildered freshman who's confused and uncertain, but we don't help. Nobody helped us and we managed just fine.

Now we look back at that year. somehow all the strives and troubles fade away. All we remember are **the fun times.** or at least the learning times.

Our Sophomore year could be described as **"the middle child year."** When you're a sophomore you're above a freshman, but your still nobody. We finally stood up and began to notice what was going on at school. Rallies, sports, clubs, all played a large part in our lives. For once we were more than just followers, we were leaders, molding our class into a distinct personality that will remain with us long after we've departed. One of the best things about the Sophomore year is that we turned sixteen and earned our licenses-a combination every Sophomore looks forward to. By the end of the year there were no more myths or secrets about high school. It was all very real with evidence that the fun was over, and the work was about to begin.

1981 was a year of change. New administrators such as Mr. Mariman and Mr. Felt took over the roles of Principal, and the Dean of Students respectively. The Performing Arts Building, which had been under construction for most of our sophomore year, was then in full swing. Attitudes also changed in 1981. Those of us planning on working after graduation prepared through the help of W.E.E.P., our work experience program. Our junior year saw us rise to the top in fields. The Band competed in various competitions under the direction of Mr. Dalt Williams. The Panther's Marching Band ranked high in its class among many other Northern California Schools. Sports were also on the rise in '81. All athletes fought with pride in bringing our school among traditional league leaders. It was our gift to the eighties, a new look for Benicia High.

OVATION

Since we were Freshman, we've chanted "82" in **anticipation of graduation.** Now it is upon us, for many too soon, and for others, not soon enough. We were scared when we were Freshman, and we're still scared as Seniors. All those stories about "wait until you get out in the real world," are now ringing loud in our heads. Even though this is our last step before full fledge reality, we still manage to make it fun.

We're seniors now, and we're on top again. It took four years to do it, four hard years. We have just one more standing ovation - graduation.

Spectacular performers for the class of "82" were:

English - **Mariana Talbot,** and **Colleen Murphy.** Nominees for the National Council of English Writing Award.

Math - **Mark Hansen, Helen Tieks** and **Sue Smith,** all stood alone at the top. **Mark Hansen** scored the highest on the M.A.A. test for three years straight.

Band standouts were **Mark Hansen, Lori Knapek,** and **Pam Parr.** All three participated in the Solano County Honor Band for three years. They also were inducted into the Who's Who in High School Music, 1981. **Lori Knapek** and **Mark Hansen** also participated in America's Youth in Concert, summer tour of Europe, 1981. Lori Knapek was also elected into the Association of Jazz Educators, special recognition.

Our 1981-82 Honor Society president was **Pam Parr** and our Panther Yearbook editors were **Colleen Murphy** and **Robynn Thornton.**

Boys and Girls State representatives were **Eugene Williams** and **Robynn Thornton.**

Sports top performers were **Philip Olson** and **Tish Naldoza.** Phil holds Varsity letters in Football, Basketball, and Track and Tish lettered in Volleyball, Basketball, and Softball. She also was M.V.P. of league and All Region in Softball and Basketball.

A TRIBUTE . . .

to the class of NINETEEN EIGHTY-TWO

This page has been dedicated to the **Senior Class of 82.** It could be called a farewell, but we'd rather call it a tribute. The faces might be familiar and then again they might not. It's not important whether you know these people or not. It's only important that they are seniors. Some of these people may go on to become actors, athletes, doctors, lawyers, businessmen, secretaries, and maybe one will even be elected president of the United States.

In 1983, school will go on. There will be life after eighty-two. The doors won't close, the halls won't be empty, and we will be figures living on in our friend's memories. The exciting reality of our departure from BHS are our **future dreams and plans.**

The faces on these pages represent a multitude of characters. We, as a class, have a distinct personality. We are unique as we have learned and shared together as friends.

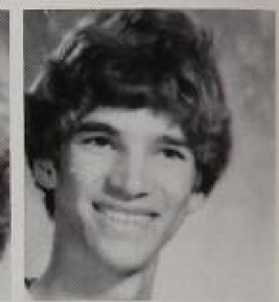

Thank you for sharing your space, time, love and care with your senior partners.

1. **Tish Naldoza** and **Sherry Beck** looking over their schedule for the last time.
2. **Cheryl McKarthy** having good times with her friends.
3. **Gina Long, Becky Alkire,** and **Mercedes Moreau** waiting to sign up for classes.
4. **Paula Young** and **Mike Barbour** cuddling up.
5. **Teri Pollock** and **Yvette Gregory** can't wait for lunch.

SHARING

The high school staff has worked hard this year and should be commended for the hundreds and hundreds of educational success stories that developed around our student body. Our student body is second to none in their demonstration of responsible behavior for young adults.

Both staff and students made a concerted effort this year to develop school and educational pride. The community came through as usual and supported the students with both moral support and financial support to help us to accomplish the goals we set out to complete.

Benicia High School is faced with tremendous growth. The pressures this brings to staff and studens is being met in a positive way. Everybody has met this challenge and has contributed to the success we are now experiencing at the high school.

(Vice Principal, Steve Iverson)

The 1981-82 school year has been very rewarding to me. I feel a sense of pride among students is being developed at Benicia High.

The enthusiasm, energy, and time the students are giving the high school are making it a better place.

The changes we have made in curriculum for the high achieving students will make it easier for students to enter the competitive atmosphere at universities and colleges.

The athletic program is in an upswing with our first football championship in twenty years.

Our test scores continue to reflect on the expertise of the staff at Benicia High and with the willingness of the students to do better, our scores will continue to climb.

I will miss the class of 1982, but they will not be forgotten. They have done a lot to make Benicia High a fine high school.

ENCORE

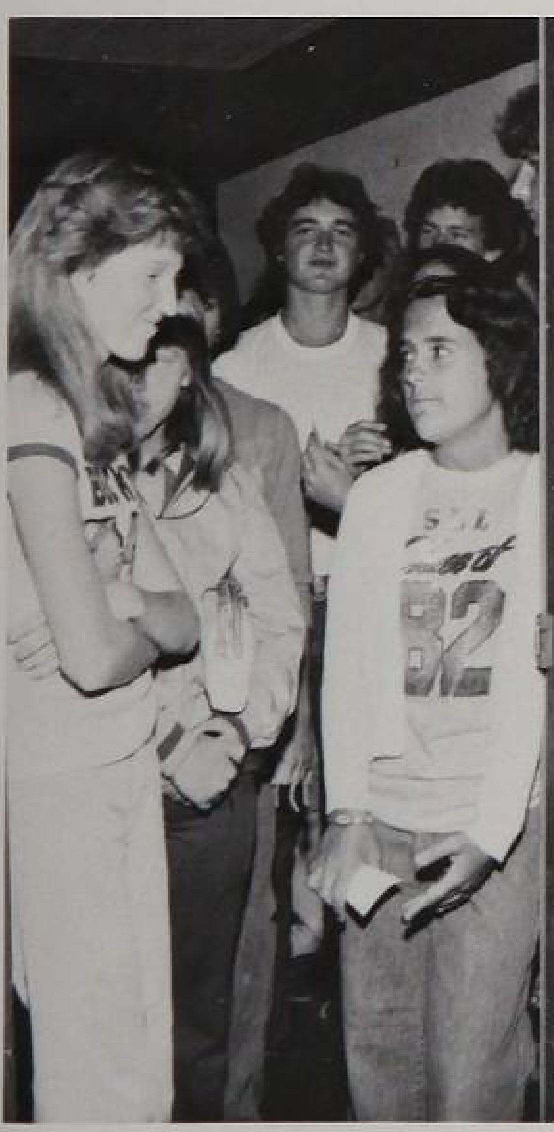

a look at our encore

THE LAST ENCORE

This year has been an **ENCORE.** The place has remained the same, but the people have changed. Everyone has shared growing pains. Now that the 81-82 school year is a memory, it is time to reflect on those moments that were special to us as groups and as individuals.

One very important reality of high school rewards is friendships. Our friends have laughed with us, cried with us, and listened to us. It is guaranteed that our friends will be there when we need them in the future, regardless of distance.

Once the cherished memories have been reviewed sufficiently, summertime will shift into first gear. It won't be until early September when everyone gathers together in the quad, the cafeteria, or one of the comfortable hallways that the achievements, adventures and discoveries of the vacation time can be throughly shared by groups of exciting people ready for another **ENCORE.**

NOW AND THEN . . .

Who has Power in Poland?

After months of labor unrest, the Polish government finally fought back to control their country. Military troops filled the streets under a martial law decree and Polish police rounded up thousands of unionists in an effort to reestablish communist power. It was an ugly sight as Poles killed Poles in a violent struggle for power.

Say Ch-e-e-e-s-e

In an effort to feed America's poor, President Reagan gave away more than 37 million pounds of surplus cheese. The cheese, which has been distributed voluntarily throughout the U.S. would ordinarily go to waste due to a Federal-Farm policy that encourages farmers to produce more than the market can bear.

Oh Atlanta!!!

Atlanta sighed in temporary relief as police charged Wayne Williams with the killings of two black males and possibly more. After two years and twenty nine murders, Atlanta officials hope they have their man, but the trial may not turn out favorably. But now there is hope that the nightmare is finally over.

Drunk But Not Driving

In late 1981, California Legislatures passed a law that made drunk driving a crime instead of just an offense. Offenders were subject to a stay in prison and considerable fines also. The law has already seen proof that it's working. Over the traditionally liquor-soaked News Year's Weekend, California reported only twenty traffic fatalities down from fourty seven that menaced the streets last year.

Sandra Day O'Connor

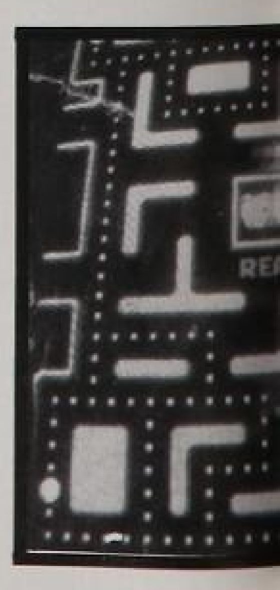

Sandra Day O'Connor is the first woman to be appointed to the Supreme Court, and she is also the youngest at age 51. A rancher's daughter from Arizona, Sandra Day O'Connor was the most visible female in the country in 1982. A woman with much drive, O'Connor has been called the hardest worker of all the justices.

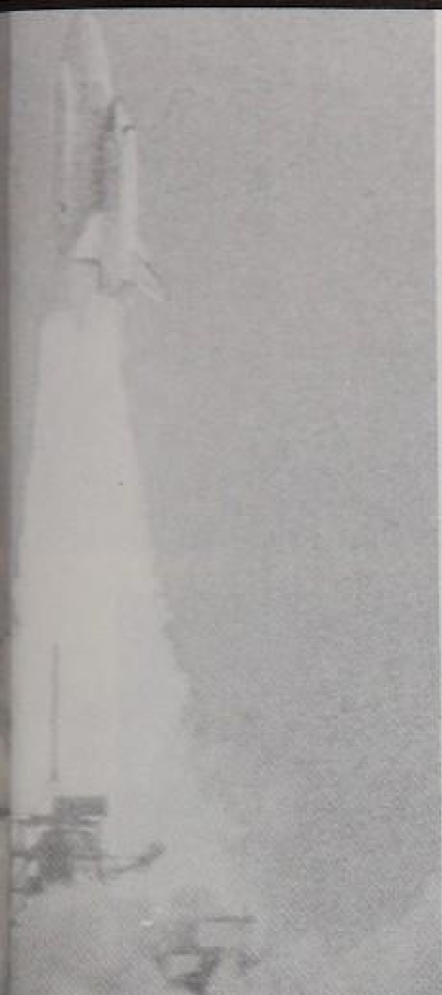

Trouble in El Salvador

Political unrest continues in El Salvador as left wing guerrillas fight against the reforming Duarte government. The U.S. has taken aim to assure democratic peace and with old Russian and Cuban communistic support. Back home many Americans feel that we are leading ourselves into another Vietnam, where nobody wins.

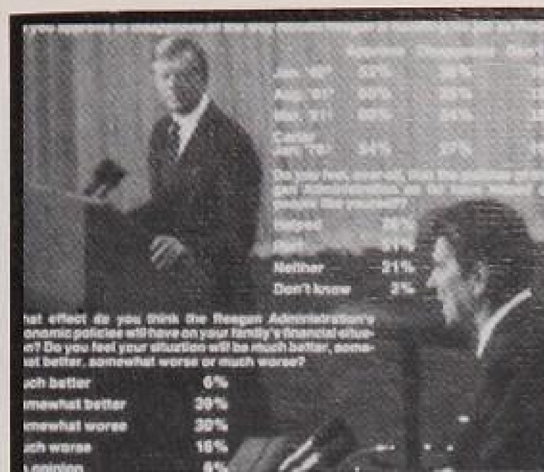

current events

One More Trip To Space

Mans technology keeps expanding out and up, up to the moon, far beyond earth, up to the stars. In 1982, space became even more familiar. The Columbia Space Shuttle was put into use, shooting up into the black never ending sky and successfully returning back to earth, able to make another safe trip. It was the first re-usable rocket sent into space. What's next? A trip to Mars to go grocery shopping?

The Public Speaks

The Gallup Organization interviewed by telephone 1,009 adults concerning the attitude towards the president. In Aug. of 81, 61% approved of the way Ronald Reagan is handling his job as President, 25% disapproved and 15% did not know. In Jan. of 82, Reagan's popularity decreased with 52% approving, 38% disapproving and 10% did not know. Statistics show that President Reagan's popularity is quickly but surely decreasing with time.

The Proud, The Free, The Jobless

As the unemployment lines are growing longer across the country, the jobless are discovering a painful lesson of Reaganomics; fewer of them are eligible for unemployment benefits and many who do receive benefits are getting smaller checks. The jobless in the U.S. takes on many faces and breaks into many patterns. Recent statistics showed unemployment reached the high of 17 million during the last three months of 1981. Until the problem of unemployment is solved, social unrest will continue, and we will all continue to suffer.

The Walshing Machine

Hail 49ers! Superbowl Champs! We finally made it! They came from behind the goal posts, below the field, from the bottom of the records. They rose up to their greatest season in history. When the red & gold marched into the Silverdome on Jan. 24, Superbowl Sunday, a piece of every 49er fan marched in also. As the buzzer ran out, the scoreboard held the royal score, SF 26, Cincinatti 21. From a 2-14 record, they rose to the leagues best 13-3 championship slate. As one spectator said, "First time in 36 years, Thank Walsh."

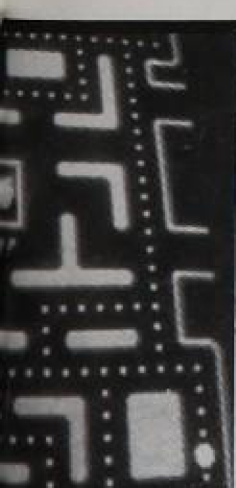

Reagan

At the end of its first year, the Reagan administration has done everything but dig its own grave. Campaigne promises changed, inflation and unemployment soared, and the foreign policies were in turmoil. The result of his errors is being seen in his second year with declining polls and rashed of critical press. Only now has his image began to improve, and policies begun to straighten from their previously torturous roads.

The Rains Came, and Came, and Came . . .

It was the year of death in destruction in Northern California. It lasted a long week leaving a death toll of 30, and property damage reaching $280 million. Mud slides poured down and blanketed whole communities leaving families with nothing but wreckage. The rains hit Benicia. Luckily it left us with little damage and no injuries, only muddy streets and flooded basements. It was the year of trauma and losses—a week of horror to be imprinted in our minds.

Pacman Fever

What nonsence is this? It's thrilling. It's tense! It's addictive! It's Pacman Fever and it's sweeping over the world! What is this machine that eats up your quarters and mesmorizes your mind while your hypnotic eyes follow the Pacman as he scuttles about eating dots? It's the newest addiction to '82! The Pacman video game and it's only 25¢ a game. Does Pacman only disappear when your quarters used up? Or does he have a life of his own?

Protesting the President

ERA All the Way!! Get U.S. out of El Salvador! Save the starving—sell your china! We don't want our money to build bombs! Stop putting the cuts on those who are already hurting! There's no jobs! We don't want big business as our government! The protests keep coming and the citizens grow angrier. Will we ever be satisfied? Will we ever get what we want?

ACHIEVERS . . .

The 1981 Boys and Girls State representatives were **Eugene Williams** and **Robynn Thornton.** The camp is dedicated to improving political knowledge.

Phillip Olson was the reciepient of the Elks Club Outstanding Student of the Month. It's awarded to a top student of the area.

The National Council of Teachers of English selected **Nanette Coats** and **Lillian Jacobsen** as finalists. They will compete in the national competition later this year. Lillian Jacobsen is not pictured.

The play Bourbon and Laundry starring **Andrea Gorman, Cindy Christansen,** and **Tina Moretti,** won a high ranking award. The award was based on their performance.

For the first year, the Florida Dept. of Citrus sponsored an Orange Juice Contest. Contestants were asked to write a story, draw an advertising sign, or write a short advertising slogan. Winners were **Karen Mortensen, Mike Manderschard, Dione Carston, Jim Dunlop, Dianna Di Angelo, Clay Portis, Curt Collier, Robert Yarbrough, Kristy Higgins, Ronnie Abansado, John Mc Fadden, Valdis Helliork, Jenny Lipari,** and **Heleen Tieks.**

Bank of America award winners were **Karen Espaloden, Lori Knapek,** and **Eugene Williams.** Honorable mention also went to **Cherrisha Sloat, Pam Parr, Suzanne Smith, Stacy Rowland, Michelle Hutchinson, Celeste Hulett, Richard Flynn, Mark Hansen, Heleen Tieks, Lisa Earp, Donna Tapp,** and **Marcella Chwala.** The awards were presented in the areas of science and mathematics, liberal arts, fine arts, foreign language, and social studies for exceptional talent in these fields.

Dawn Cook, Mark Hansen, Laurie Hatton, Sean Keegan, Lori and Karen Knapek, Bryan Nishimura, and Pam Parr were elected to the Solano County Honor Band. **Pam Parr** was named to the California Honor Band. **Steve Worth, Lori Hatton, Pam Parr, Josh Birnbaum and Lori Knapeck** were voted into the Who's Who in Music.

There were over twenty people directly involved with the mechanics of this year's yearbook. These people worked under the supervision and assistance of the advisor, **Miss Lee Pieper.** Throughout the year, there were countless ideas, problems, and successes. During the times of pressure, Miss Pieper's personality kept the class relaxed and happy, except around deadline time.

Colleen Murphy and **Robynn Thornton** took on a huge task when they agreed to be co-editors. Both girls are extremely creative which could possibly make this yearbook the best in Panther history. With a flare for organization, Colleen and Robynn managed a successful staff who worked

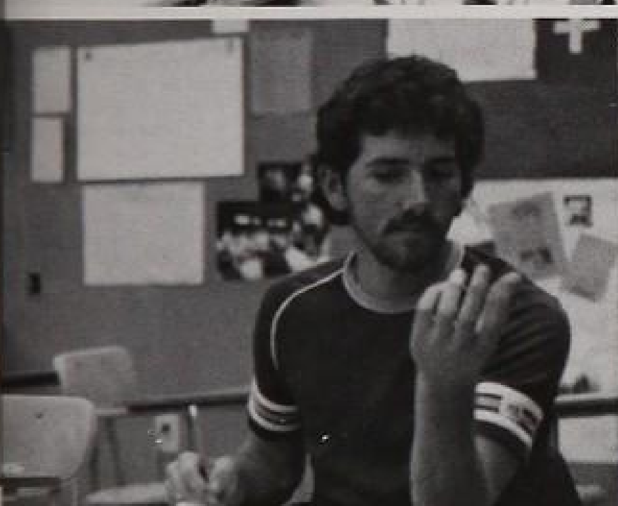

long hours to capture the excitement for the 1982 Panther. One word that only begins to describe the editors is **INCREDIBLE.**

For the past two years, **Donna Burns** has been the budget manager. She has been responsible for collecting sponsors to support our book. Each year the cost of the yearbook has increased for various reasons: photography equipment, labor, and production. Although the book did cost the students a few extra dollars this year, Donna is the reason why the book didn't cost even more. She has always worked hard to make the best deal at just the right time. She has a way of presenting herself to the public that is appreciated and respected. Thanks, Donna, for you special dedication.

the producers . . .

How it works!

This year's book consists of 208 pages. Each page, including pictures, copy, and graphics are individually arranged and drawn by a member of the yearbook staff. The "layout" is then presented to the editors for final approval and special instructions. Then, at the time of a deadline, there are six throughout the year, a certain number of pages are shipped to the production plant in Visalia.

Once the pages have reached the plant, Josten's Yearbook Company produces the book in sections of 16 pages called a signature. Before the book is put into the final state, a rough draft is sent to the editors for final inspection, changes, and approval. After the proofs have been checked and corrected the plant finishes up the book.

the fun!

Most successful endeavors have the benefit of a supporting cast of contributors. In our capacity as co-editors of the Panther Yearbook for 1981-82 we were fortunate to have the best supporting cast ever.

We take this opportunity to express our deepest and most sincere appreciation to the many individuals who contributed their time and energies to the successful completion of the 1981-82 Panther Yearbook. We consider you the real heroes.

We would like to give a special thanks to Brian and Rod of Jostens Staff for their expertise and patience. To our fabulous photographers, Mr. Bishop, Mr. Petullo and Mark Silva, to Mr. Mariman, the staff and faculty for their cooperation, understanding and support, to those Panther Yearbook staff members who stuck it out when the going got rough, to you a special thanks. We hope the experience was a meaningful one.

To Miss Pieper, without whose belief in us we could not have accomplished this monumental task successfully. Thanks for sharing and most of all caring.

Colleen & Robynn-Co/editors

______ your leaving. I hope you have some good memories of Benicia. Dont let the mexicans get to you in San José. Oh Yea, my cat forgives you for taking his temperature. Your's really a good looking country girl.

Vienna,
you know who you are & this is your book, but it's sort of a traditional opening for a yearbook to start off right so... I'm not going to tell you to have a nice summer or wish you good luck next year or anything like that so I guess there's nothing to say in this yearbook. I can say that I am glad we have become such good friends this year. You're a super friend to have. I enjoy talking & being with you and telling eachother our secrets. so I hope everything works out at your mothers. you better write this summer. Good friends our hard to come by but you're the ultimate. I really mean that. If you ever need me-I'll be here. You're one super special friend.
Love always
